1. DESCRIPTION OF THE PLAN:

The following brief description of Dayton Children's Hospital 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Dayton Children's Hospital (the "Sponsor"). Employees are eligible to participate in elective deferral of his or her compensation beginning on the first day of the month coinciding with or following the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum percentage and dollar limits permissible under Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Effective April 1, 2019, the Plan was amended to discontinue the auto-enrollment provision. The Sponsor makes a safe harbor matching contribution of 100% up to the first 3% of the participant's eligible compensation deferred plus 50% between 3% and 5% of the participant's eligible compensation deferred. In addition, the Sponsor may make the following additional discretionary profit sharing contributions to the Plan:

Nonelective Contribution I: The Sponsor may contribute an additional 2% of the participant's eligible compensation for employees who were hired on or after July 1, 2011. Highly compensated employees of the Children's Anesthesia Group and all employees of Dayton's Children Orthopedic Center for Spinal and Pediatric Care, Inc. are excluded from participating in allocations of these contributions. The Sponsor made Nonelective Contributions during 2020 and 2019.

Nonelective Contribution II: The Sponsor may make an additional profit sharing contribution for employees with at least 20 years of service as of July 1, 2011 who are employed as of year end. Highly compensated employees of Children's Anesthesia Group and all employees of Dayton Children's Orthopedic Center for Spinal and Pediatric Care, Inc. are excluded from participating in contributions of this type. The Sponsor did not make any contributions of this type during 2020 and 2019.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, Sponsor matching contributions, as well as allocations of the Sponsor's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and sponsor safe harbor matching contributions plus actual earnings thereon. Participants are also immediately vested in any profit sharing contributions under Nonelective Contribution II. Participants are vested in any profit sharing contribution under Nonelective Contribution I at 20% per year for five years.

Notes receivable from participants

As permitted by provisions of the Plan document, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% to 6.50%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid directly by each participant based on the terms of the loan agreements.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$37,389 and \$4,693, respectively. These account balances will be used to reduce future employer contributions or to pay Plan expenses. During 2020 and 2019, forfeited nonvested accounts were used to reduce Plan expenses by \$18,421 and \$13,390, respectively. During 2020 and 2019, forfeited nonvested accounts were used to reduce employer contributions by \$105,291 and \$128,815, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Recordkeeping fees are assessed based on Plan asset values and are classified in administrative expenses. Fees related to the administration of notes receivable from participants and for benefit distributions are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through August 31, 2021, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES:

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. On February 28, 2019, the Plan changed trustees from State Street Bank and Trust Company to Charles Schwab Bank (collectively the "trustees"). Accordingly, the trustees have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental schedule of assets (held at end of year) as of December 31, 2020; the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market funds: Money market funds are recorded at cost, which approximates fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued at the daily closing price of the underlying securities as reported by the broker. These securities consist primarily of registered investment companies and money market funds. The underlying securities held by the self-directed brokerage funds are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts. It is valued at the net asset value (NAV) of units held by the Plan based on the fair value of the underlying investments. The NAV is used, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

Description	Total	Level 1	Level 2	Level 3	Assets at NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019:

Description	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Wells Fargo Stable Value C Fund *	\$ 2,049,890	None	Daily	12 months

* Direct filing entity (DFE). The Plan is not required to disclose the investment strategies of DFEs that file a Form 5500 annual report directly with the U.S. Department of Labor.

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST:

Certain plan investments are managed by Charles Schwab Bank, trustee of the Plan, and State Street Bank and Trust Company, former trustee of the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the administrative services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Sponsor pays directly any other fees related to the Plan's operations.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

7. TAX STATUS:

The plan sponsor adopted a Prototype Non-standardized Profit-Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has since been amended. While the Company has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RISK AND UNCERTANTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

10. PLAN OPERATIONS IMPACTED BY COVID-19:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans during 2020. The provisions of the CARES Act were able to be effective and operationalized immediately, prior to amending the plan document.

The Plan Administrator has adopted distribution relief, participant loan relief, delayed loan payment, and temporary waiver of required minimum distributions provisions. The distribution relief provision permits qualified individuals to request a pre-approved distribution, through participant self-certification of eligibility. The maximum dollar amount that could be requested per participant was \$100,000. The Plan's loan relief provision permits qualified individuals to request a loan up to \$100,000 and 100% of their vested balance, through participant self-certification of eligibility. The Plan permitted participants impacted by COVID-19 to defer loan payments between March 27, 2020 and December 31, 2020 for one year. The temporary waiver of required minimum distributions provision permits qualified individuals to temporarily waive minimum distributions during 2020. The Employer intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.
