## NOTES TO FINANCIAL STATEMENTS

---

### Note 1. Plan Description

The following description of the Ohio Valley Banc Corp. Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan, established in 1957, last amended on December 4, 2019, to modify the allocation provisions of the Plan for the equitable benefit of certain eligible participants and to revise the provisions related to participants receiving hardship distributions made on and after January 1, 2020, is a defined contribution plan covering substantially all employees of the Ohio Valley Banc Corp. (the Plan Sponsor) who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Each year, the Plan Sponsor contributes to the Plan a discretionary amount from its current profits as determined by the Plan Sponsor's board of directors. Plan Sponsor contributions are allocated to each eligible participant based on compensation. To be eligible to receive a Plan Sponsor contribution, a participant must work at least 1,000 hours during the year and be employed on the last day of the plan year. The Plan allows participants to contribute up to 100% of compensation, up to the extent permitted by law, and allows participants who attained age 50 by the end of the Plan year to make catch-up contributions up to the limits prescribed by the law. The Plan Sponsor matches the participant's contributions with a contribution equal to 25% of the participant's contributions up to the first 6% of the participant's compensation, with such matching amount not to exceed 1.5% of the participant's compensation.

**Participant accounts:** Each participant account is credited with the participant's contribution and with an allocation of (a) Plan Sponsor contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts. Plan Sponsor contributions and forfeitures are allocated based on contributions made by participants and compensation of participants. Allocations of Plan earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investment options:** Each participant directs the investment of their account to any of the investment options available under the Plan.

**Retirement, death and disability:** A participant is entitled to 100% of his or her account balance on retirement, death or disability.

**Vesting:** Each participant is 100% vested in all employee contributions and related earnings and will become vested in employer contributions, related earnings and forfeitures of non-vested accounts in accordance with the following schedule:

| Years of Service  | Vested Percentage |
|-------------------|-------------------|
| Less than 2       | 0%                |

**Payment of benefits:** On termination of service, retirement, death or disability, a participant's vested account balance shall be distributed to the participant as a lump-sum payment. If the participant's vested account balance is less than \$5,000, the Plan Administrator may elect to distribute the account without the participant's consent. Mandatory distributions greater than \$1,000 are paid to an individual retirement account on behalf of the participant, if not otherwise directed by the participant. Hardship distributions are permitted for an immediate and heavy financial need as defined in the Plan document.

Under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, qualified participants of the Plan were able to receive coronavirus-related distributions up to \$100,000 through December 31, 2020, that

are exempt from the 10% early withdrawal tax and for which the income tax is deferred over a three year period. Additionally, under the CARES Act, the participant could repay the distribution over a three-year period without incurring any additional income tax burden. The Plan did not pay any coronavirus related distributions to qualified participants through December 31, 2020.

**Notes receivable from participants:** The Plan provides that participants can borrow from the Plan. These loans are secured by the balance in the participant's account and bear interest commensurate with prevailing rates. These loans are limited to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan principal and interest payments are made in accordance with the note's amortization schedule.

The CARES Act permitted suspension of loan repayments for new and existing Plan loans made through December 31, 2020, for a period of up to a year and for extension of the term of the loan for a period of up to a year without violating the maximum five year term for qualified individuals. The Plan did not alter the repayment terms of any loans as permitted by the CARES Act through December 31, 2020.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared under the accrual method of accounting, and the general practices within the employee benefit plan industry.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions affecting certain reported amounts and disclosures, and actual results may differ from these estimates.

**Investment valuation and income recognition:** The Plan's investments in mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end at the market exchange price. Money market fund investments are stated at net realizable value, which approximates fair value. The Plan's investment in the fully benefit-responsive guaranteed investment contract is stated at contract value, which represents contributions made, less withdrawals and administrative expenses plus interest credited.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan does not require collateral to secure its investments.

**Notes receivable from participants:** Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

**Excess contributions payable:** Amounts payable to participants for deferral contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability. The Plan distributes excess contributions to the applicable participants before March 15 of the subsequent year.

**Administrative expenses:** Certain expenses relating to maintaining and administering the Plan are paid directly by the Plan Sponsor and are excluded from the Plan's financial statements. Fees related to the administration of notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses.

**Payments of benefits:** Benefits are recorded when paid.

**Subsequent events:** The Plan has evaluated subsequent events through September 30, 2021, the date that the financial statements were available to be issued.

**Recent Accounting Pronouncements:** In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments of ASU 2018-13 modify the disclosure requirements in Topic 820 by eliminating, modifying, and adding

NOTES TO FINANCIAL STATEMENTS

---

certain disclosure information. The disclosure items eliminated by these amendments are the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers between levels; the valuation processes for Level 3 fair value measurements; and for nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. Disclosures modifications include replacing the roll forward for Level 3 fair value measurements for a nonpublic entity to disclosure of transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities; disclosure of the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly for investments in certain entities that calculate fair value using the net asset value practical expedient; and clarification that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. Disclosures added by the amendments of this ASU include the changes in unrealized gains and losses for the period included in other comprehensive income for recurring Level 3 fair value measurements held at the end of the reporting period; and the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. For certain unobservable inputs, an entity may disclose other quantitative information (such as the median or arithmetic average) in lieu of the weighted average if the entity determines that other quantitative information would be a more reasonable and rational method to reflect the distribution of unobservable inputs used to develop Level 3 fair value measurements. The amendments of ASU 2018-13 are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures upon issuance of ASU No. 2018-13 and delay adoption of the additional disclosures until their effective date. The Plan adopted this guidance during the year ended December 31, 2020. Adoption of this guidance did not have a material impact on the Plan's financial statements.

On October 29, 2020, the FASB issued ASU 2020-10, *Codification Improvements*, which affects a wide variety of Topics in the Codification. The amendments apply to all reporting entities within the scope of the affected accounting guidance. More specifically, this ASU, among other things, contains amendments that improve the consistency of the Codification by including all disclosure guidance in the appropriate Disclosure Section (Section 50). Many of the amendments arose because the FASB provided an option to give certain information either on the face of the financial statements or in the notes to financial statements and that option only was included in the Other Presentation Matters Section (Section 45) of the Codification. The option to disclose information in the notes to financial statements should have been codified in the Disclosure Section as well as the Other Presentation Matters Section (or other Section of the Codification in which the option to disclose in the notes to financial statements appears). Those amendments are not expected to change current practice. The amendments of ASU 2020-10 are effective for annual periods beginning after December 15, 2020, for public business entities. For all other entities, the amendments are effective for annual periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022. Early application of the amendments is permitted for and varies based on the entity. The amendments should be applied retrospectively and at the beginning of the period that includes the adoption date. Plan management has evaluated the potential effects of this new accounting and financial reporting standard and has determined that it should not have a significant impact on the Plan's financial reporting.

**Note 3. Plan Termination**

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants will become 100% vested in their accounts.

## NOTES TO FINANCIAL STATEMENTS

### Note 4. Assets Certified

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Reliance Trust Company, the Plan's custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

|                                                  | 2020                 | 2019                 |

Reliance Trust Company also certified to the completeness and accuracy of dividend and interest income of \$588,104 and \$713,705, and net appreciation of investments of \$2,642,943 and \$3,847,895 for the years ended December 31, 2020 and 2019, respectively.

Asset information not certified by Reliance Trust Company was participant loans of \$49,318 and \$42,907 as of December 31, 2020 and 2019, respectively, and the related interest income of \$1,719 and \$1,685, for the years ended December 31, 2020 and 2019, respectively.

### Note 5. Fair Value Measurements

Accounting Standards Codification Topic 820, "*Fair Value Measurements and Disclosure*" (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methodologies used for investments measured at fair value.

*Mutual funds:* Valued at the net asset value ("NAV") of shares held by the Plan at year end at the market exchange price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

| Assets at Fair Value as of December 31, 2020 |                      |             |             |                      |

### Note 6. Investment in Guaranteed Investment Contract

At December 31, 2020 and 2019, the Plan includes as an investment option participation in The Standard Stable Asset Fund A, a fully benefit-responsive guaranteed investment contract. The Fund invests the deposits of plan participants as part of the general account assets of Standard Insurance Company, and there are no particular segregated or identifiable assets ascribed to the Plan's investment. Net deposits and interest credited become liabilities against Standard Insurance Company on the Plan's behalf, and daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions. Contract value is guaranteed by the full faith and credit of Standard Insurance Company. The resulting Stable Asset Fund provides participants with a guaranteed return of principal, along with attractive crediting rates and 100 percent liquidity. A participant's return is determined by a declared interest rate, which is accrued daily and compounded quarterly. The interest rate is applied to the entire fund.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events as defined within the investment contract may limit the ability of the Plan to transact at contract value. If an event occurs that may impair the ability of the contract issuer to perform in accordance with the contract terms, a market value adjustment or withdrawal restriction may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected. As of December 31, 2020 and 2019, the Standard Stable Asset Fund A had a crediting interest rate of 2.42% and 2.68%, respectively.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

The Issuer may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, including the contract owner's failure to abide by state or federal law, failure to render

performance necessary to comply with the terms of the contract, layoffs, plan disqualification or failure to adopt the Plan in a reasonable period of time. Upon termination by the Issuer, a market value adjustment or withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

The Plan Sponsor was not aware of any events that would have limited the Plan to transact at contract value as of December 31, 2020 and through the date of this filing.

#### **Note 7. Party-In-Interest Transactions**

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. During the years ended December 31, 2020 and 2019, transactions with parties-in-interest primarily included administrative expenses amounting to \$3,280 and \$2,175, respectively, related to invested assets. Shares of registered investment companies owned by the Plan are issued or sponsored by parties considered to be a party-in-interest to the Plan. Administrative expenses for legal, audit, and other professional services are paid directly by the Plan Sponsor on behalf of the Plan. Additionally, certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

#### **Note 8. Tax Status**

The Internal Revenue Service has determined and informed the Plan Sponsor by written correspondence dated December 15, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2017.

#### **Note 9. Risks and Uncertainties**

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The outbreak of the novel strain of coronavirus, COVID-19 which originated in Wuhan, China, in December of 2019 and has since spread globally, continues to adversely affect global populations, economies, and financial markets. The governments of many countries, states, municipalities, and other geographic regions continue to monitor the advancement of the virus and manage preventative or protective actions in order to minimize the socioeconomic impact of the pandemic. The ultimate impact on the Plan's net assets available for benefits and changes in net assets available for benefits depends on the continuing responses of the financial markets to the successes or failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
