Independent Auditor's Report

August 5, 2021

To the Plan Administrator of the
Barton & Loguidice, D.P.C. Profit Sharing & 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Barton & Loguidice, D.P.C. Profit Sharing & 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

We were engaged to audit the financial statements of the Plan as of December 31, 2019, and for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated June 8, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following description of the Barton & Loguidice, D.P.C. (the "Firm") Profit Sharing & 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees who are twenty-one years of age or older with the exception of non-resident aliens, contingent employees and seasonal employees, as defined by the employment practices of the plan sponsor. The Plan automatically enrolls certain participants for salary deferral under its automatic enrollment feature, unless the participant elects otherwise. Under automatic enrollment, 5% of a participant's gross pay will be contributed to the Plan as pre-tax contributions, unless the participant chooses either not to participate or to increase or decrease their elective salary deferral contribution percentage. The percentage of elective deferral contributions will increase each year by 1%, until reaching a maximum contribution amount of 10% of gross pay. Effective January 1, 2021, these limits will be increased as explained in Note 2. All assets acquired under the Plan are the result of employer or participant contributions thereto, and all income and other additions or deductions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants are allowed to make elective salary deferrals up to the maximum amount allowed by the Internal Revenue Code (the "Code"). The Firm's annual profit-sharing contribution to the Plan is discretionary, as determined by the Board of Directors. There were no discretionary profit sharing contributions made to the Plan for the years ended December 31, 2020 or 2019. Additionally, the Firm may contribute for each participant a discretionary matching contribution equal to a percentage of the participant's elective contributions, up to a maximum percentage of the participant's compensation as determined by the Board of Directors. The Firm's discretionary matching contributions were $734,572 and $605,842 for the years ended December 31, 2020 and 2019, respectively. The Plan allows rollover contributions.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after six years of credited service for any discretionary profit sharing and matching contribution.

Participants forfeited non-vested amounts totaling $40,297 and $72,005 during the years ending December 31, 2020 and 2019, respectively. These amounts were or will be used to pay administrative expenses or reduce future employer contributions in accordance with the governing plan document. Unused forfeitures amounted to $749 and $15,536 as of December 31, 2020 and 2019, respectively.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution and an allocation of the Firm's contribution and plan earnings.

Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Under the Plan, participants are allowed to borrow funds against the participant's interest in the Plan at interest rates and repayment terms specified by the plan document.

Notes receivable from participants - Participants may borrow from their plan accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years. The notes are secured by the balance in the participant's account. Notes shall bear a reasonable rate of interest, as determined by the plan administrator, based on prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the note. Interest rates ranged from 5.25% to 7.50% at December 31, 2020. Principal and interest are paid ratably through payroll deductions on at least a quarterly basis. Any notes that are in default as defined by the plan document are reported as deemed distributions.

If a participant defaults on a loan and a distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted loan will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the loan receivable balance.

Investment options - Upon enrollment in the Plan, a participant may direct contributions to the Plan in numerous investment options. Participants may change their investment options daily through online services offered by Fidelity Investment Institutional Company.

Payment of benefits - Upon termination of service, a participant or beneficiary may receive a cash or lump-sum amount equal to the vested value of his or her account or installment payments over any period that does not exceed the life expectancy of the beneficiary. Rollover distributions of a participant's entire eligible account balance are allowed per the Plan into an eligible IRA or a new employer's eligible plan. In-service withdrawals are allowed per the Plan and are subject to early withdrawal penalties if the participant is under the age of 59½ and does not meet one of the Internal Revenue Code exceptions. Hardship withdrawals are eligible on employee deferral contributions only with a minimum withdrawal of $500. Participants are required by law to receive a minimum required distribution from the Plan no later than April 1st of the year they turn 70½ or terminate employment, whichever is later. If a participant is a 5% owner, they would be required to take distributions no later than April 1st the year after they turn 70½.

Plan provisions - During 2020, the Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), a law which allows immediate changes to the Plan to, among others, provide temporary tax relief for Coronavirus related distributions up to $100,000 and suspends required minimum distributions. The Plan has also implemented certain required provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service guidance.

Plan termination - Although the Firm has not expressed any intent to do so, the Firm has the right, under the plan agreement, to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their account balances.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of plan income and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility from the COVID-19 pandemic. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Valuation of investments - Investments are stated at fair market value (see Note 5) with the exception of common collective trust funds ("CCT") accounts, which are valued at the net asset value as a practical expedient as reported by the sponsor of the fund, see below. All fair market values have been determined and certified by Fidelity Management Trust Company, the Trustee of the Plan (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year. The Plan holds the Fidelity Stable Value Fund as an investment, which is in a common collective trust fund.

The common collective trust funds of Fidelity Management Trust Company are funds that are made up of various investment and security-backed contracts, which are mainly publicly traded securities. Common collective trust funds are valued at net asset value (NAV) per share, which serves as a practical expedient to estimate its fair value. The NAV of each common collective trust fund is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments as of December 31, 2020 or 2019.

Investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable become material.

Payment of benefits - Benefits are recorded when paid.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on participant note receivables for participants who are active in the Plan or have terminated employment and have not continued to make payments on the outstanding note receivables as required by the plan document. There were no deemed distributions for the years ended December 31, 2020 and 2019.

Administrative costs - Costs of managing the investments and of maintaining participant accounts are paid directly out of the Plan assets or paid by the Firm. Other administrative costs, including legal and accounting costs, may be paid directly by the Firm.

Economic dependency and concentration of credit risk - Approximately 52% and 51% of the Plan's investments were invested with Fidelity Investments at December 31, 2020 and 2019, respectively. Approximately 15% and 14% of the Plan's investments were invested with T. Rowe Price at December 31, 2020 and 2019, respectively. Approximately 11% and 10% of the Plan's investments were invested with JPMorgan Distribution Services, Inc. at December 31, 2020 and 2019, respectively. Accordingly, the Plan is dependent upon the financial condition of these companies.

Subsequent events - In January 2021, the Plan adopted an amendment to automatically enroll employees in the Plan thirty-five (35) days after their hire date at a deferral rate of 8% with a 1% increase annually up to 15%. In May 2021, the Plan amended and restated the Basic Plan Document and its Adoption Agreement. With this amendment and restatement, the Trust Agreement formerly within the Basic Plan Document No. 17 is removed to become a separate, independent Trust Agreement without altering the substance of the agreement. Further, Management has evaluated subsequent events through August 5, 2021, the date that the financial statements were available for issue.

Note 3 - Tax status of the Plan

The Internal Revenue Service has determined and informed the Firm that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan Trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2020 or 2019. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2017.

Note 4 - Information Certified by the Trustee of the Plan

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the trusteed investments and investment transactions included in the accompanying financial statements as of December 31, 2020 and 2019, and for the years then ended, and supplemental schedule as of December 31, 2020, are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except to compare such information to the related information included in the financial statements and supplemental schedule.

Note 5 - Fair value measurements

The Financial Accounting Standards Board (FASB) has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Companies (i.e., Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

Money Market Funds - Managed portfolios, which consist of U.S. Government obligations valued at the closing price reported on the active market on which the individual security is traded (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used at December 31, 2020 and 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 48,440,055	$ -	$ -	$ 48,440,055
Money market funds	-	718,500	-	718,500
Total investments	$ 48,440,055	$ 718,500	$ -	$ 49,158,555

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 37,427,825	$ -	$ -	$ 37,427,825
Money market funds	-	57,881	-	57,881
Total investments	$ 37,427,825	$ 57,881	$ -	$ 37,485,706

Note 6 - Life insurance

At the option of individual participants, the Trustees of the Plan are authorized to use a portion of the participant's 401(k) contributions to purchase whole life insurance policies. The

cash surrender value of these policies was $55,749 and $54,833 at December 31, 2020 and 2019, respectively. These policies are owned by the participants and death benefits are payable to the individual participant's account in the Plan and are not included in Plan assets (see Note 8).

Note 7 - Related party transactions and admin expenses

Certain plan investments funds are managed by Fidelity Investment Institutional Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Plan also contracts with Fidelity Management Trust Company to provide recordkeeping and third-party administrative services. These services qualify as party-in-interest transactions. The Plan participates in a revenue credit program with the Trust Company; as a result refunds from this service provider amounted to $4,600 and $2,150 for the years ended December 31, 2020 and 2019, respectively, and are netted in administrative fees in the accompanying statements of changes in net assets available for benefits.

In addition, during 2019 the Plan switched investment advisors from M&T Securities to S.E.E.D. Planning Group, LLC. Fees paid by the Plan for investment advisory services amounted to $43,061 and $59,441 for the years ended December 31, 2020 and 2019, respectively, and are included in administrative fees in the accompanying statements of changes in net assets available for benefits.

Note 8 - Reconciliation of the financial statements to Form 5500

The cash surrender value of life insurance policies, as discussed in Note 6, is not recorded in the financial statements as they are individual insurance contracts. However, these amounts are recorded on Form 5500 as plan assets.

In addition, as explained in Note 2, Fidelity Management Trust Company ("Fidelity"), the Trustee of the Plan, has determined that one of the Plan's investments, the Fidelity Advisor Stable Value Portfolio, is a fully benefit-responsive investment contract and, accordingly, should be reported at net asset value; however, Fidelity has prepared Form 5500 using fair value for this investment. Accordingly, there is a reconciling item between the reporting in Form 5500 and the financial statements for this investment.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 50,816,084	$ 39,080,050
Cash surrender value of life insurance owned by participants (Schedule H, Part I, Line 1c(15))	55,749	54,833
Adjustment from net asset value to fair value for Fidelity Stable Value Portfolio Fund (Schedule H, Part I, Line 1c(9))	45,113	17,471
Net assets available for benefits per Form 5500 (Schedule H, Part I, Line 1l)	$ 50,916,946	$ 39,152,354

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500:

	Year ended December 31,	
	2020	2019
Net increase per the financial statements	$ 11,736,034	$ 9,618,789
Other income (Schedule H, Part II, Line 2c):		
Change in cash surrender value of life insurance owned by participants	916	1,844
Adjustment from change in net asset value to fair value for the Fidelity Stable Value Portfolio Fund	27,642	22,510
Net income per Form 5500 (Schedule H, Part II, Line 2k)	$ 11,764,592	$ 9,643,143
