Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information in Note 6, which was certified by Reliance Trust Company and Great-West Life & Annuity Insurance Company (Great-West), an affiliate of Empower Retirement, the trustee and custodian of the Plan, respectively, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee and custodian, Great-West, held the Plan's investment assets and executed investment transactions at December 31, 2020, and that Massachusetts Mutual Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2019, and for the period January 1, 2019 to December 31, 2020. The Plan administrator has obtained certifications from the trustee and custodians as of December 31, 2020 and 2019, and for the years then ended, that the information provided to the Plan administrator by the trustee and custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Supplemental Schedules

The Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2020, and the Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee and custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of Mizuho OSI 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1996 by Mizuho Orthopedic Systems, Inc. (the Company) to provide benefits to eligible employees as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Company has appointed the Administrative Committee (the Committee) to manage the operations of the Plan. The Company has contracted with Reliance Trust Company (Reliance) to act as the trustee and custodian. Prior to December 31, 2020, the Company contracted with Massachusetts Mutual Life Insurance Company (Mass Mutual) to act as custodian of the guaranteed investment contract and to be a third-party administrator to process and maintain the records of participant data. Effective December 31, 2020, the Company appointed Great-West Life & Annuity Insurance Company (Great-West), an affiliate of Empower Retirement, to be plan custodian of the guaranteed investment contract in place of Mass Mutual, and an affiliate of Great-West to act as recordkeeper. Substantially all expenses incurred for administering the Plan, other than certain asset management fees and participant-initiated transaction fees, are paid by the Company.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts may be used to pay Plan administrative expenses or reduce future employer contributions.

Payment of benefits – Benefits are recorded when paid.

Investment valuation and income recognition – The investments are reported at fair value and for the fully benefit-responsive investments at contract value. The Plan's trustee and custodians, Reliance, Great-West and Mass Mutual, respectively, certify the contract value of the guaranteed investment contracts and the fair market value of all other investments, respectively. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts and the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. No allowance for credit losses was recorded as of December 31, 2020 or 2019.

Income taxes – The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service dated March 31, 2014. The Company believes the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through September 15, 2021, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation technique used for assets measured at fair value. There have been no changes in the valuation technique used at December 31, 2020 and 2019.

Mutual and money market funds: Valued at the daily net asset value (NAV) closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual and money market funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	$ 49,109,219	$ -	$ -	$ 49,109,219
Total assets in the fair value hierarchy	$ 49,109,219	$ -	$ -	$ 49,109,219

	2019			
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	$ 39,753,668	$ -	$ -	$ 39,753,668
Total assets in the fair value hierarchy	$ 39,753,668	$ -	$ -	$ 39,753,668

NOTE 3 – SAGIC CORE BOND FUNDS

The Core Bond Funds are a market value separate account investment option with a general investment account guarantee that provides for a stated rate of return and insulates participants from daily fluctuations in the market. The general account guarantee protects the separate account from daily fluctuations in the bond market. Under the terms of the Core Bond Fund group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the Core Bond Fund investment option at contract value.

As previously discussed in Note 1, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts, and is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay Plan benefits and expenses. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan, and (2) the establishment or activation of, or material change in, any Plan investment fund, an amendment to the Plan, or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary, division, or as a result of group layoffs or early retirement programs. Consult the Plan's group annuity contract for further information. The Plan administrator has not expressed any intention to take either of these actions.

NOTE 4 – RELATED-PARTY TRANSACTIONS

The SAGIC Core Bond Fund is managed by Great-West and Mass Mutual, custodians of the Plan, and, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 5 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. The Plan also permits the automatic enrollment of participants into the Plan with a contribution of 3% of eligible compensation, unless the employee affirmatively elects otherwise. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Company is allowed to make discretionary matching contributions or other discretionary employer contributions to the Plan, as defined in the Plan and as approved by the Board of Directors. Effective August 1, 2019, the Company matched 50% of each eligible participant's contribution up to $4,500 per participant per year. From January 1, 2019 to July 31, 2019, the Company matched 50% of each eligible participant's contribution up to $3,000 per participant per year. The Company made no other discretionary employer contributions for the years ended 2020 and 2019.

Vesting – Participants are immediately vested in their contributions. Participants are fully vested in the employer's discretionary matching contribution allocated to their account after five years of credited service, and other discretionary employer contributions, if any, after six years of credited service.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contributions is based on eligible participant contributions or compensation as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in either lump sum or partial withdrawal distributions equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant-vested account balances that do not exceed $5,000.

Notes receivable from participants – The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2020, carry interest rates ranging from 4.25% to 6.50%.

NOTE 6 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, Great-West, and Mass Mutual, the trustee and custodians of the Plan, respectively, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.

- Investments reflected on the schedule of assets (held at end of year).

NOTE 7 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
