APERCEN PARTNERS 401K PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description –

The following description is provided for information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Apercen Partners 401k Plan (the Plan) is a defined contribution plan adopted by Apercen Partners LLC (the Company). The Plan was amended and restated effective January 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Amendments

In 2020, the Plan implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which allow certain eligible individuals to receive coronavirus-related distributions of up to $100,000 and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility

Employees become eligible to participate upon attaining age 19. Employees are eligible to make salary deferral contributions to the Plan and receive employer matching contributions the first of the month after their date of hire. Employees must work 1,000 hours during the plan year and be employed on the last day of the plan year to be eligible for discretionary profit sharing contributions. Union employees and non-resident aliens are not eligible to participate in the Plan.

Contributions

Participants may elect to make pre-tax salary deferral contributions, not to exceed annual limitations specified in the Plan. Pre-tax salary deferral contributions cannot exceed the amount allowable under Section 415 of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may also make after-tax Roth 401(k) deferral contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions equal to 100% of the matched participant contributions up to 1% of the participant's compensation, plus 50% of the amount of the matched participant contributions that exceed 1% of the participant's compensation but does not exceed 6% of the participant's compensation. The Company may also make discretionary profit sharing contributions as determined annually by the Company's board of directors. No profit sharing contributions were made to the Plan during 2020.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a Vanguard Target Retirement Date fund based on age until changed by the participant.

(continued)

1. Plan Description – (continued)

Contributions (continued)

Participants whose 401(k) deferrals are less than 10% of their compensation will automatically have their deferrals increased 1% each January 1 until their deferrals equal 10% of their compensation. Participants may elect not to have their deferrals increase automatically.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contributions, as well as allocations of plan earnings. Discretionary contributions are allocated in the same proportion that each participant's eligible compensation bears to the total eligible compensation of all participants. Participant accounts are charged with plan losses and an allocation of administrative expenses that are paid by the Plan. Plan earnings and losses are allocated based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their pre-tax salary reduction contributions, Roth contributions, rollover contributions, and related earnings. Participants are 100% vested after two years of service in their employer match contributions and related earnings. Participants vest 25% each year, and become 100% vested after four years of service in their employer profit sharing contributions and related earnings. Upon termination of employment, any nonvested amount of employer-derived contributions is forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. Loan terms range from one to five years with longer term loans available for the purchase of a primary residence. The loan interest rate, determined quarterly, is set at the Prime Rate plus 2.00%. The Prime Rate was 3.25% and 4.75% at December 31, 2020 and 2019, respectively. Interest rates on outstanding loans range from 5.25% to 7.25% at December 31, 2020. Principal and interest are paid ratably through payroll deductions.

Normal Retirement

Normal retirement age is 65. Participants vest 100% in their account balances at age 65, although actual payment of benefits may generally not begin until the participant is entitled to a distribution under terms of the Plan.

Payment of Benefits

A participant or a participant's beneficiary is entitled to 100% of the account balance in the event of permanent disability or death, or their vested balance at retirement. In addition, participants may obtain hardship withdrawals, as defined by the Plan. Vested benefits of $5,000 or less are distributed in a single lump-sum as soon as practicable after the event occurs that entitles a participant to a distribution. Vested benefits that exceed $5,000 are distributed either in a single lump-sum payment or installments over a period not more than the participant's life expectancy.

(continued)

APERCEN PARTNERS 401K PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description – (continued)

Payment of Benefits (continued)

Pursuant to the SECURE Act enacted, effective operationally January 1, 2020, the age at which required minimum distributions must begin was increased from 70 ½ to 72.

Pursuant to the CARES Act enacted, effective March 27, 2020, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

Additionally, the CARES Act permitted Plan participants to request up to $100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Forfeitures

At December 31, 2020 and 2019 forfeited nonvested accounts totaled $20,411 and $64,888, respectively. These accounts will be used by the Company to pay plan expenses or to reduce future employer contributions. During 2020, the Company used $85,124 in forfeitures to reduce employer contributions and to fund corrective contributions.

Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their employer contributions.

2. The Plan and Summary of Significant Accounting Policies –

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements, in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that may affect certain amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee/custodian. See Note 4 for a discussion of fair value measurements.

(continued)

2. The Plan and Summary of Significant Accounting Policies – (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on the fair value as of the end of the plan year. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

Payment of Benefits

Benefits paid to participants are recorded when paid. There were no benefits requested before year-end that were not paid.

Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

3. Certified Investments –

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2020 and 2019, and investment income for the year ended December 31, 2020 that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee/custodian of the Plan.

4. Fair Value Measurements –

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market account: Valued at the NAV of shares held by the Plan at year end.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

4. Fair Value Measurements – (continued)

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,058,782	$ -	$ -	$ 8,058,782
Money market account	-	176,225	-	176,225
Investments at fair value	$ 8,058,782	$ 176,225	$ -	$ 8,235,007

5. Related-Party Transactions and Party-in-Interest Transactions –

Matrix Trust Company is the trustee/custodian, as defined by the Plan. Abbey Hill Financial Advisors, LLC is the investment advisor for the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services during 2020 were $54,662.

6. Nonexempt Prohibited Transactions –

During the plan years ended December 31, 2020 and 2019, the Company failed to remit certain participant contributions totaling $443 and $423,766, respectively, to the Plan within the period prescribed by DOL regulations. The Company determined the lost earnings on late remittances to be approximately $1 the year ended December 31, 2020. The 2020 late remittance amounts were fully paid in 2020 and were fully corrected in 2021. The Company determined the lost earnings on the late remittances to be approximately $749 for the year ended December 31, 2019. The 2019 late remittance amounts were fully paid in 2019 and were fully corrected in 2020.

7. Tax Status –

The Company adopted a volume submitter plan sponsored by CCH Incorporated, DBA ftwilliam.com. The volume submitter plan sponsor obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

8. Risks and Uncertainties –

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In addition, it is possible that the Plan could be adversely affected in subsequent periods by future economic disruptions caused by the COVID-19 pandemic and the associated governmental responses.

9. Concentrations –

Investments that represent 10% or more of the Plan's total investment balance were as follows:

Investment	December 31, **2020**	December 31, 2019
Vanguard Target Retirement 2055 Fund Investor Shares	**$ 1,270,059**	$ 1,006,919
Vanguard Total Bond Market Index Funds Admiral Shares	**1,083,659**	879,293

10. Subsequent Events –

The Plan has evaluated subsequent events through September 29, 2021, the date at which the financial statements were available to be issued.
