NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

1. DESCRIPTION OF THE PLAN

The following description of the DataPath, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Established on January 1, 2015, the Plan is a defined contribution plan covering all employees of DataPath, Inc. (the Company), with the exception of union employees, nonresident aliens, leased employees, and residents of Puerto Rico. Employees are eligible to participate upon reaching the age of 21 and completing two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company.

Contributions

Each year, participants may contribute a percentage of their annual compensation, as defined by the Plan, as pre-tax or Roth elective deferrals. Participants, who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2020, the Plan was amended to provide safe-harbor matching contributions to contributing participants and removed provisions that previously allowed matching and discretionary matching contributions. During the year ended December 31, 2020, the Company elected to match 100% of the first 3% of compensation and 50% of the next 2% of compensation, as defined by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Effective January 1, 2020, all active employees participating in the Plan became 100% vested in the employer portions of their accounts. Vesting for participants who terminated prior to January 1, 2020 is determined using a four-year graded vesting schedule that is based on years of credited service as follows:

Years	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

1. DESCRIPTION OF THE PLAN – CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loans bear interest at rates, which are commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through monthly payroll deductions.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), was signed into law. The CARES Act contains several provisions that temporarily impacted 401(k) plans, including a loan payment pause option and increased loan limits up to \$100,000. The Company incorporated these provisions into the Plan which were effective through December 31, 2020.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum amount or partial withdrawal with at least a minimum of \$1,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Effective January 1, 2020, a participant who has attained the age of 59 ½ may elect to withdrawal all or a portion of their account. Prior to this amendment, the in-service withdrawal age was 65. A participant may obtain an in-service hardship withdrawal, from his or her contributions subject to certain conditions and penalties, as defined in the Plan.

The CARES Act provisions also allowed the Plan's participants to take a COVID-19 related distribution of up to \$100,000 through December 31, 2020.

Forfeitures

The forfeiture accounts had a balance of \$20,159 and \$0 at the end of the plan years December 31, 2020 and 2019, respectively. Forfeited funds may be used to reduce future employer contributions or to pay Plan expenses. During 2020, approximately \$20,000 of forfeitures were used to offset employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and charges therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of the guaranteed investment contract which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded in the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees for participant requested distributions are charged directly to the participant's account and are included in administrative expenses. Expenses relating to specific participant transactions are charged directly to the participant's account. Investment related expenses are included in administrative expenses.

Subsequent Events

Management has evaluated subsequent events through September 30, 2021, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the custodian of the Plan) and Standard Insurance Company, the custodian of the fully benefit-responsive investment contract.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**DATAPATH, INC. 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

4. FAIR VALUE MEASUREMENTS - CONTINUED

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, with the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Quoted Prices in Active Markets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Description				
Mutual funds	\$ 11,868,057	\$ -	\$ -	\$ 11,868,057
Total investments at fair value	\$ 11,868,057	\$ -	\$ -	\$ 11,868,057

	Assets at Fair Value as of December 31, 2019			
	Quoted Prices in Active Markets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Description				
Mutual funds	\$ 9,808,514	\$ -	\$ -	\$ 9,808,514
Total investments at fair value	\$ 9,808,514	\$ -	\$ -	\$ 9,808,514

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains an investment in the Standard Stable Asset A, which is available through a rider to Standard Insurance Company's group annuity contract. Net deposits invested in the Standard Stable Asset A become part of Standard Insurance Company's general account, and there are no particular segregated or identifiable assets ascribed to the Plan's investment. Net deposits and interest credited become liabilities against Standard Insurance Company on the Plan's behalf. Daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions. Contract value is guaranteed by the full faith and credit of Standard Insurance Company; there are no wrap contracts supporting the liquidity of the fund.

**DATAPATH, INC. 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY – CONTINUED

As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract Value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2020 and 2019, the Plan was invested in the Standard's stable value fund. As the Standard is also the Plan's third-party administrator, these transactions qualify as party-in interest transactions. Fees incurred by the Plan for investment management services and loan administration are included in administrative expenses.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100 percent vested in their accounts in accordance with the terms and provisions of the Plan.

**DATAPATH, INC. 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

8. TAX STATUS

The Plan has adopted a volume submitter profit-sharing plan sponsored by Standard Retirement Services, Inc. The underlying volume submitter plan has received an advisory letter from the IRS dated March 31, 2014, stating that the form of the volume submitter plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore the related trust is tax-exempt. In accordance with Revenue Procedures 2010- 6 and 2005-16, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS advisory letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore believes the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
