**SETTON PISTACHIO OF TERRA BELLA 401(K), INC. 401(K) PLAN**
**NOTES TO FINANCIAL STATMENTS**
**FOR THE YEAR ENDED DECEMBER 31, 2020**

**Note 1: Description of Plan:**

The following description of the Setton Pistachio of Terra Bella, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general general information. Particpants should refer to the Plan agreement for more information.

**General:**

The Plan, which was adopted on January 1, 1997, is a defined contribution plan covering all full time employees of the Company who have attained age 18, who have completed six months of service and are not a member of a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

**Contributions:**

Each year, participants may contribute up to 100% of pretax annual compensation to a maximum of $19,500, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Company nondiscretionary matching contributions are equal to fifty percent of the employees contribution to a maximum of six percent of covered compensation. In addition, the Company may make profit sharing contributions for eligible participants. The Company elected not to make any profit sharing contributions during the Plan year ended December 31, 2020.

**Note 1: Description of Plan: (continued)**

**Participant accounts:**

Each participant's account is credited with the participant's contributions and Company matching contributions as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:**

Participants are immediately vested in participants' contributions plus earnings thereon. a participant will be 100% vested in Company matching contributions after four years of credited service.

**Notes Receivable from Participants**

Participants may borrow from their account a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loan must be repaid with equal payments, not less than weekly within five years (unless the purpose of the loan is to purchase a principal residence). The loans bear interest at rates ranging from 4.25 to 6.5 percent and are secured by the balance in the participant's account. Principal and interest is paid ratably through monthly payroll deductions.

**Payment of benefits:**

On termination of service due to, death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

**Forfeited accounts:**

Forfeitures of unvested Company matching contributions from terminated participant accounts are retained by the Plan and may first be used to reduce future Employer contributions payable under the Plan. During the years December 31, 2020 and 2019 forfeitures were $5,454 and $16,187 respectively.

**Note 2: Summary of Significant Accounting Policies:**

**Basis of accounting:**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of estimates:**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and laibilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:**

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants:**
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

**Excess Contributions Payable:**
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable particpants prior to March 15, 2021.

**Payment of benefits:**

Benefits are recorded when paid.

**Note 2: Summary of Significant Accounting Policies: (continued)**

**Expenses:**
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value instruments.

**Note 3: Investments:**

Participants direct the investment of amounts credited to their accounts among various funds having different investment objectives. Such funds are held by John Hancock Life Insurance Company of New York ("John Hancock"), the trustee and custodian.

John Hancock has certified to the accuracy and completeness of investments and related income as reported in the accompanying financial statements and supplemental schedule. Refer to Schedule H for a detailed description of the investments.

**Note 4: Fair Value Measurements:**

Financial Accounting Standards Boards (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB (ASC) 820 are described as follows:

**Note 4: Fair Value Measurements (continued):**

Level 1: Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimze the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

**Note 4: Fair Value Measurements (continued):**

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. Government Securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

**DECEMBER 31, 2020**

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Availble for Benefits.

**Note 4: Fair Value Measurements (continued):**

**Investments measured using the Net Asset Value (NAV) per share practical expedient:**

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31,2020 and 2019, respectively:

(b) The fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securites and money market funds. Under the terms of the contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortrgage-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities). and shares of money market funds. The fund may also invest in futures contracts, option contracts The fair values of the investment have been estimated using the net asset per share of the investments.

**Note 5: Rollovers Contributions:**

The Plan allows for participants to rollover amounts from other qualified plans into their own accounts in the Plan. An aggregate of $66,819 was rolled into the Plan during the year ended December 31, 2020, and is included in rollovers on the statement of changes in net assets availalbe for benefits.

**Note 6: Related Party Transactions and Party-In-Interest Transactions:**

Certain Plan investments are managed by John Hancock Life Insurance Company of New York, the trustee and recordkeeper of the Plan, and, therefore, these transactions qualify as party in interest transactions.

Effective January 1, 2020, John Hancock Life Insurance Company of New York provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and John Hancock Life Insurance Company of New York. John Hancock Life Insurance Company of New York receives revenue from mutual fund service providers for services John Hancock Life Insurance Company of New York provides to the funds. This revenue is used to offset certain amounts owed to John Hancock Life Insurance Company of New York for its administrative services to the Plan.

If the revenue received by John Hancock Life Insurance Company of New York from such mutual fund service providers exceeds the amount owed under the MSA, John Hancock Life Insurance Company of New York remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020, there were no excess amounts. The Plan or Plan Sponsor may make a payment to John Hancock Life Insurance Company of New York for administrative expenses not covered by revenue sharing.

**Note 7: Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

**Note 8: Tax Status:**

The IRS has determined and informed the Company by a letter dated January 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 10: Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 pandemic and resulting global distruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Organization is not able at this time to estimate its full impact in the Plan's financial statements.

The Plan has implemented certain provisons under the Coronavirus Aid, Relief Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (The SECURE Act), which permit the Plan to among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, delay the commencement date for required minimum distributions and expand distribution options with favorable tax treatment. Certain optional features within this Acts have been implemented by the Plan. Written amendments to the Plan reflect these operational changes will be adopted in accordance with applicable law and IRS guidance.

**Note 11: Subsequent Events:**

The Plan has evaluated subsequent events through September 1, 2021, the date the financial statements were available to be issued.
