Nordson Corporation Union Employees Stock Ownership Plan
Westlake, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Nordson Corporation Union Employees Stock Ownership Plan (the "Plan"), which comprise the Statement of Net Assets Available for Benefits as of December 21, 2020 and December 31, 2019, and the related Statement of Changes in Net Assets Available for Benefits for the period January 1, 2020 through December 21, 2020 and the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 21, 2020 and December 31, 2019, and the changes in net assets available for benefits of the Plan for the period January 1, 2020 through December 21, 2020 and the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Reportable Transactions for the period January 1, 2020 through December 21, 2020 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

1 Description of Plan

The following description of the Nordson Corporation Union Employees Stock Ownership Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a non-contributory, defined contribution plan covering certain hourly employees of Nordson Corporation ("Company") covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 28, 1988, an employee stock ownership plan and trust was established for the benefit of eligible employees. Effective October 1, 2000, the stock ownership plan was merged into the Nordson Hourly-Rated Employees' Savings Trust Plan and an ESOP feature was created under that plan. Effective December 31, 2006, the ESOP feature was spun off into a separate plan, the Nordson Corporation Union Employees Stock Ownership Plan.

The Plan was restated, effective January 1, 2016, to incorporate all prior amendments and to state the terms of the related trust in a separate agreement. The Plan was amended, effective April 1, 2018, to modify the process for handling disability claims and appeals.

Effective December 21, 2020, the assets of the Plan were merged into the Nordson Hourly-Rated Employees' Savings Trust Plan.

Eligibility:

Certain hourly employees of the Company who are covered by a collective bargaining agreement are eligible upon completion of one hour of service. All persons who were participants in the Nordson Hourly-Rated Employees' Savings Trust Plan on December 30, 2006 and had, on that date, a separate ESOP account under that plan, became participants as of December 31, 2006.

Effective November 30, 2017, participation in the Plan was closed to new participants.

Contributions:

The Company contribution for each Plan year shall be such amount, if any, as the Board of Directors of the Company shall determine by action specifying the amount of the contribution and the Plan year for which it is being made. The employer's contribution can be paid in either cash or Nordson Corporation common shares or partly in each. For 2020 and 2019, there were no contributions to the Plan.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

1 Description of Plan, Continued

Contributions, Continued:

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

Voting Rights:

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account, and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is required to vote any unallocated shares and allocated shares for which instructions have not been received in the same proportions as it votes shares for which instructions were received.

Participants' Accounts:

Separate accounts are maintained for each participant. The participant account balances are adjusted for the employer contributions and forfeitures, which are allocated to each participant's account in the ratio that each participant's annual compensation bears to the aggregate annual compensation of all participants. If the employer makes a stock contribution, each participant will receive at least one share of Nordson Corporation common stock. Participant accounts are also adjusted for the change in fair value and earnings of assets.

Vesting:

Participants vest in their separate accounts 20% for each full year of service.

Forfeitures:

Forfeitures due to termination from the Plan before a participant is 100% vested shall be allocated to remaining participants. Forfeitures allocated were \$0 (2020 and 2019). Forfeitures available to be allocated were \$0 as of December 31, 2020 and December 31, 2019.

Payment of Benefits:

If the employment of a participant is terminated for any cause other than death or total disability prior to the attainment of the age of 55 years, any lump sum or rollover distribution will be based on the vested portion of the participant's account balance. Any portion not vested at the time of termination (other than due to death, permanent disability or attainment of age 55) shall be forfeited.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

1 Description of Plan, Continued

Payment of Benefits, Continued:

Upon retirement after age 55, or death or disability, if earlier, or termination of employment in the case of vested benefits, the balance in the separate account is paid to the participant or beneficiaries in a lump sum payment. Participants who have reached age 70 1/2 are subject to the required minimum distribution rules. The participant or beneficiaries may elect to receive the distribution in cash or common shares of Nordson Corporation. Until distribution, each account shall be eligible to participate in the allocation of dividends and earnings.

Participants can also elect to have cash dividends distributed when received by the Plan rather than reinvested in their separate accounts. Any dividends that are reinvested are 100% vested.

Effective October 1, 2017, the nonforfeitable balance of a participant's distribution accounts of \$1,000 or less will be distributed in a single sum payment, as soon as reasonably practicable, following the participant's settlement date.

Benefit payments to participants are recorded upon distribution.

Diversification:

An employee who has participated under the Plan for 10 or more years and who has attained age 55 may elect, during the qualified period, to transfer up to 25% of the aggregate balance of their separate account to the Nordson Hourly-Rated Employees' Savings Trust Plan. For the last Plan year in the qualified period, the participant may elect to transfer up to 50% of the aggregate balance of their separate account. The qualified period is the six Plan year period beginning with the Plan year following the Plan year in which the participant attains age 55 or completes 10 years as a participant, whichever is later.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Investment Valuation:

Investments in equity securities traded on a national exchange and mutual funds are valued at the market price on the last business day of the Plan year.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

2 Summary of Significant Accounting Policies, Continued

Investment Valuation, Continued:

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses:

Certain legal, accounting and administrative expenses are paid by the Company.

Risks and Uncertainties:

Prior to December 21, 2020, the Plan's investments included investments in common stock and money market funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through September 17, 2021, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

3 Tax Status

On September 7, 2016, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 21, 2020, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

Accounting guidance defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be reported at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

The guidance also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described as follows:

- * Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- * Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- * Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

4 Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used to measure fair value of assets held in the Plan. There have been no changes in methodologies used at December 31, 2019.

Money Market Funds: The money market funds are public investment vehicles that are valued with a Net Asset Value ("NAV") of \$1. This NAV is a quoted price in an active market, thus these investments are classified within Level 1 of the hierarchy.

Nordson Corporation Common Stock: The stock is valued at the closing price reported on the NASDAQ stock exchange and is classified within Level 1 of the hierarchy.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2019:

	Fair Value Measurements Using Input Type:			
	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 61,973	\$ -	\$ -	\$ 61,973
Nordson Corporation Common Stock	11,836,188	-	-	11,836,188
Total Investments Measured at Fair Value	<u>\$ 11,898,161</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,898,161</u>

5 Administration of Plan Assets

Prior to December 21, 2020, the Plan's assets, which consisted principally of the common stock of the Company, were held by John Hancock Trust Company, LLC, the Trustee of the Plan. Company contributions were held and managed by the Trustee, which invested cash received, interest and dividend income and made distributions to participants.

Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

6 Party-in-Interest Transactions

Certain legal, accounting and administrative expenses were paid by the Company. Prior to December 21, 2020, the Plan also invested in the common stock of the Company. In addition, the Plan had arrangements with various service providers and these arrangements qualified as party-in-interest transactions.
