Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Document Storage Systems, Inc. 401(k) Plan, (the "Plan"), which comprise the statements of net assets available for plan benefits at December 31, 2020, and 2019, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the Custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodians hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the Custodians as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the Custodians is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1 – Description of the Plan

The Document Storage Systems, Inc. 401(k) Plan (the "Plan") was established on January 1, 1998. The Plan is sponsored by Document Storage Systems, Inc. (the "Sponsor") and maintained for the exclusive benefit of its employees and their beneficiaries. The terms of the Plan permit employees to make elective contributions to the Plan out of their compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description, which is available from the Plan Administrator, for a more complete description of the Plan's provisions.

Plan Amendments

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. These requirements change the Plan to allow certain eligible individuals to receive coronavirus-related relief, including but not limited to, the modification of loan provisions and repayments, the suspension of required minimum distributions, and the authorization of coronavirus-related distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Plan management adopted the following provisions for adoption:

- On or after April 20, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of $100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.

- Qualified individuals with outstanding loans on or after April 20, 2020 were permitted to request that their loan payments be deferred through December 31, 2020. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.

- The normal loan limits were increased from $50,000 to $100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after April 20, 2020 and before September 23, 2020.

Plan Administration

The Plan is jointly administered by EJ Reynolds, Inc. (the "record-keeper"), and the Sponsor. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great West") has been appointed to serve as the Custodians of the Plan's assets. Under the terms of the agreement, the Custodians maintain the Plan assets in accordance with the Plan's group annuity contract and invests all Plan assets, in accordance with the participants' instructions, in various funds offered from time to time under the Plan. Seaside National Bank and Trust ("Seaside") is the investment advisor for the Plan.

Note 1 – Description of the Plan, continued

Eligibility

An employee of the Sponsor is eligible for participation in the Plan if he or she has attained age 21 and has completed three (3) months of service. The entry date for the Plan is the first day of the month coinciding with or next following the date on which an employee meets the eligibility requirements.

Contributions

Each year, participants may elect to contribute up to 75% of his or her compensation before taxes. Contributions cannot exceed the limitations stated in Section 402(g) of the Internal Revenue Code ("IRC"). Employee contributions may not exceed $19,500 for the year ended December 31, 2020. If a participant is over age 50 they are eligible to make catch up contributions; the amount of catch up contributions for the year ended December 31, 2020 was $6,500. A participant may change his or her contribution at any time during the year.

The Plan is referred to as a "safe harbor 401(k) plan". The Sponsor makes safe harbor matching contributions equal to 100% of the participant's salary deferrals that do not exceed 3% of the participant's eligible compensation plus 50% of the amount of the participant's deferral next 2% of salary deferrals, not to exceed 5% of the participant's compensation.

Roth deferrals are not allowed in the Plan.

The Plan also allows for a discretionary employer match. There was no discretionary employer match for the year ended December 31, 2020.

Vesting and Forfeitures

Each participant is 100% vested in their own contributions, the Sponsor's safe harbor contributions and related investment earnings. For any discretionary employer match, the vesting is 100% after three (3) years of service. A year of service is earned in each fiscal plan year in which an employee completes at least 1,000 hours of service.

Forfeited Accounts

Forfeited non-allocated balances of terminated participants' accounts may be used to pay the Plan's administrative expenses or reduce employer contributions. At December 31, 2020 and 2019, the balance of the non-vested forfeited account was $4,849 and $4,799, respectively.

Rollovers

The Plan accepts rollover distributions from eligible retirement plans.

Participant Accounts

The Plan maintains separate accounts for each participant. Participant accounts are credited with each participant's contributions, employer matching contributions, and reduced by benefit distributions. Participant accounts are further credited or charged with their pro rata share of the earnings or losses of the total investments in each investment fund.

Note 1 – Description of the Plan, continued

Participant Accounts, continued

On March 27, 2020, Congress enacted the CARES Act, which allows Plan participants who have been diagnosed with COVID-19 (including a spouse or dependent), or participants who have suffered financial hardship due to the pandemic the ability to receive COVID-19 related distributions from their 401(k) accounts. This relief requires that a participant certify they have been impacted by COVID-19 in order to qualify. Qualified participants had the option to take a coronavirus ("CV") distribution from June 2, 2020 to December 31, 2020 from their vested account balances. They were able to take as many CV distributions as they so chose; however, the aggregate amount was not to exceed the lesser of $100,000 or the participant's vested account balances. The CV distributions were not subject to the early distribution penalty or mandatory income tax withholding. Participants still employed by the Company or a subsidiary may elect to repay all or a portion of the CV distribution(s) to the Plan within three years.

Additionally, the CARES Act waived the required minimum distributions from 401(k) accounts for 2020. As a result, the required minimum payments were not made automatically, however Plan participants had the option to elect to receive their minimum payment. Plan participants who had already received their required minimum distribution in 2020 prior to the enactment of the CARES Act had the opportunity to roll those funds back into their 401(k) account.

Payment of Benefits

Participants may elect to receive lump a sum distribution upon termination, retirement, disability, death, or attainment of age 59 ½. The Plan also allows for hardship distributions based on proven financial need, as defined by the IRC. The Plan automatically can distribute participant accounts with balances less than $5,000 upon termination of employment. If the participant's account balance is between $1,000 and $5,000, the distribution may be taken in cash or rolled into an Individual Retirement Account ("IRA") account or another qualified plan. As a result of the CARES Act, the Plan allowed participants to take coronavirus distributions for qualified individuals as defined by the CARES Act.

Notes Receivable from Participants

Participants may borrow from their Plan accounts subject to a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance, except as noted in Note 1 related to the CARES Act. Loan terms range from one (1) to five (5) years or longer for the purchase of a primary residence. The maximum number of loans granted in any twelve (12) consecutive month period shall be one (1) and the participant may only have one (1) loan outstanding at a particular point in time. The loans are secured by the balance in the participant's account and bear an interest rate of prime plus 1% (3.25% and 5.75% at December 31, 2020 and 2019). Principal and interest are repaid ratably through payroll deductions. As a result of the CARES Act, the Plan allowed participants to elect to defer loan payments until January 1, 2021.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. The Sponsor has elected for the Plan to pay the audit fees incurred by the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for investments in fully benefit-responsive investment contracts ("FBRICs"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FBRICs are reported at contract value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a FBRIC with Great West through a Key Guaranteed Portfolio Fund ("Key Fund"). See Note 4 for discussion on the contract with insurance company. See Note 5 for discussions of fair value measurements.

Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, which are then reinvested. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based on the terms of the Plan documents.

As a result of the CARES Act, the Plan allowed participants to elect to defer loan payments until January 1, 2021.

Benefit Payments

Benefits payments to participants are recorded upon distribution.

Date of Management's Review

Subsequent events were evaluated through October 28, 2021, which is the date the financial statements were available to be issued.

Note 3 – Investments as Certified by the Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 (certification) and 29 CFR 2520.103-8 (limitation of scope) of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by the Custodians. The Custodians of the Plan have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits at December 31, 2020 and 2019, and the schedule of assets (held at end of year) at December 31, 2020, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2020.

Note 4 – Contract with Insurance Company

The Plan has a group annuity contract with Great-West that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. At December 31, 2020, the Plan Administrator does believe that such events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed for reset on a quarterly basis.

Note 5 – Fair Value Measurements

GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. GAAP establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The following three (3) levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: The fair value of the Plan's interest in the common collective trusts reflects the NAV of the common collective trust, as reported by the fund manager. The fair value of certain investments held within the common collective trust are calculated using the net asset value per unit practical expedient; and accordingly, have not been classified in the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis at December 31:

	2020			
	Fair Value	(Level 1)	(Level 2)	(Level 3)
Mutual funds	$ 43,381,933	$ 43,381,933	$ -	$ -
Investments measured at NAV(a)	1,927,296			
Total investments at fair value	$ 45,309,229			

	2019			
	Fair Value	(Level 1)	(Level 2)	(Level 3)
Mutual funds	$ 34,902,387	$ 36,025,136	$ -	$ -
Investments measured at NAV(a)	1,122,749			
Total investments at fair value	$ 36,025,136			

a) In accordance with the Accounting Standards Codification ("ASC") Subtopic 820-10 as amended by the Accounting Standards Update ("ASU") No. 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Note 6 – Income Tax Status

The Plan is a prototype plan, sponsored by EJ Reynolds, Inc., designed in accordance with applicable sections of the IRC. EJ Reynolds, Inc. received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan has been amended since receiving this letter; however, the Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and have concluded that at December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Parties-in-Interest

Parties-in-interest are defined under the DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor, and certain others. The following transactions represent party-in-interest transactions to the Plan:

- The Plan accepts and services loans as described in Note 1. Notes receivable from participants totaled $896,042 and $836,243 at December 31, 2020 and 2019, respectively.

- Administrative expenses, including amounts paid to the Custodians, were $33,171 for the year ended December 31, 2020. The Plan Sponsor may pay certain fees and expenses of the Plan.

Note 8 – Plan Terminations

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 – Risk and Uncertainties

Investments

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Coronavirus Pandemic

In March 2020, the World Health Organization designated COVID-19 a pandemic. COVID-19 had a significant effect on overall economic conditions in nearly all regions around the world. The COVID-19 pandemic has caused volatility in financial markets and may continue to affect the market price of the Plan assets. Due to the uncertainty of the duration and the continued effects of this pandemic, the near-and long-term financial effects cannot be reasonably estimated at this time.

Document Storage Systems, Inc. 401(k) Plan
Juno Beach, Florida

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Document Storage Systems, Inc. 401(k) Plan, (the "Plan"), which comprise the statements of net assets available for plan benefits at December 31, 2020, and 2019, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the Custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodians hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the Custodians as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the Custodians is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1 – Description of the Plan

The Document Storage Systems, Inc. 401(k) Plan (the "Plan") was established on January 1, 1998. The Plan is sponsored by Document Storage Systems, Inc. (the "Sponsor") and maintained for the exclusive benefit of its employees and their beneficiaries. The terms of the Plan permit employees to make elective contributions to the Plan out of their compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description, which is available from the Plan Administrator, for a more complete description of the Plan's provisions.

Plan Amendments

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. These requirements change the Plan to allow certain eligible individuals to receive coronavirus-related relief, including but not limited to, the modification of loan provisions and repayments, the suspension of required minimum distributions, and the authorization of coronavirus-related distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Plan management adopted the following provisions for adoption:

- On or after April 20, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of $100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.

- Qualified individuals with outstanding loans on or after April 20, 2020 were permitted to request that their loan payments be deferred through December 31, 2020. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.

- The normal loan limits were increased from $50,000 to $100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after April 20, 2020 and before September 23, 2020.

Plan Administration

The Plan is jointly administered by EJ Reynolds, Inc. (the "record-keeper"), and the Sponsor. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great West") has been appointed to serve as the Custodians of the Plan's assets. Under the terms of the agreement, the Custodians maintain the Plan assets in accordance with the Plan's group annuity contract and invests all Plan assets, in accordance with the participants' instructions, in various funds offered from time to time under the Plan. Seaside National Bank and Trust ("Seaside") is the investment advisor for the Plan.

Note 1 – Description of the Plan, continued

Eligibility

An employee of the Sponsor is eligible for participation in the Plan if he or she has attained age 21 and has completed three (3) months of service. The entry date for the Plan is the first day of the month coinciding with or next following the date on which an employee meets the eligibility requirements.

Contributions

Each year, participants may elect to contribute up to 75% of his or her compensation before taxes. Contributions cannot exceed the limitations stated in Section 402(g) of the Internal Revenue Code ("IRC"). Employee contributions may not exceed $19,500 for the year ended December 31, 2020. If a participant is over age 50 they are eligible to make catch up contributions; the amount of catch up contributions for the year ended December 31, 2020 was $6,500. A participant may change his or her contribution at any time during the year.

The Plan is referred to as a "safe harbor 401(k) plan". The Sponsor makes safe harbor matching contributions equal to 100% of the participant's salary deferrals that do not exceed 3% of the participant's eligible compensation plus 50% of the amount of the participant's deferral next 2% of salary deferrals, not to exceed 5% of the participant's compensation.

Roth deferrals are not allowed in the Plan.

The Plan also allows for a discretionary employer match. There was no discretionary employer match for the year ended December 31, 2020.

Vesting and Forfeitures

Each participant is 100% vested in their own contributions, the Sponsor's safe harbor contributions and related investment earnings. For any discretionary employer match, the vesting is 100% after three (3) years of service. A year of service is earned in each fiscal plan year in which an employee completes at least 1,000 hours of service.

Forfeited Accounts

Forfeited non-allocated balances of terminated participants' accounts may be used to pay the Plan's administrative expenses or reduce employer contributions. At December 31, 2020 and 2019, the balance of the non-vested forfeited account was $4,849 and $4,799, respectively.

Rollovers

The Plan accepts rollover distributions from eligible retirement plans.

Participant Accounts

The Plan maintains separate accounts for each participant. Participant accounts are credited with each participant's contributions, employer matching contributions, and reduced by benefit distributions. Participant accounts are further credited or charged with their pro rata share of the earnings or losses of the total investments in each investment fund.

Note 1 – Description of the Plan, continued

Participant Accounts, continued

On March 27, 2020, Congress enacted the CARES Act, which allows Plan participants who have been diagnosed with COVID-19 (including a spouse or dependent), or participants who have suffered financial hardship due to the pandemic the ability to receive COVID-19 related distributions from their 401(k) accounts. This relief requires that a participant certify they have been impacted by COVID-19 in order to qualify. Qualified participants had the option to take a coronavirus ("CV") distribution from June 2, 2020 to December 31, 2020 from their vested account balances. They were able to take as many CV distributions as they so chose; however, the aggregate amount was not to exceed the lesser of $100,000 or the participant's vested account balances. The CV distributions were not subject to the early distribution penalty or mandatory income tax withholding. Participants still employed by the Company or a subsidiary may elect to repay all or a portion of the CV distribution(s) to the Plan within three years.

Additionally, the CARES Act waived the required minimum distributions from 401(k) accounts for 2020. As a result, the required minimum payments were not made automatically, however Plan participants had the option to elect to receive their minimum payment. Plan participants who had already received their required minimum distribution in 2020 prior to the enactment of the CARES Act had the opportunity to roll those funds back into their 401(k) account.

Payment of Benefits

Participants may elect to receive lump a sum distribution upon termination, retirement, disability, death, or attainment of age 59 ½. The Plan also allows for hardship distributions based on proven financial need, as defined by the IRC. The Plan automatically can distribute participant accounts with balances less than $5,000 upon termination of employment. If the participant's account balance is between $1,000 and $5,000, the distribution may be taken in cash or rolled into an Individual Retirement Account ("IRA") account or another qualified plan. As a result of the CARES Act, the Plan allowed participants to take coronavirus distributions for qualified individuals as defined by the CARES Act.

Notes Receivable from Participants

Participants may borrow from their Plan accounts subject to a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance, except as noted in Note 1 related to the CARES Act. Loan terms range from one (1) to five (5) years or longer for the purchase of a primary residence. The maximum number of loans granted in any twelve (12) consecutive month period shall be one (1) and the participant may only have one (1) loan outstanding at a particular point in time. The loans are secured by the balance in the participant's account and bear an interest rate of prime plus 1% (3.25% and 5.75% at December 31, 2020 and 2019). Principal and interest are repaid ratably through payroll deductions. As a result of the CARES Act, the Plan allowed participants to elect to defer loan payments until January 1, 2021.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. The Sponsor has elected for the Plan to pay the audit fees incurred by the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for investments in fully benefit-responsive investment contracts ("FBRICs"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FBRICs are reported at contract value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a FBRIC with Great West through a Key Guaranteed Portfolio Fund ("Key Fund"). See Note 4 for discussion on the contract with insurance company. See Note 5 for discussions of fair value measurements.

Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, which are then reinvested. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based on the terms of the Plan documents.

As a result of the CARES Act, the Plan allowed participants to elect to defer loan payments until January 1, 2021.

Benefit Payments

Benefits payments to participants are recorded upon distribution.

Date of Management's Review

Subsequent events were evaluated through October 28, 2021, which is the date the financial statements were available to be issued.

Note 3 – Investments as Certified by the Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 (certification) and 29 CFR 2520.103-8 (limitation of scope) of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by the Custodians. The Custodians of the Plan have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits at December 31, 2020 and 2019, and the schedule of assets (held at end of year) at December 31, 2020, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2020.

Note 4 – Contract with Insurance Company

The Plan has a group annuity contract with Great-West that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. At December 31, 2020, the Plan Administrator does believe that such events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed for reset on a quarterly basis.

Note 5 – Fair Value Measurements

GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. GAAP establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The following three (3) levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: The fair value of the Plan's interest in the common collective trusts reflects the NAV of the common collective trust, as reported by the fund manager. The fair value of certain investments held within the common collective trust are calculated using the net asset value per unit practical expedient; and accordingly, have not been classified in the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis at December 31:

	2020			
	Fair Value	(Level 1)	(Level 2)	(Level 3)
Mutual funds	$ 43,381,933	$ 43,381,933	$ -	$ -
Investments measured at NAV(a)	1,927,296			
Total investments at fair value	$ 45,309,229			

	2019			
	Fair Value	(Level 1)	(Level 2)	(Level 3)
Mutual funds	$ 34,902,387	$ 36,025,136	$ -	$ -
Investments measured at NAV(a)	1,122,749			
Total investments at fair value	$ 36,025,136			

a) In accordance with the Accounting Standards Codification ("ASC") Subtopic 820-10 as amended by the Accounting Standards Update ("ASU") No. 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Note 6 – Income Tax Status

The Plan is a prototype plan, sponsored by EJ Reynolds, Inc., designed in accordance with applicable sections of the IRC. EJ Reynolds, Inc. received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan has been amended since receiving this letter; however, the Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and have concluded that at December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Parties-in-Interest

Parties-in-interest are defined under the DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor, and certain others. The following transactions represent party-in-interest transactions to the Plan:

- The Plan accepts and services loans as described in Note 1. Notes receivable from participants totaled $896,042 and $836,243 at December 31, 2020 and 2019, respectively.

- Administrative expenses, including amounts paid to the Custodians, were $33,171 for the year ended December 31, 2020. The Plan Sponsor may pay certain fees and expenses of the Plan.

Note 8 – Plan Terminations

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 – Risk and Uncertainties

Investments

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Coronavirus Pandemic

In March 2020, the World Health Organization designated COVID-19 a pandemic. COVID-19 had a significant effect on overall economic conditions in nearly all regions around the world. The COVID-19 pandemic has caused volatility in financial markets and may continue to affect the market price of the Plan assets. Due to the uncertainty of the duration and the continued effects of this pandemic, the near-and long-term financial effects cannot be reasonably estimated at this time.
