(1) Description of plan

The following description of the Change Healthcare 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

Change Healthcare, LLC (the "Plan Sponsor") established a defined contribution plan to provide retirement benefits for employees of Change Healthcare, LLC and its subsidiaries. The Plan covers substantially all employees ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On June 1, 2020, the American Medical Alert Corp 401(k) Savings Plan merged into the Plan. Investments in the amount of $952,581 were transferred from the American Medical Alert Corp 401(k) Savings Plan into the Plan. Approximately $20,000 of the amount transferred related to notes receivable from participants. In addition, notes receivable from participants in the amount of $697,624 were also transferred into the Plan as a result of two additional acquisitions that occurred in May and June 2020.

(b) Contributions

Employees are immediately eligible to participate in the Plan upon hire. Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also make after-tax Roth contributions. Participants may also contribute certain amounts representing distributions from other qualified defined benefit or defined contribution plans. In order to participate, employees must make a minimum contribution of 1% of compensation, as defined in the plan agreements subject to certain IRC limits. The participant deferral percentage is limited to 75% of eligible compensation.

The Plan Sponsor matching contribution is 100% of the first 1% and 50% of the next 5% of each participant's contributions per pay period. Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

Newly eligible and rehired employees are automatically enrolled in the Plan at a deferral rate of 5% of their compensation unless the employee elects not to participate or elects a different deferral rate within thirty days. These participants shall have their deferrals automatically increased by 1% of compensation annually, up to a maximum deferral of 10%, unless elected otherwise by the participant.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, Plan Sponsor contributions, and allocations of investment earnings (losses) and administrative expenses. Allocations are based on participant contributions, compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's contribution is based on years of continuous service. Participants have no vesting until they become fully vested after two years of service.

(e) Notes receivable from participants

Each participant may borrow from his or her fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of his or her vested account balance. The loans are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 3.25% to 6.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Loan terms range from one to five years or over a reasonable period of time that may be longer than five years for the purchase of a primary residence. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

Upon termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum payment or partial withdrawals up to their entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution. If the vested balance of a participant's account is less than $1,000, the total vested balance is distributed as an automatic lump sum payment in cash.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures may be used to pay Plan expenses or to reduce future Plan Sponsor contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled approximately $558,000 and $361,000, respectively. In 2020, approximately $700,000 was used to reduce Plan Sponsor contributions and $36,000 was used to pay Plan expenses. In 2019, approximately $500,000 was used to reduce Plan Sponsor contributions and $84,000 was used to pay Plan expenses.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a federal tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to recordkeeping, investment advisory services, distributions administration, and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain other fees incurred by the Plan are included in net appreciation in fair value of investments. The Plan receives revenue sharing that is used to offset administrative expenses, with the excess being allocated to participant accounts.

(j) Plan changes

In 2020, the Plan implemented certain provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions of up to $100,000, allow loan repayments be deferred up to one year, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

(k) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Fidelity Management Trust Company ("Fidelity"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2020 and September 28, 2021, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividend income, and interest on notes receivable from participants for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for asset measurement at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

(i) *Mutual funds and money market fund:* Valued based on the funds' reported closing net asset values ("NAV") as of the last business day of the plan year. The funds are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Fair Value Measurements as of December 31, 2020 using the following inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 709,686,661	$ -	$ -	$ 709,686,661
Money market fund	651,698	-	-	651,698
Total assets in the fair value hierarchy	$ 710,338,359	$ -	$ -	710,338,359
Investments measured at NAV as a practical expedient (a)				21,972,304
Investments at fair value				$ 732,310,663

	Fair Value Measurements as of December 31, 2019 using the following inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 559,581,061	$ -	$ -	$ 559,581,061
Money market fund	418,263	-	-	418,263
Total assets in the fair value hierarchy	$ 559,999,324	$ -	$ -	559,999,324
Investments measured at NAV as a practical expedient (a)				13,194,434
Investments at fair value				$ 573,193,758

(a) The collective trust fund is measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019.

Description	Fair Value 12/31/2020	Fair Value 12/31/2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund	$ 21,972,304	$ 13,194,434	N/A	Daily	N/A

(5) Income tax status

The Plan Sponsor adopted a volume submitter plan which received a favorable advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which stated that the volume submitter plan was designed in accordance with the applicable sections of the IRC. The Plan has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has also been amended since receiving the advisory letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

Certain Plan investments are shares of mutual funds, a money market fund, and a collective trust fund managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 747,178,505	$ 587,716,347
Difference in value of collective trust fund	769,565	177,894
Plan sponsor contributions receivable	(844,806)	(1,056,685)
Participant contributions receivable	-	(603,137)
Net assets available for benefits per the Form 5500	$ 747,103,264	$ 586,234,419

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2020 and 2019:

	2020	2019
Change in net assets available for benefits per the financial statements	$ 159,462,158	$ 171,874,497
Change in value of collective trust fund	591,671	315,872
Change in plan sponsor contributions receivable	211,879	717,428
Change in participant contributions receivable	603,137	(56,962)
Change in net assets available for benefits per the Form 5500	$ 160,868,845	$ 172,850,835

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Qualitative Assessments

Area	Detail
Qualitative Aspects of Accounting Practices – Accounting Policies	Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new significant accounting policies were adopted and the application of the existing policies was not changed during 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.
Qualitative Aspects of Accounting Practices – Estimates	Accounting estimates are an integral part of the Plan's financial statements and are based on management's knowledge and experience, as well as certain assumptions. Certain accounting estimates are particularly sensitive due to: (i) their significance to the financial statements; and (ii) because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements relate to management's estimate of the fair value of the Plan's investments. Investments are carried at fair value as determined on the last day of the Plan year, as described in Note 4 to the financial statements. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.
Qualitative Aspects of Accounting Practices – Disclosures	Financial statement disclosures are neutral, consistent and clear.
Corrected and Uncorrected Misstatements	While professional standards require communication of all misstatements identified during the audit that are more than trivial in nature and magnitude to management, we are pleased to report that no such misstatements were identified as a result of our audit procedures.

Interaction With Management, Independence and Other Matters

Area	Detail
Difficulties Encountered in Performing the Audit	For purposes of this report, "difficulties" may include matters such as: • the unavailability of, or significant delays in management providing information, • an unreasonable time frame within which to complete the audit, • extensive unexpected effort required to obtain audit evidence, or • restrictions imposed on the auditor by management. We encountered no significant difficulties in performing and completing our audit.
Disagreements with Management	For purposes of this report "disagreements with management" include matters that, individually or in the aggregate, could be significant to the Plan's financial statements or the auditors' report---regardless of whether they were satisfactorily resolved. Examples of such matters include, but are not limited to, the application of accounting principles to a specific transaction, the basis for management's judgments about accounting estimates, and the scope of the audit. We are pleased to report that no such disagreements arose during the course of our audit.
Management Consultations with Other Independent Accountants	If management were to consult with other accountants about the application of an accounting principle to the Plan's financial statements or the type of auditors' opinion that may be expressed on those statements, professional standards require the consulting accountant to confer with us to determine that the consultant has all relevant facts. To our knowledge, there were no such consultations with other accountants.
Management Representations	We have requested certain representations from management that are included in the management representation letter dated September 28, 2021.
Independence	We are not aware of any relationships between our firm and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence that have occurred during the period from January 1, 2020, through the date of this report.
Other Findings or Issues	We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year both prior to, and subsequent to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

Internal Control Related Matters

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, we considered the Plan's internal control ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of the Plan's financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on the financial statements.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Recent Auditing Standard

The American Institute of Certified Public Accountants Auditing Standards Board has issued a new standard that is intended to provide new performance requirements for ERISA plan financial statement audits. The new standard changes the form and content of the related auditor's report. As part of the auditor's acceptance of the audit engagement, the new standard requires the auditor to request plan management (sponsor/administrator) to acknowledge, in the engagement letter, management's responsibilities for:

- maintaining a current plan instrument,
- administering the plan, and
- providing the auditor with a substantially complete draft Form 5500 prior to the dating of the auditor's report.

In addition, the auditor is required to obtain certain written management representations at the conclusion of the engagement regarding those responsibilities. Under the new standard, an audit performed pursuant to ERISA Section 103(a)(3)(C) will no longer be referred to as a "limited scope audit" but rather going forward will be referred to as an "ERISA Section 103(a)(3)(C) audit". The standard includes new acknowledgements related to management's responsibilities when management elects to have an ERISA Section 103(a)(3)(C) audit, including for determining whether:

- such an audit is permissible,
- the investment information is prepared and certified by a qualified institution,
- whether the certification meets DOL requirements, and
- whether the certified investment information is appropriately measured, presented, and disclosed in accordance with the applicable financial reporting framework.

The new standard is effective for audits of periods ending on or after December 15, 2021, with early adoption allowed.
