Note 1 - Description of Plan

The following description of the Republic Clothing Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a qualified defined contribution plan covering all employees of Republic Clothing Corp. (the "Company") who have completed six months of service, except non-resident aliens and union employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Extended the period for loan repayments, if applicable, up to one year
- Extended the maximum limit of loans to $100,000
- Required minimum distributions for the calendar year 2020 have been temporarily waived

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.

Participant Contributions

Each participant in the Plan can elect to contribute a percentage, between 2% and 20%, of their pre-tax annual compensation, as defined in the Plan, provided such amount will not cause the Plan to exceed certain limitations prescribed by the Internal Revenue Code ("IRC"). Participants age fifty or older who are making contributions to the Plan are allowed to make catch-up contributions as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. These amounts are credited to each participant's elective contribution account and rollover account, respectively.

Note 1 - Description of Plan (Continued)

Employer Contributions

The Company matched 16.66% of the amount of the participant's elective deferrals that do not exceed 6% of the participant's compensation for the plan year. Effective May 1, 2020, the Plan was amended to state the employer match amount will be determined by the employer equal to a discretionary percentage of a participant's elective deferrals. There was no discretionary employer match from May 1, 2020 through December 31, 2020.

In addition, the Company may, at its discretion, make an additional annual profit sharing contribution to the Plan not to exceed certain limitations prescribed by the IRC. These contributions are credited to the accounts of eligible participants. A participant shall be eligible to receive the additional contribution for such plan year if he/she has completed one year of service and is an active employee on the last business day of the plan year or was terminated during the plan year due to retirement, death or disability. No such profit sharing contribution was made for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, plan earnings or losses, and an allocation of discretionary profit sharing contributions and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover accounts, plus actual earnings thereon. Participants vest in the employer's matching and profit sharing contribution accounts as follows:

After Years of Service	Vested Interest
1	20%
2	40%
3	60%
4	80%
5	100%

Note 1 - Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct their elective and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common/collective trust accounts as investment options for participants.

Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The term of the loan is not to exceed five years unless the loan is used to buy a participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% as of the date of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

In the event of a participant's death or total and permanent disability, the participant or their beneficiary shall be entitled to receive the participant's entire accrued benefit. For termination of service for any other reason, a participant is entitled to receive their vested interest in their account. Payments are all made in lump-sum amounts.

Forfeitures

Forfeitures of the non-vested portion of the participant's matching and profit sharing contributions are used to reduce employer contributions or pay plan expenses. Forfeited non-vested accounts were insignificant at December 31, 2020 and 2019.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement - Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements on fair value measurements and is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

In accordance with the Plan, all administrative expenses may be paid out of the Plan unless paid by the Company. Fees related to the administration of notes receivable from participants and certain investment fees are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

Note 2 - Summary of Significant Accounting Policies (Continued)

Excess Contributions Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Note 3 - Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	December 31, 2020	December 31, 2019
Net assets:		
Common/collective trust	$ -	$ 1,233

	Year Ended December 31, 2020
Changes in net assets:	
Current year forfeiture	$ 4,960
Other income	67
Net appreciation in fair value	14
Plan expenses	(6,274)
	$ (1,233)

Note 4 - Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank ("Schwab"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value
- Net appreciation in fair value of investments
- Dividend income
- Schedule of assets (held at end of year)

Note 4 - Information Prepared and Certified by the Trustee (Continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 - Fair Value Measurements (Continued)

Common/collective trust accounts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, there are no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,178,173	$ -	$ -	$ 8,178,173
Investments measured at NAV practical expedient[(a)]				1,418,764
				$ 9,596,937

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,616,647	$ -	$ -	$ 6,616,647
Investments measured at NAV practical expedient[(a)]				1,743,750
				$ 8,360,397

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain plan investments are shares of a money market fund managed by Schwab, who is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The plan sponsor pays directly any other fees related to the Plan's operations.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 9,710,589	$ 8,450,727
Add: Excess contributions refundable	9,778	33,887
Net assets available for benefits per Schedule H of the Form 5500	$ 9,720,367	$ 8,484,614

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2020 to Form 5500:

Net increase per the financial statements	$ 1,259,862
Less: Prior year excess contribution refundable	(33,887)
Add: Current year excess contribution refundable	9,778
Net income per Schedule H of the Form 5500	$ 1,235,753

Note 9 - Tax Status

The Company has adopted a volume submitter plan sponsored by Sentinel Benefits Group Inc., who has received a letter dated November 30, 2020 from the IRS that the Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of the coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been a heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value in response to changing market conditions, which has been reflected within net appreciation in fair value of investments reported in the statement of changes in net assets available for benefits. Plan management will continue to monitor the impact COVID-19 has on the Plan and will reflect the results as appropriate in the Plan's financial records.

Note 11 - Subsequent Events

The Plan has evaluated subsequent events through September 28, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
