Note 1 - Plan Description

The following description of Pax8 401(k) Plan (the "Plan") provides only general information. The Plan was effective beginning on January 1, 2018. Participants and all others should refer to the plan agreement for a more complete description of the Plan's provisions.

The management of Pax8, Inc. (the "Company") administers the Plan. Voya Retirement Insurance and Annuity Company (the "Custodian" or Voya) serves as custodian, manages plan assets, and maintains the Plan's records. The Custodian offers plan participants a variety of investment options through various pooled separate accounts and a benefit-responsive contract. Individual accounts are invested in the various investment options at the direction of the participants.

General

The Plan is a defined contribution plan established during 2018 covering all employees of Pax8, Inc. who have completed 90 days of service or 1,000 hours in a 12-consecutive-month period, excluding union employees, leased employees, nonresident aliens, and interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make before-tax or after-tax Roth 401(k) contributions up to 100 percent of their annual eligible compensation, as limited by the Internal Revenue Service (IRS). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Employee contributions to the Plan are made through regular payroll deductions.

Newly eligible employees who do not affirmatively elect to have a specific deferral percentage contributed or opt out of deferring into the Plan will automatically have 6 percent of their eligible compensation deferred into the Plan.

Certain participant contributions in 2020 were paid after the time frame required by the Department of Labor. The Company remitted these contributions and related lost earnings to the Plan in 2021.

The Plan allows the Company to make a discretionary employer matching contribution based on an amount and percentage of employee salary deferral contributions, as approved by the board. During 2020, the board approved a match up to 2 percent of eligible compensation.

The Plan also allows for the Company to make a discretionary annual profit-sharing contribution, which is allocated using a formula that meets the nondiscrimination requirements of the Internal Revenue Code.

During 2020, the Company made discretionary employer matching contributions of $625,619. During 2020, the Company did not make any discretionary annual profit-sharing contributions.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. The notes receivable are secured by the balance in the participant's account and, as of December 31, 2020, bear interest at rates that range from 4.25 percent to 5.75 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator. The notes receivable mature at various dates through January 2026. The notes receivable terms shall not exceed five years from the date of the loan, with the exception of notes receivable used to acquire a primary residence, which term is determined by the plan administrator upon issuance of the loan. Principal and interest are paid ratably through monthly payroll deductions.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, the maximum amount a participant could borrow was increased to $100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020.

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, if any, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account unless the participant's account has investments in guaranteed income for life products, in which case the participant may elect to receive an annuity form of payment instead of a lump-sum payment for those investments.

The Plan allows in-service distributions and partial distributions to participants age 65 or older who have not terminated employment with the Company. Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to $100,000 from their participant accounts without being subject to the IRS 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 25 percent after one year of service, and an additional 25 percent per year thereafter until they become fully vested after four years of service.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. The Company allocates forfeitures to participants based on the participant's compensation, as defined. Allocations of forfeitures are considered additional company contributions and are subject to the vesting provisions of company contributions. At December 31, 2020 and 2019, forfeited account balances totaled $11,632 and $603, respectively.

The Plan used approximately $8,000 for the year ended December 31, 2020 to reduce employer contributions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by the Custodian or its affiliates. These transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. In addition, the Plan provides for notes to participants. These transactions also qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The pooled separate accounts are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. See Note 3 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 30, 2021, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Investments measured at net asset value at December 31, 2020 and 2019 were as follows:

	2020	2019
Pooled separate accounts:		
Equity investments (1)	$ 1,402,581	$ 462,617
Fixed-income investments (2)	352,168	72,108
Retirement year-based investments (3)	4,760,090	1,685,834
Total	$ 6,514,839	$ 2,220,559

(1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.

Note 3 - Fair Value Measurements (Continued)

(2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stocks, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

There were no unfunded commitments or redemption restrictions on the investments described above. There were no changes to the valuation techniques used during the years under audit.

Note 4 - Unaudited Information

Voya holds the Plan's investments and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Voya.

Note 5 - Unallocated Investment Contract

The Plan has a benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting but may not be less than 0 percent. When establishing interest crediting rates for this product, Voya considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer’s general account.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Note 6 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service. The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.
