1. DESCRIPTION OF PLAN

The following description of National Dentex Corporation Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of National Dentex, LLC (previously GDC Holdings, Inc.) (the "Company"). Employees must complete three months of service to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

The Company acquired Trident Dental Laboratories on October 4, 2018. The Trident Dental Laboratories 401(k) Plan was merged into National Dentex effective May 1, 2019. All acquired employees could participate in the National Dentex Plan once eligibility requirements were met.

Contributions – Participants may contribute up to 90% of pre-tax eligible compensation, as defined in the Plan, subject to certain limitations. Participants may change the percentage of their contribution on the first day of each month, and may suspend contributions at any time. Participants who have attained age 50 may also make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company matches participants' contributions to the Plan based on eligible compensation. The Company match calculation is an amount equal to 50% of the participant's deferral contributions subject to a maximum of 5% of their eligible compensation. The Company calculates and funds the matching contributions each payroll period. On April 10, 2020, the Company amended the Plan to remove the non-discretionary match and the continuing eligibility requirements for receiving the employer match and replaces it with a discretionary match per pay period with no eligibility requirements. The Company subsequently suspended all matching contributions through the end of the Plan year.

Discretionary profit-sharing contributions may be made as determined by the Company. No profit-sharing contributions were made in 2020 or 2019. Participants direct the investment of their contributions and Company contributions into a selection of mutual funds and common/collective trusts offered by the trustee.

Participant accounts – A separate account is established and maintained on behalf of each participant. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

1. DESCRIPTION OF PLAN (CONTINUED)

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Principal and interest are repaid through payroll deductions. Loans have a maximum term of five years or up to thirty years if the proceeds are used for the purchase of a primary residence. Participants may only have one loan outstanding at any given time and each loan is secured by the vested balance in the participant's account. Loans bear a fixed interest rate, determined by the Plan Administrator, based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate ranged from 6.00% to 6.50% for loans issued in 2020.

Vesting – Participants are at all times fully vested in their voluntary contributions and the actual earnings thereon. Participants vest in employer contributions in accordance with the following schedule or upon reaching the age of 65, at which time participants are fully vested in their employer contributions.

Years of Service	Vesting Percentage
Less than 1 year	0%
Greater than 1 year but less than 2 years	20%
Greater than 2 years but less than 3 years	40%
Greater than 3 years but less than 4 years	60%
Greater than 4 years but less than 5 years	80%
Greater than 5 years	100%

Forfeitures – Upon termination of a participant from the Plan before being fully vested, the non-vested portion of the participant's account is forfeited. The Plan allows the Company to offset Company contributions with participant forfeitures. Forfeitures in the amount of $24,562 and $112,000 were used to offset matching contribution for the years ended December 31, 2020 and 2019, respectively. At December 31, 2020 and 2019, unused forfeited balances amounted to $106,702 and $43,708, respectively.

Withdrawals and distributions – Hardship withdrawals are permitted from a participant's account, are limited to the balance in the account attributable solely to employee deferrals, and are limited to the amount of the financial hardship. In addition, in-service withdrawals from that portion of the participant's total vested account balance representing salary deferrals, matching contributions and profit-sharing contributions, are permitted upon reaching age 59½. Participants or their beneficiaries are entitled to a lump-sum distribution equal to their total vested account balance upon death, disability, retirement or termination of employment.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts and assets of the Plan will be allocated in accordance with the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Payment of benefits – Benefits are recorded when paid.

Risk and uncertainties – The Plan provides for various investment options in mutual funds and common/collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee ("Trustee") of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019;

- Net investment activity and interest income on notes receivable from participants as shown on the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019;

- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2020.

The Plans independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: (a) quoted prices for similar assets and liabilities in active markets, (b) quoted prices for identical or similar assets and liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019:

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts – composed primarily of a fully benefit-responsive investment contract that is valued at the NAV of units of the collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no imposed redemption restrictions and the Plan does not have any contractual obligations to further invest in the trust.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 85,577,372	$ -	$ -	$ 85,577,372
Investments measured at net asset value[(a)]	-	-	-	4,424,747
Total investments at fair value	$ 85,577,372	$ -	$ -	$ 90,002,119

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 81,503,996	$ -	$ -	$ 81,503,996
Investments measured at net asset value[(a)]	-	-	-	3,571,910
Total investments at fair value	$ 81,503,996	$ -	$ -	$ 85,075,906

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. TAX STATUS

The IRS has issued an opinion letter dated March 31, 2014 that the volume submitter plan document used by the Plan, as then designed, was in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel continue to believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 as of December 31:

	2020	2019
Net assets available for benefits per financial statements	$ 91,377,359	$ 86,670,791

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the year ended December 31:

	2020	2019

Adjustment from NAV to fair value for collective trust - current year	154,974	48,159
Net change in excess contributions payable	(9,738)	9,738
Net income per Form 5500	$ 4,803,645	$ 11,786,978

7. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of common collective trusts and mutual funds managed by affiliates of Fidelity Management Trust Company (Fidelity), the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, the transactions are exempt from the prohibited transactions rule under ERISA. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments.

8. COVID-19 PANDEMIC

On March 11, 2020, the World Health Organization declared the outbreak of coronavirus (COVID-19) a pandemic. As a result, economic uncertainties have arisen which are likely to negatively impact financial operations of the Company. The eventual effect of this pandemic on the Plan is unknown at this time.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law and has been adopted by the Plan. The following changes have been made to the Plan:

- Between January 1 and December 31, 2020, eligible participants may take a Coronavirus related distribution, penalty free, up to the lesser of 100% of their vested account balance or $100,000.
- Between March 27 and December 31, 2020, loan payments have been suspended.
- Required minimum distributions from the Plan have been waived for 2020.

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 5, 2021, the date the financial statements were available to be issued.
