Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Interstate Oil Company Savings & Retirement Plan
Sacramento, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Interstate Oil Company Savings & Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of change in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Reliance Trust Company, the custodian of the Plan, as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019, were audited by predecessor auditors. As permitted by 29 CRF 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report dated August 26, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of the Interstate Oil Company Retirement & Savings Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was established on October 1, 1993, to provide benefits for eligible employees and the employee's beneficiaries of InterState Oil Company (the "Plan Sponsor"). The Plan includes all eligible employees of the Plan Sponsor and excludes union, leased, and non-resident aliens. The Plan was restated on January 1, 2014, to comply with all applicable laws and regulations. Employees of the Company are eligible to enter the Plan once they have completed one year and 1,000 hours of service and have attained the age of twenty-one. Reliance Trust Company is the custodian of the Plan assets. Three employees of the Plan Sponsor serve as Trustees of the Plan.

The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

Employee Elective Salary Deferrals

The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Code. Employees may voluntarily contribute a percentage of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code. Roth deferrals are not permitted by the Plan.

Employer Matching Contributions

The Plan Sponsor will make matching contribution to the account of each eligible participant in an amount equal to 25% of their contribution that is not in excess of 2% of their compensation. Each eligible participant must be employed by the Plan Sponsor on the last day of the Plan Year and complete 1,000 hours of service during the Plan year to receive a matching contribution.

Employer Profit-Sharing Contributions

Under the terms of the Plan, each year, the Plan Sponsor may contribute a discretionary profit-sharing contribution. Such contribution will be allocated to each eligible participant on pro rata basis. Each eligible participant must be employed by the Plan Sponsor on the last day of the Plan Year and complete 1,000 hours of service during the Plan year to receive a profit-sharing contribution. The Plan Sponsor did not make profit sharing contributions for the years ended December 31, 2020 and 2019.

Employee Rollover Contributions

Participants may make rollover contributions from another qualified plan.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Vesting
Participants are immediately fully vested in their elective salary deferrals. Participants vest in their matching contribution and profit-sharing contributions, at the rate of 20% after two years of service and 20% per year of service thereafter and are fully vested after six years.

Participant Accounts and Allocations
The Plan provides various investment fund options and allows participants to self-direct their investments in one or more available investment funds. Investment earnings and losses are allocated based on the actual earnings and losses in participants' self-directed accounts. Participant accounts may be charged with an allocation of administrative expenses paid by the Plan. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Retirement
Normal retirement under the Plan is the participant's 65th birthday. The plan does not have an early retirement feature.

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) or death of the participant. Benefit payments for death are made in a single lump sum. Distributions from the Plan after termination for reasons other than death may be made in lump sum payment, equal installments, or more frequent installments.

Hardship withdrawals are allowed on select participant accounts based on medical, educational, and certain other needs specified in the Plan.

Forfeitures
Forfeitures are used to pay administrative expenses and reduce profit sharing contributions. At December 31, 2020 and 2019, the forfeiture balance was $2,931 and $26, respectively.

Administrative Expenses
Administrative expenses of the Plan are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by any outstanding loan balance.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition
Mutual funds are stated at fair market value using quoted market prices when available. Fair market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed interest account is a fully benefit-responsive investment contract and is stated at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Increases in the share values of investments are reflected in each participant's self-directed account. Investments are valued daily.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income Taxes
The Plan is a volume submitter plan which has obtained a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2020 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress.

Estimates and Assumptions
The preparation of these financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE CUSTODIAN**

The following amounts included in the financial statements and supplemental schedule were taken directly from statements provided and certified as complete and accurate by Reliance Trust Company, the custodian, as of and for the years ended December 31, 2020 and 2019, respectively:

	2020	2019
Mutual funds	$ 7,714,233	$ 8,009,165
Guaranteed interest account	$ 1,192,177	$ 588,077
Notes receivables from participants	$ 199,777	$ 121,889
Net appreciation in fair value of investments	$ 553,068	$ 936,787
Interest and dividend income	$ 690,047	$ 589,851
Interest income, notes receivable from participants	$ 9,043	$ 9,909
Other income	$ 1,414	$ 169

NOTE 4: GUARANTEED INTEREST ACCOUNT

Plan investments include an investment in a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). The MassMutual Guaranteed Interest Account ("GIA") is a general account product that is backed by the entire general account assets of Great-West Life & Annuity Insurance Company (GWLA). Under the contract, a crediting rate is established for amounts invested in the GIA and participants may ordinarily direct the withdrawals or transfer of all, or a portion of, their investment at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed investment contract's issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited to the fixed account at an annual effective yield that is at least equal to the minimum guaranteed interest rate in the investment contract. The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2020 is 1.55% and for 2019 is 1.77%.

Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2020, the contract value of fully benefit responsive fixed annuity contract was $1,192,177.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. Upon occurrence of any of these events, a market value adjustment may apply. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5: **FAIR VALUE MEASUREMENTS (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,714,233	$ -	$ -	$ 7,714,233
	$ 7,714,233	$ -	$ -	$ 7,714,233

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,009,165	$ -	$ -	$ 8,009,165
	$ 8,009,165	$ -	$ -	$ 8,009,165

NOTE 6: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by MassMutual, Recordkeeper of the Plan and Reliance Trust Company, custodian of the Plan. Fees paid by the Plan for the investment management services are recorded in net appreciation in fair value of investments. Fees for certain administrative expenses are paid to third party service providers of the Plan. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 9: **TEMPORARY CARES ACT RELIEF**

During 2020, the Plan implemented the optional provisions related to the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) including Coronavirus Related Distributions (CRD). The Plan allows all affected participants to take a CRD up to $100,000 between January 1, 2020 and December 31, 2020. CRD's will have no mandatory federal tax withholding, are exempt from 10% early withdrawal penalty and can be repaid as a rollover within three years. In addition, the CARES Act temporarily increases participant loan limits to 100% of their non-forfeitable balance up to $100,000 for loans issued between March 27, 2020 and September 22, 2020.

NOTE 10: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 30, 2021 the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred.
