Notes to Financial Statements

Note 1. Description of Plan

The following description of The Kokosing Group (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement, available at their employer's office, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all salaried and substantially all nonunion hourly employees of the Company who have completed one thousand hours of service and are age eighteen or older. The Plan has been periodically amended to permit employees of Kokosing Materials, Inc., The Olen Corporation, Owl Creek Contracting, McGraw/Kokosing, Inc., C & S Limestone, Ltd., Wabash Steel, Black Diamond 2 Construction, Inc., Integrity Kokosing Pipeline Services, LLC, Corman Construction, and Corna/Kokosing, Inc. to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). During 2020, the participants' employed by Corna/Kokosing, Inc. were transferred out and are participating in an independently sponsored plan.

Contributions

Participants are able to contribute to the Plan during each plan year a percentage of their compensation, not to exceed \$19,500 (\$26,000 for employees age 50 or older) for the year ended December 31, 2020. Each year, the Company may make discretionary contributions to the plan uniformly applied to all participants. The plan may also make discretionary matching contributions based upon each employee's pay and elective deferral contributions. The annual compensation taken into account for each participant shall not exceed \$285,000 with a maximum allowable total contribution of the lesser of \$57,000 or 100% of participants' compensation. These amounts are scheduled to be adjusted annually to reflect changes in the cost of living.

Employer Contributions

The plan sponsor matches employee contributions 100% up to 4% of compensation. During the year, it was determined that a profit sharing contribution would be awarded based on 2% of eligible compensation.

Participant Accounts

Any earnings or losses of the Trust Fund are allocated in the same proportion that each participant's and former participant's nonsegregated accounts bear to the total of all participants' nonsegregated accounts as of such date.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Participants are 100% vested after two (2) years of service in safe harbor employer contributions received after January 1, 2008. Profit sharing employer contributions, non-safe harbor non-elective contributions, and those safe harbor contributions received prior to January 1, 2008 are 100% vested after six (6) years of service based upon a 6 year graded vesting schedule.

Payment of Benefits

Upon termination of service due to death, disability or retirement of a participant, all amounts credited to that participant's account become distributable. Participants may elect to receive either a lump-sum amount or installments for a specified period of time. For termination of service due to other reasons, a participant may receive the value of the vested portion of his or her account as a lump-sum distribution. Effective January 1, 2020, in accordance with the IRS Final Rule published September 23, 2019, participants are no longer suspended from making elective deferrals after a hardship withdrawal.

Note 1. Description of Plan (Continued)

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested portion of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which is a reasonable rate commensurate with current interest rates charged for loans under similar circumstances. Principal and interest is paid ratable through payroll deductions. Loans are accounted for at cost, which approximates market value.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$134,378 and \$100,373, respectively. These accounts will be used to reduce future employer contributions.

Investments

The Plan investments are held in a Trust Fund invested in mutual funds managed by Charles Schwab Bank. The plan provides for participant directed investments up to the extent of allocated account balances. Fair market values of investments as determined by the Custodian are presented in Note 3.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Benefit Payments

Benefits are recorded when paid.

Transfers

As participants move from union status to non-union within the plan sponsor, funds are transferred between the Plan and the 401(k) plan established for the benefit of union employees.

During 2020, and more fully described in note 11, participants employed by Corna/Kokosing, Inc. were transferred into a separate plan sponsored by Corna/Kokosing.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses charged by Charles Schwab Bank for providing certain accounting and investment services are paid by the Plan. The Company also provides administrative services related to the operation of the Plan.

See accompanying independent auditors' report

Note 2. Summary of Significant Accounting Policies (continued)**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities; disclosures of contingent assets and liabilities at the date of the financial statements; and, the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3. Information Certified by Trustee

The following table is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that were prepared by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Custodian that such information is complete and accurate:

	2020	2019
Investments		
Fair value	\$ 154,332,118	\$ 157,598,239
Contract value	16,993,957	14,789,524
Participant loans	1,854,928	2,631,869
For the period ended:		
Interest and dividends	5,411,913	8,013,760
Net appreciation in fair value of investments	14,907,390	21,209,149

Information contained in the following supplemental schedules:

Schedule of Assets Held for Investment Purposes - Page 11

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See accompanying independent auditors' report

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the new asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 154,332,118			\$ 154,332,118

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 157,598,239			\$ 157,598,239

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

The IRS has determined and informed the Company by a letter dated June 19, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The tax years that are open for examination by the IRS are the years ended December 31, 2016 through December 31, 2019.

See accompanying independent auditors' report

Note 7. Investment Contract with Insurance Company

The plan participates in a fully benefit-responsive guaranteed investment contract with The Bank of New York Mellon ("Mellon"). Mellon maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mellon, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019, was \$16,993,957 and \$14,789,524, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the Plan's ability to transact at contract value with Mellon. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 8. Funds of the Plan

The allocation of participant funds among the investment options is made at the election of the participants. Investments held in the various funds are reflected at fair value and approximate the net assets available for benefits of those funds.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Covid-19 Pandemic

On January 30, 2020, the World Health Organization announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak"). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time. In response to the Pandemic, Congress passed The Coronavirus Aid, Relief, and Economic Security Act on March 27th, 2020. Included in the legislation were several provisions offering more flexibility to plan participants to access retirement funds, including an increased maximum loan amount, and temporary suspension of penalties associated with in-service distributions.

Note 11. Transfer of assets

During 2020, participants employed by Corna/Kokosing, Inc. had their respective participant accounts' spun off to form a new plan called the Corna Kokosing 401(k) Profit Sharing Plan. Assets transferred to the new plan as a result of this spin off totaled \$27,148,751.

Note 12. Subsequent Events

Events subsequent to December 31, 2020 have been evaluated through September 8, 2021, the date these financial statements were available to be issued, to determine whether additional disclosures should be made to keep the financial statements from being misleading. Management found no subsequent events that should be disclosed.
