NOTE 1 - SUMMARY OF THE PLAN

Plan Description

The following description of the HomeDeliveryLink, Inc. 401(k) Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2001 and qualifies as a defined contribution retirement plan covering substantially all eligible employees of Home Delivery Link, Inc. (the "Company"). This Plan was established for the purpose of providing retirement benefits to eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(a) of the Internal Revenue Code ("IRC") of 1986, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan is administered by the Company. Reliance Trust Company is the asset custodian of the Plan effective July 1, 2016.

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan if they have completed three months of service. Once the eligibility requirements have been met, employees may enroll in the Plan on the first day of the month following the eligibility date. In order to be eligible for matching contributions, employees must be making 401(k) deferrals. For the discretionary employer contribution, each participant will be eligible regardless of service hours.

Contributions

The Company's eligible employees may contribute up to the 402(g) limit and/or the Actual Deferral Percentage (ADP) test limit for highly compensated employees. The 402(g) limits for 2020 and 2019 were $19,500 and $19,000, respectively. Participants may also rollover amounts representing distributions from other qualified plans. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).
The Company may make a discretionary matching contribution limited to 50% of the first 10% of employee compensation contributed as an elective deferral, subject to certain limitations for highly compensated individuals. For the years ended December 31, 2020 and 2019, the matching contributions amounted to $116,490 and $105,011, respectively.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant allocation of (a) the Company's matching contribution, (b) the Company's discretionary contribution, (c) the participant's contribution, (d) rollover contribution from other qualified plans, and (e) Plan earnings. Contributions made on behalf of the participants are invested in various funds according to participant elections. Participants may change investment elections at any time via internet access with Automatic Data Processing, Inc.'s Retirement Services.

Vesting

Participants are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Company contributions and any related earnings vest as follows:

Years of Service	Vested Interest (%)
One year of service	20
After two but less than three years of service	40
After three but less than four years of service	60
After four but less than five years of service	80
After five years of service or more	100

Company contributions and related earnings become fully vested if the participant reaches age 65, becomes permanently disabled or dies.

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contributions and related earnings are used first to pay administrative expenses, then to reduce matching and discretionary contributions to the remaining participants. For the years ended December 31, 2020 and 2019, $25,123 and $19,451, respectively, of forfeitures were used to reduce employer matching contributions, there was no forfeiture of corrective distributions during the years ended December 31, 2020 and 2019.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Notes Receivable from Participants

A participant may borrow a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of his or her vested account balance. The notes must be repaid within 5 years, unless for the purchase of a primary residence. The notes are secured by the balance of the participant's account. Principal and interest are paid ratably through payroll deductions. All notes must be adequately secured and accrue interest at the current prime rate published in *The Wall Street Journal* on the 14th of each month, plus two percentage points, 5.25% on December 31, 2020. This interest rate is effective for any loan processed as of the 16th day of the month. Current interest rates range from 5.50% to 7.50%. As of December 31, 2020, and 2019, the notes receivable from participants was $77,245 and $94,113, respectively.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and related earnings and one hundred percent (100%) of their pre-tax contribution as soon as administratively possible following death, retirement, termination or upon becoming disabled.

Any withdrawals made prior to the participant attaining age 59½ for any reason is subject to a 10% federal excise tax.

CARES Act Amendments

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") became law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. During 2020, the Plan adopted the following provisions to the Plan for qualified individuals, those who themselves or whose spouse/dependent was diagnosed with COVID-19 or experienced adverse financial consequences due to COVID-19:

- In-service withdrawals of up to $100,000 of vested balance available through December 31, 2020, after first taking all available loans from the Plan.
- A temporary additional loan and relaxation of current requirements for loans taken through September 22, 2020, based on the lesser of 50% of the vested account balance or $50,000.
- A temporary allowance for employees to defer loan repayments through December 31, 2020 for one year.

Plan management intends to formally amend the Plan regarding the above provisions by the required deadline of December 31, 2022. If the Plan is not formally amended for the above provisions, it will not be in compliance with the IRC.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") and in accordance with the Plan agreement. A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Administrative Expenses

For the Plan years ended December 31, 2020 and 2019, administrative expenses paid by the Company were $5,178 and $13,399, respectively.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded and are classified as level 1 investments.

Mutual funds are divided into four categories with each category having defined investment characteristics. The four categories are Income, Growth & Income, Growth, and Aggressive Growth. Income mutual funds emphasize current income generation through low risk dividends or interest payments. Growth & Income mutual funds have a dual strategy of capital appreciation and current income generation through dividends or interest payments. Growth mutual funds invest in growth stocks which are higher risk but tend to have growth faster than the average investment. Aggressive Growth mutual funds attempt to achieve the highest capital gains and invest in funds that demonstrate high growth potential, usually accompanied by a lot of fund price volatility.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE 3 - FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	As of December 31, 2020			
	Level 1	Level 2	Level 3	Total Fair Value

Total Investments	$ 2,332,295	$ -	$ -	$ 2,332,295

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All of the information related to investments and promissory notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustees of the Plan.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will be 100% vested in their account balances.

NOTE 6 - TAX STATUS

The Plan is based on the Prototype 401(k) and Profit Sharing Plan of Automatic Data Processing which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code. There may be changes from the date of the opinion letter, but the plan administrator believes that the Plan is still in compliance.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The information contained in the financial statements does not agree to the information contained in the Form 5500 as of and for the years ended December 31, 2020 and 2019. The difference is due to the recording of employee contributions receivable, employer contributions receivable, and corrective distributions.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	As of December 31,	
	2020	2019
Corrective distributions liability per the financial statements	$ 304	$ 28,074
Accrual of corrective distributions	(304)	(28,074)
Corrective distributions liability per the Form 5500	$ -	$ -

The following is a reconciliation of additions and deductions to net assets available for Plan benefits per the financial statements to Form 5500:

	2020
Net assets available for benefits per the financial statements	$ 3,141,968
Corrective distributions payable	304
Net assets available for Plan benefits per Form 5500	$ 3,142,272

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

The Plan has loans with its participants, which are considered parties-in-interest under ERISA. These transactions are considered exempt party-in-interest transactions under ERISA.

The Plan utilizes ADP Retirement Services 401k/Qualified Plan and Participant Recordkeeping Operations Services System, which is considered a party-in-interest under ERISA. The transactions that occur between the Plan and ADP are considered exempt party-in-interest transactions under ERISA.

NOTE 10 - CORRECTIVE DISTRIBUTIONS

For the Plan years ended December 31, 2020 and 2019, corrective distribution liabilities of $304 and $28,074, respectively, were recorded. These corrective distributions were paid in the Plan years subsequent to the years ended December 31, 2020 and 2019, and were made to certain active participants to return excess deferral and employer contributions, as required to satisfy the relevant non-discrimination provisions of the Plan for 2020 and 2019.

NOTE 11 - SUBSEQUENT EVENTS

The COVID-19 pandemic impacted the United States during 2020 and significantly disrupted financial markets, economies, and continues to have impacts subsequent to December 31, 2020. As noted in the risk and uncertainties note, investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. The Plan has evaluated and determined that no other events have occurred subsequent to the date of the statement of net assets available for benefits through September 29, 2021, the date which the financial statements were available to be issued, which require recording or disclosure in these financial statements.
