CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Care.com 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Care.com, Inc. and participating employers, (collectively, the "Company") covering substantially all employees who have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

As further discussed in Note H, effective January 1, 2021 the Plan merged with and into the IAC/InterActiveCorp Retirement Savings Plan and the Plan ceased to exist as a separate plan as of that date.

Contributions

Participants may contribute pre-tax or Roth after-tax contributions of up to 90% of their annual compensation (as defined by the Plan), subject to Internal Revenue Code ("IRC") limitations. Newly eligible participants are automatically enrolled in the Plan and must contribute 3% of their pre-tax compensation, unless they affirmatively elect otherwise. Participants who are at least age 50 may make an additional pre-tax or Roth "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

Participant contributions may be matched by the Company at a percentage of the participant's contributions, as determined by the Company. Participants must be employed on the last date of the plan year to receive the matching contribution. During 2020, the Company matched participant contributions equal to 50% of the first 4% of a participant's eligible compensation, up to a maximum match of 2% of participant's eligible compensation.

The Company may also elect to make discretionary non-elective contributions. Participants must be employed on the last date of the plan year to receive the matching contribution. The Company did not make a discretionary non-elective contribution during 2020.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting

Participant accounts are fully vested at all times in their contributions, non-elective contributions for participants hired prior to September 1, 2015, and the income earned thereon. Otherwise, a participant's interest in the Company's matching contributions, non-elective contributions for participants hired after September 1, 2015, and earnings thereon vests according to the following schedule:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
1 year	0%
2 years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Any remaining forfeitures will be allocated to pay Plan expenses or reduce future Company contributions. During 2020, \$6,717 of forfeitures were used to pay qualified plan expenses. Forfeitures outstanding were \$80,035 and \$32,693 at December 31, 2020 and 2019, respectively. \$80,035 in forfeitures were transferred to IAC/InterActiveCorp Retirement Savings Plan pursuant to the merger effective January 1, 2021.

Distribution of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants may elect a lump sum distribution or a partial withdrawal.

A participant may also request a withdrawal upon attainment of age 59½ or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participant

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The majority of expenses incurred in the administration of the Plan are paid by the plan; any remaining expenses are paid by the plan sponsor. Expenses that are paid by the Company are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at January 1, 2021, December 31, 2020 and 2019.

Common collective trust – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

There were no assets held for investment at January 1, 2021 or December 31, 2020.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 24,400,582	\$ 24,400,582	\$ -	\$ -
Total investments in the fair value hierarchy	24,400,582	\$ 24,400,582	\$ -	\$ -
Investments measured at net asset value(1): Common collective trust	266,732			
Investments at fair value	\$ 24,667,314			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The common collective trust can be redeemed daily, has a 12 month redemption notice period, and has no unfunded commitments.

D. TAX STATUS:

The Plan has adopted the volume submitter and profit sharing plan document of Fidelity Management & Research Co. The volume submitter sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. The Plan completed a routine Department of Labor ("DOL") audit for the 2015 – 2019 plan years.

CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

E. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental Schedule of Assets (Held at End of Year). The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2020 and 2019, and the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2020, and the information contained in the Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020.

F. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

G. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

H. PLAN MERGER:

On February 11, 2020, Care.com, Inc. was acquired by IAC. Effective January 1, 2021, the plan merged with and into the IAC/InterActiveCorp Retirement Savings Plan, at which point this Plan ceased to exist as a separate plan. The value of the assets transferred into the IAC/InterActiveCorp Retirement Savings Plan pursuant to the merger was \$29,315,263.

CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The specific impact of the COVID-19 global pandemic on the Plan's investment securities is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

J. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through September 17, 2021, the date these financial statements were available for issuance.

CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Care.com 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Care.com, Inc. and participating employers, (collectively, the "Company") covering substantially all employees who have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

As further discussed in Note H, effective January 1, 2021 the Plan merged with and into the IAC/InterActiveCorp Retirement Savings Plan and the Plan ceased to exist as a separate plan as of that date.

Contributions

Participants may contribute pre-tax or Roth after-tax contributions of up to 90% of their annual compensation (as defined by the Plan), subject to Internal Revenue Code ("IRC") limitations. Newly eligible participants are automatically enrolled in the Plan and must contribute 3% of their pre-tax compensation, unless they affirmatively elect otherwise. Participants who are at least age 50 may make an additional pre-tax or Roth "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

Participant contributions may be matched by the Company at a percentage of the participant's contributions, as determined by the Company. Participants must be employed on the last date of the plan year to receive the matching contribution. During 2020, the Company matched participant contributions equal to 50% of the first 4% of a participant's eligible compensation, up to a maximum match of 2% of participant's eligible compensation.

The Company may also elect to make discretionary non-elective contributions. Participants must be employed on the last date of the plan year to receive the matching contribution. The Company did not make a discretionary non-elective contribution during 2020.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Vesting

Participant accounts are fully vested at all times in their contributions, non-elective contributions for participants hired prior to September 1, 2015, and the income earned thereon. Otherwise, a participant's interest in the Company's matching contributions, non-elective contributions for participants hired after September 1, 2015, and earnings thereon vests according to the following schedule:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
1 year	0%
2 years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Any remaining forfeitures will be allocated to pay Plan expenses or reduce future Company contributions. During 2020, \$6,717 of forfeitures were used to pay qualified plan expenses. Forfeitures outstanding were \$80,035 and \$32,693 at December 31, 2020 and 2019, respectively. \$80,035 in forfeitures were transferred to IAC/InterActiveCorp Retirement Savings Plan pursuant to the merger effective January 1, 2021.

Distribution of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants may elect a lump sum distribution or a partial withdrawal.

A participant may also request a withdrawal upon attainment of age 59 $\frac{1}{2}$ or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participant

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The majority of expenses incurred in the administration of the Plan are paid by the plan; any remaining expenses are paid by the plan sponsor. Expenses that are paid by the Company are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at January 1, 2021, December 31, 2020 and 2019.

Common collective trust – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

There were no assets held for investment at January 1, 2021 or December 31, 2020.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 24,400,582	\$ 24,400,582	\$ -	\$ -
Total investments in the fair value hierarchy	24,400,582	\$ 24,400,582	\$ -	\$ -
Investments measured at net asset value(1): Common collective trust	266,732			
Investments at fair value	\$ 24,667,314			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The common collective trust can be redeemed daily, has a 12 month redemption notice period, and has no unfunded commitments.

D. TAX STATUS:

The Plan has adopted the volume submitter and profit sharing plan document of Fidelity Management & Research Co. The volume submitter sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. The Plan completed a routine Department of Labor ("DOL") audit for the 2015 – 2019 plan years.

CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

E. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental Schedule of Assets (Held at End of Year). The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2020 and 2019, and the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2020, and the information contained in the Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020.

F. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

G. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

H. PLAN MERGER:

On February 11, 2020, Care.com, Inc. was acquired by IAC. Effective January 1, 2021, the plan merged with and into the IAC/InterActiveCorp Retirement Savings Plan, at which point this Plan ceased to exist as a separate plan. The value of the assets transferred into the IAC/InterActiveCorp Retirement Savings Plan pursuant to the merger was \$29,315,263.

CARE.COM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The specific impact of the COVID-19 global pandemic on the Plan's investment securities is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

J. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through September 17, 2021, the date these financial statements were available for issuance.
