NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of Monroe Capital LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established under Section 401(k) of the Internal Revenue Code (the "Code"), covering all eligible employees of Monroe Capital, LLC (collectively the "Company" or "Employer"). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. From January 1, 2020 to October 27, 2020, Mid-Atlantic Trust Company was the trustee of the Plan ("Mid-Atlantic"). Effective October 28, 2020, Voya Retirement Insurance and Annuity Company was the trustee of the Plan ("Voya"). Collectively, Mid-Atlantic and Voya are referred to as the "Trustees".

Eligibility. Employees of the Company are eligible to participate in the Plan upon reaching twenty-one (21) years of age and completion of six months of service (minimum 1,000 hours of service provided). An employee's entry date will be the first day of the month following the date they satisfy the Plan's eligibility requirements.

Participant Contributions. Participants may voluntarily elect to contribute their pre-tax and/or their post-tax compensation as defined in the Plan subject to federally mandated limits established by the Code. Participants who reach age 50 by the end of the Plan year may make additional catch-up contributions.

The Plan accepts rollovers and transfers as defined in the Plan document. Rollover contributions consist of contributions from other employers' plans, which employees have elected to include with the Plan.

Employer Contributions. The Employer is required to make safe harbor contributions for participants employed as of the end of the Plan year. The Employer safe harbor contributions equal 3% of eligible compensation, as defined. The Employer may also elect to make discretionary Employer profit sharing contributions or discretionary Employer matching contributions as provided within the summary Plan description. For the year ended December 31, 2020 and 2019, the Employer did not elect to make any discretionary contributions.

In no event shall the contributions credited to a participant's account for any Plan year, either separately or when combined with Employer contributions, exceed the allowable deductions for federal income tax purposes.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of (a) the Employer contribution, if any, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses, provided any are allocated to the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. Participants may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Vesting. Participants are fully vested in their contributions and Employer safe harbor non-elective contributions plus actual earnings thereon. Additional discretionary Employer profit sharing contributions or discretionary Employer matching contributions vest 100% after three years of service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms may be no greater than 5 years except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate with local prevailing rates as determined quarterly by the Plan's administrator ("Plan Administrator"). Principal and interest is paid ratably through periodic payroll deductions. Participants are only allowed one loan outstanding and are prohibited from refinancing loans.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payments of Benefits. Benefit payments are generally paid in a lump sum as soon as practicable after employment with the Company has ended. Participants may elect to defer commencement of distributions until April of the calendar year, after the later of the calendar year in which they attain the age of 70-1/2, or the calendar year in which the participant retires. For terminated participants with a balance greater than $5,000, their balances will be automatically rolled over to an individual retirement account. Until such time as the funds are distributed, the participant is entitled to receive a pro rata share of fund earnings. Benefits may also be paid directly to an eligible retirement plan as an eligible rollover distribution. In-service hardship distributions are permitted in accordance with the terms of the Plan.

Forfeitures. Forfeited balances of terminated participants are used to offset the amount of future Employer contributions as well as pay Plan expenses. During the year ended December 31, 2020, $221,976 and $5,229 of forfeitures were used to reduce Employer contributions and pay Plan administrative expenses, respectively. Forfeited non-vested accounts totaled $464,554 as of December 31, 2020.

Plan Amendment. Effective January 1, 2021, the Plan adopted an amendment which eliminates existing eligibility requirements as defined in the Plan provisions, including the age and service requirements.

Economic Conditions. In March 2020, government agencies announced warnings related to the Coronavirus ("COVID-19"). Any potential decline in economic activity in the U.S. and other regions of the world as a result of the virus may have an adverse impact on the Plan's Assets.

Recent Legislation. The Coronavirus Aid Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act allowed for Coronavirus-related distributions and loans to participants through the end of 2020 and has specific rules related to the qualification, distribution and repayment of such distributions and loans.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Cash and Cash Equivalents. The Plan considers all liquid investments with original maturities of three months or less to be cash equivalents.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes Plan's gains and losses on investments bought and sold as well as held during the year (unrealized).

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits. Benefits are recorded when paid.

Administrative Costs. Certain administrative expenses, including functions performed by officers or employees of the Employer, are provided by the Employer at no charge to the Plan, and the Employer has no plans to obtain reimbursement of these expenses from the Plan.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEES OF THE PLAN ASSETS

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by the Trustees, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Trustees that such information is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income and interest income – notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Note 4: All investment balances.
- The schedule of assets held for investment purposes at end of year as of December 31, 2020, as shown on Form 5500, Schedule H, Part IV, Line 4i

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020.

Mutual Funds. Valued at closing price reported on the active market on which the mutual funds are traded.

Stable Value Collective Trust Fund. A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value ("NAV") of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification to ensure securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested.

NOTE 6 – RELATED PARTY TRANSACTIONS

Various investments are managed by a related party to the Trustee of the Plan. These transactions are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

NOTE 7 – TAX STATUS

The Plan obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for investing in numerous funds, which invest in various types of investment securities and in various companies within various markets. Investment securities, generally, are exposed to several risks, such as interest rate, market, and credit risks. Due to the level risk associated with the funds, it is reasonably possible that changes in the values of the funds will occur in the near term and such changes could materially affect the amounts reported in the financial statements and supplementary schedule.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2020 through September 28, 2021, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.
