Audit Committee and Plan Committee
The Ohio Valley Banc Corp. Employees' Stock Ownership Plan
Gallipolis, Ohio

Our audit was performed in accordance with auditing standards generally accepted in the United States of America, except that we did not perform any of the normal auditing procedures on asset information certified or provided by the trustee under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations. In planning and performing our audit of the financial statements of Ohio Valley Banc Corp. Employees' Stock Ownership Plan (the Plan) as of and for the year ended December 31, 2020, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, we did not identify any deficiencies in internal control during our audit that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of the Audit Committee, Plan Committee, Plan Administrator, management and others within the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

Audit Committee and Plan Committee
The Ohio Valley Banc Corp. Employees' Stock Ownership Plan
Gallipolis, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Valley Banc Corp. Employees' Stock Ownership Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Ohio Valley Bank Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020, and schedule of reportable transactions for the year then ended are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan and Significant Accounting Policies

Description of Plan: The following description of the Ohio Valley Banc Corp. Employees' Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: Ohio Valley Banc Corp. (the Plan Sponsor) established the Plan effective April 24, 1985. The Plan was most recently restated effective January 1, 2016 to remain in compliance with the Pension Protection Act and other regulatory requirements, and was last amended December 4, 2019, to modify the allocation provisions of the Plan for the equitable benefit of certain eligible participants. The Plan is a defined contribution plan covering all employees, except leased employees, of the Ohio Valley Banc Corp. who have one year of service and are age 21 or older. Each employee becomes eligible to participate on December 31 of the year they meet eligibility and participation requirements. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code and is designed to be an employee stock ownership plan under Section 4975(e)(7) of the Internal Revenue Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer contributions: Each year, the Plan Sponsor contributes to the Plan a discretionary amount from its current profits in the form of cash and/or common stock as determined by the Plan Sponsor's Board of Directors. Employer contributions are allocated to each eligible participant based on compensation. To be eligible to receive an employer contribution, a participant must work at least 1,000 hours during the year and be employed on the last day of the plan year. For the plan years ended December 31, 2020 and 2019, the Plan Sponsor authorized no stock contributions and cash contributions of \$580,097 and \$614,187, respectively.

Participant accounts: The Plan provides that a separate individual account be established for each respective participant. Each participant account is credited with an allocation of (a) the Plan Sponsor's contributions, (b) Plan earnings and dividends, and (c) forfeitures of terminated participants' non-vested accounts. Plan Sponsor contributions and forfeitures are allocated based on compensation. Plan earnings and dividends are allocated based on participant beginning balances minus distributions and forfeitures, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, death and disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants will become vested in employer contributions, related earnings, and forfeitures of non-vested accounts, in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 and over	100%

Payment of benefits: On termination of service, retirement, death or disability, a participant's vested account balance shall be distributed as a lump-sum payment. Participants may elect to receive their benefits in whole shares of Plan Sponsor stock, cash or a combination of both. If the participant's vested account balance is less than \$5,000, the Plan Administrator may elect to distribute the account without the participant's consent. Mandatory distributions greater than \$1,000 are paid to an individual retirement account on behalf of the participant, if not otherwise directed by the participant.

Voting rights: Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee votes any shares not allocated to a participant's account in such manner as the Trustee shall determine in its sole discretion.

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment from the Plan Sponsor's common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of credited service may elect to diversify up to 25% of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50 percent.

Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment valuation and income recognition: Investments are stated at fair value. Many factors are considered in arriving at fair value. The Plan Sponsor's common stock is listed on the NASDAQ securities market. For dates when there are not any purchases or sales of the Plan Sponsor's common stock, the fair value is determined by averaging the bid and the ask price. In accordance with stating investments at fair value, net appreciation or depreciation in fair value of investments for the year is reflected in the statements of changes in net assets available for benefits. It consists of both net appreciation realized on purchases and sales of investments and net unrealized appreciation resulting from the change in the difference between market value and cost of investments at the beginning of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan does not require collateral to secure its investments.

Payments of benefits: Benefits are recorded when paid.

Concentration of credit risk: At December 31, 2020 and 2019, the majority of the Plan's assets were invested in Ohio Valley Banc Corp. common stock. It is the general intent of the Plan to invest all or substantially all of the funds of the Plan in the common stock of the Ohio Valley Banc Corp. Additionally, temporary investments are maintained in money market depository accounts or mutual funds.

Significant new authoritative accounting guidance: *Accounting Standard Update 2018-13: Fair Value Measurement (Topic 820): Disclosure Framework- Changes to Disclosure Requirements for Fair Value Measurement-* In August 2018, the FASB issued amendments that modify the disclosure requirements in Topic 820. The amendments remove the following disclosure requirements: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers between levels; the valuation processes for Level 3 fair value measurements; and for non-public entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. In addition, the amendments modify the following disclosure requirements: in lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities; for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when the restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly; and the amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. The amendments also added the following disclosure requirements: the changes in unrealized gains and losses for the period included in other comprehensive income for recurring Level 3 fair value

NOTES TO FINANCIAL STATEMENTS

measurements held at the end of the reporting period; and the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. For certain unobservable inputs, an entity may disclose other quantitative information (such as the median or arithmetic average) in lieu of the weighted average if the entity determines that other quantitative information would be a more reasonable and rational method to reflect the distribution of unobservable inputs used to develop Level 3 fair value measurements. For all entities, the amendments are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Adoption of this guidance did not have a material impact on the Plan's financial statements.

On October 29, 2020, the FASB issued ASU 2020-10, *Codification Improvements*, which affects a wide variety of Topics in the Codification. The amendments apply to all reporting entities within the scope of the affected accounting guidance. More specifically, this ASU, among other things, contains amendments that improve the consistency of the Codification by including all disclosure guidance in the appropriate Disclosure Section (Section 50). Many of the amendments arose because the FASB provided an option to give certain information either on the face of the financial statements or in the notes to financial statements and that option only was included in the Other Presentation Matters Section (Section 45) of the Codification. The option to disclose information in the notes to financial statements should have been codified in the Disclosure Section as well as the Other Presentation Matters Section (or other Section of the Codification in which the option to disclose in the notes to financial statements appears). Those amendments are not expected to change current practice. The amendments of ASU 2020-10 are effective for annual periods beginning after December 15, 2020, for public business entities. For all other entities, the amendments are effective for annual periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022. Early application of the amendments is permitted for and varies based on the entity. The amendments should be applied retrospectively and at the beginning of the period that includes the adoption date. Plan management has evaluated the potential effects of this new accounting and financial reporting standard and has determined that it should not have a significant impact on the Plan's financial reporting.

Subsequent events: Management of the Plan has evaluated subsequent events through September 30, 2021, the date the financial statements were available to be issued.

Note 2. Plan Termination

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants will become 100% vested in their accounts.

Note 3. Investments

The Ohio Valley Bank Company, the trustee of the Plan, and a subsidiary of the Plan Sponsor, holds the Plan's investment assets and executes transactions therein, and substantially all information pertaining to investments included in the financial statements has been certified by the trustee. This information has not been audited by independent accountants. The following table presents the Plan's investments.

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan's investments (including investments bought, sold and held during the year) (depreciated) appreciated in value by (\$5,868,711) and \$1,516,288 during the years ended December 31, 2020 and 2019, respectively.

The Plan's investments earned interest of \$0 and \$3,412 and dividend income of \$283,523 and \$308,118 during the years ended December 31, 2020 and 2019, respectively.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820 *Fair Value Measurements and Disclosures* (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Ohio Valley Banc Corp. common stock: Valued at the closing price reported on the active market on which the security is traded (NASDAQ).

Government Obligation Fund accounts: These are money market mutual fund accounts valued at the net asset value ("NAV") of shares held by the plan at year end at the market exchange price. The fund for these accounts is designed to maintain a \$1 per share unit fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Total investments	\$ 14,945,626	\$ -	\$ -	\$ 14,945,626

Note 5. Party-In-Interest and Related Party Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Professional fees for the administration and audit of the Plan were paid by the Plan Sponsor on behalf of the Plan. Cash dividends of \$283,523 and \$308,118 were paid to the Plan by Ohio Valley Banc Corp. during the years ended December 31, 2020 and 2019, respectively, based on shares held by the Plan on the dates of declaration. The Plan Sponsor's wholly owned bank subsidiary, Ohio Valley Bank, paid interest in the amount of \$0 and \$1,051 to the Plan during the years ended December 31, 2020 and 2019, respectively.

Certain administrative functions are performed by officers and employees of the Plan Sponsor and its subsidiaries. No such officer or employee received compensation from the Plan.

During 2020, the Plan acquired 4,166 shares of Ohio Valley Banc Corp. stock at total cost of \$160,158 and distributed 71,146 shares to terminated participants. During 2019, the Plan acquired 11,184 shares of Ohio Valley Banc Corp. stock at total cost of \$442,764 and distributed 6,579 shares to terminated participants

The Plan held the following party-in-interest investments at December 31, 2020 and 2019 (See Note 3):

	2020	2019
Investments at fair value:		
Ohio Valley Bank Corp. common stock (2020, 298,294 shares: 2019, 365,274 shares)	\$ 7,039,738	\$ 14,472,156
	\$ 7,039,738	\$ 14,472,156

Note 6. Terminated Participants

As of December 31, 2020 and 2019, respectively, there was \$4,277 and \$1,929,789 included in net assets available for benefits allocated to individuals who have withdrawn from the Plan.

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated April 9, 2018, that the Plan, as restated, and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2017.

Note 8. Risks and Uncertainties

The Plan invests in common stock of the Plan Sponsor and savings depository accounts of the Plan Sponsor's bank subsidiary. The underlying investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the Plan's investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' individual account balances as well as the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel strain of coronavirus, COVID-19 which originated in Wuhan, China, in December of 2019 and has since spread globally, has been adversely affecting global populations, economies, and financial markets. The governments of many countries, states, municipalities, and other geographic regions continue to monitor the advancement of the virus and manage preventative or protective actions in order to minimize the socioeconomic impact of the pandemic. The ultimate impact of the Plan's net assets available for benefits and changes in net assets available for benefits depends on the continuing responses of the financial markets to the successes or failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.

INDEPENDENT AUDITOR'S REPORT

Audit Committee and Plan Committee
The Ohio Valley Banc Corp. Employees' Stock Ownership Plan
Gallipolis, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Valley Banc Corp. Employees' Stock Ownership Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Ohio Valley Bank Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020, and schedule of reportable transactions for the year then ended are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan and Significant Accounting Policies

Description of Plan: The following description of the Ohio Valley Banc Corp. Employees' Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: Ohio Valley Banc Corp. (the Plan Sponsor) established the Plan effective April 24, 1985. The Plan was most recently restated effective January 1, 2016 to remain in compliance with the Pension Protection Act and other regulatory requirements, and was last amended December 4, 2019, to modify the allocation provisions of the Plan for the equitable benefit of certain eligible participants. The Plan is a defined contribution plan covering all employees, except leased employees, of the Ohio Valley Banc Corp. who have one year of service and are age 21 or older. Each employee becomes eligible to participate on December 31 of the year they meet eligibility and participation requirements. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code and is designed to be an employee stock ownership plan under Section 4975(e)(7) of the Internal Revenue Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer contributions: Each year, the Plan Sponsor contributes to the Plan a discretionary amount from its current profits in the form of cash and/or common stock as determined by the Plan Sponsor's Board of Directors. Employer contributions are allocated to each eligible participant based on compensation. To be eligible to receive an employer contribution, a participant must work at least 1,000 hours during the year and be employed on the last day of the plan year. For the plan years ended December 31, 2020 and 2019, the Plan Sponsor authorized no stock contributions and cash contributions of \$580,097 and \$614,187, respectively.

Participant accounts: The Plan provides that a separate individual account be established for each respective participant. Each participant account is credited with an allocation of (a) the Plan Sponsor's contributions, (b) Plan earnings and dividends, and (c) forfeitures of terminated participants' non-vested accounts. Plan Sponsor contributions and forfeitures are allocated based on compensation. Plan earnings and dividends are allocated based on participant beginning balances minus distributions and forfeitures, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, death and disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants will become vested in employer contributions, related earnings, and forfeitures of non-vested accounts, in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 and over	100%

Payment of benefits: On termination of service, retirement, death or disability, a participant's vested account balance shall be distributed as a lump-sum payment. Participants may elect to receive their benefits in whole shares of Plan Sponsor stock, cash or a combination of both. If the participant's vested account balance is less than \$5,000, the Plan Administrator may elect to distribute the account without the participant's consent. Mandatory distributions greater than \$1,000 are paid to an individual retirement account on behalf of the participant, if not otherwise directed by the participant.

Voting rights: Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee votes any shares not allocated to a participant's account in such manner as the Trustee shall determine in its sole discretion.

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment from the Plan Sponsor's common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of credited service may elect to diversify up to 25% of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50 percent.

Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment valuation and income recognition: Investments are stated at fair value. Many factors are considered in arriving at fair value. The Plan Sponsor's common stock is listed on the NASDAQ securities market. For dates when there are not any purchases or sales of the Plan Sponsor's common stock, the fair value is determined by averaging the bid and the ask price. In accordance with stating investments at fair value, net appreciation or depreciation in fair value of investments for the year is reflected in the statements of changes in net assets available for benefits. It consists of both net appreciation realized on purchases and sales of investments and net unrealized appreciation resulting from the change in the difference between market value and cost of investments at the beginning of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan does not require collateral to secure its investments.

Payments of benefits: Benefits are recorded when paid.

Concentration of credit risk: At December 31, 2020 and 2019, the majority of the Plan's assets were invested in Ohio Valley Banc Corp. common stock. It is the general intent of the Plan to invest all or substantially all of the funds of the Plan in the common stock of the Ohio Valley Banc Corp. Additionally, temporary investments are maintained in money market depository accounts or mutual funds.

Significant new authoritative accounting guidance: *Accounting Standard Update 2018-13: Fair Value Measurement (Topic 820): Disclosure Framework- Changes to Disclosure Requirements for Fair Value Measurement-* In August 2018, the FASB issued amendments that modify the disclosure requirements in Topic 820. The amendments remove the following disclosure requirements: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers between levels; the valuation processes for Level 3 fair value measurements; and for non-public entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. In addition, the amendments modify the following disclosure requirements: in lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities; for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when the restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly; and the amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. The amendments also added the following disclosure requirements: the changes in unrealized gains and losses for the period included in other comprehensive income for recurring Level 3 fair value

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

measurements held at the end of the reporting period; and the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. For certain unobservable inputs, an entity may disclose other quantitative information (such as the median or arithmetic average) in lieu of the weighted average if the entity determines that other quantitative information would be a more reasonable and rational method to reflect the distribution of unobservable inputs used to develop Level 3 fair value measurements. For all entities, the amendments are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Adoption of this guidance did not have a material impact on the Plan's financial statements.

On October 29, 2020, the FASB issued ASU 2020-10, *Codification Improvements*, which affects a wide variety of Topics in the Codification. The amendments apply to all reporting entities within the scope of the affected accounting guidance. More specifically, this ASU, among other things, contains amendments that improve the consistency of the Codification by including all disclosure guidance in the appropriate Disclosure Section (Section 50). Many of the amendments arose because the FASB provided an option to give certain information either on the face of the financial statements or in the notes to financial statements and that option only was included in the Other Presentation Matters Section (Section 45) of the Codification. The option to disclose information in the notes to financial statements should have been codified in the Disclosure Section as well as the Other Presentation Matters Section (or other Section of the Codification in which the option to disclose in the notes to financial statements appears). Those amendments are not expected to change current practice. The amendments of ASU 2020-10 are effective for annual periods beginning after December 15, 2020, for public business entities. For all other entities, the amendments are effective for annual periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022. Early application of the amendments is permitted for and varies based on the entity. The amendments should be applied retrospectively and at the beginning of the period that includes the adoption date. Plan management has evaluated the potential effects of this new accounting and financial reporting standard and has determined that it should not have a significant impact on the Plan's financial reporting.

Subsequent events: Management of the Plan has evaluated subsequent events through September 30, 2021, the date the financial statements were available to be issued.

Note 2. Plan Termination

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants will become 100% vested in their accounts.

Note 3. Investments

The Ohio Valley Bank Company, the trustee of the Plan, and a subsidiary of the Plan Sponsor, holds the Plan's investment assets and executes transactions therein, and substantially all information pertaining to investments included in the financial statements has been certified by the trustee. This information has not been audited by independent accountants. The following table presents the Plan's investments.

	\$ 7,545,102	\$ 14,945,626

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan's investments (including investments bought, sold and held during the year) (depreciated) appreciated in value by (\$5,868,711) and \$1,516,288 during the years ended December 31, 2020 and 2019, respectively.

The Plan's investments earned interest of \$0 and \$3,412 and dividend income of \$283,523 and \$308,118 during the years ended December 31, 2020 and 2019, respectively.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820 *Fair Value Measurements and Disclosures* (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Ohio Valley Banc Corp. common stock: Valued at the closing price reported on the active market on which the security is traded (NASDAQ).

Government Obligation Fund accounts: These are money market mutual fund accounts valued at the net asset value ("NAV") of shares held by the plan at year end at the market exchange price. The fund for these accounts is designed to maintain a \$1 per share unit fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Total investments	\$ 14,945,626	\$ -	\$ -	\$ 14,945,626

Note 5. Party-In-Interest and Related Party Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Professional fees for the administration and audit of the Plan were paid by the Plan Sponsor on behalf of the Plan. Cash dividends of \$283,523 and \$308,118 were paid to the Plan by Ohio Valley Banc Corp. during the years ended December 31, 2020 and 2019, respectively, based on shares held by the Plan on the dates of declaration. The Plan Sponsor's wholly owned bank subsidiary, Ohio Valley Bank, paid interest in the amount of \$0 and \$1,051 to the Plan during the years ended December 31, 2020 and 2019, respectively.

Certain administrative functions are performed by officers and employees of the Plan Sponsor and its subsidiaries. No such officer or employee received compensation from the Plan.

During 2020, the Plan acquired 4,166 shares of Ohio Valley Banc Corp. stock at total cost of \$160,158 and distributed 71,146 shares to terminated participants. During 2019, the Plan acquired 11,184 shares of Ohio Valley Banc Corp. stock at total cost of \$442,764 and distributed 6,579 shares to terminated participants

The Plan held the following party-in-interest investments at December 31, 2020 and 2019 (See Note 3):

	2020	2019
Investments at fair value:		
Ohio Valley Bank Corp. common stock (2020, 298,294 shares: 2019, 365,274 shares)	\$ 7,039,738	\$ 14,472,156
	\$ 7,039,738	\$ 14,472,156

Note 6. Terminated Participants

As of December 31, 2020 and 2019, respectively, there was \$4,277 and \$1,929,789 included in net assets available for benefits allocated to individuals who have withdrawn from the Plan.

THE OHIO VALLEY BANC CORP. EMPLOYEES' STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated April 9, 2018, that the Plan, as restated, and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2017.

Note 8. Risks and Uncertainties

The Plan invests in common stock of the Plan Sponsor and savings depository accounts of the Plan Sponsor's bank subsidiary. The underlying investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the Plan's investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' individual account balances as well as the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel strain of coronavirus, COVID-19 which originated in Wuhan, China, in December of 2019 and has since spread globally, has been adversely affecting global populations, economies, and financial markets. The governments of many countries, states, municipalities, and other geographic regions continue to monitor the advancement of the virus and manage preventative or protective actions in order to minimize the socioeconomic impact of the pandemic. The ultimate impact of the Plan's net assets available for benefits and changes in net assets available for benefits depends on the continuing responses of the financial markets to the successes or failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
