## NOTE 1. DESCRIPTION OF PLAN

The Triton Management Services, LLC 401(k) Plan (the "Plan") became effective on January 1, 1994 and is a defined contribution plan sponsored by Triton Management Services, LLC ("TMS"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan covers all eligible employees of TMS as well as the following related adopting employers: Two Jinn, Inc., California Surety Investigations, LLC, Northwest Surety Investigations, LLC, Washington Fugitive Investigations, LLC, Aladdin Bail NV, Inc., Aladdin Bail Bonds Utah, LLC, Aladdin Bail Bonds New Mexico, LLC, Aladdin Bail Bonds South Carolina, LLC, and Triton General Insurance Agency, LLC. TMS and the other related adopting employers are referred to herein as the Company.

### Eligibility

Employees are eligible to participate in the Plan as soon as administratively possible after their date of hire. Employees are not eligible to participate in the Plan if they are residents of Puerto Rico, subject to collective bargaining, or nonresident aliens who have no earned income from sources within the United States.

### Participant Contributions

Participants may elect to contribute any percentage of their eligible earnings on a pre-tax basis as allowed by the Internal Revenue Code ("IRC"). In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan up to the maximum allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified sources.

### Employer Contributions

Employer contributions include the following components:

a. Discretionary matching contributions

b. Discretionary profit sharing contributions

To qualify for discretionary matching contributions, which are determined each payroll period, an employee must be 21 years of age and have completed one year of eligibility service. For purposes of determining eligibility for the discretionary matching contribution, a year of service is defined as having completed 1,000 hours of service during the one-year period beginning on an employee's date of hire. For employees where records of actual hours of service are not maintained or available, credit will be determined on the basis of 45 hours per week ("1,000 hours of service equivalent").

To qualify for a discretionary profit sharing contribution at year end, an employee must be 21 years of age, have completed a year of service during the Plan year, and be employed on the last day of the Plan year. For purposes of determining eligibility for the discretionary profit sharing contribution, a year of service is defined as having completed 1,000 hours of service or 1,000 hours of service equivalent during the applicable Plan year.

**NOTE 1. DESCRIPTION OF PLAN (Continued)**

During 2020, the discretionary matching contribution (calculated and remitted per payroll period) was equal to 100% of a participant's elective deferral, up to 4% of a participant's compensation during the applicable payroll period, except as follows: effective for the April 15, 2020 pay date, the Company suspended its discretionary matching contribution for one payroll period, after which it was reinstated.

No discretionary profit sharing contributions were made for 2020.

**Participant Accounts**

Participant accounts are credited with the participant's contribution, any employer contributions, and allocations of Plan earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Individual participant accounts are also charged for any loan and distribution fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of credited service. A participant vests 20% for each year of credited service, beginning at the end of the second year, and is 100% vested after six years of credited service. Participants are credited with a year of service upon reaching 1,000 hours of service or 1,000 hours of service equivalent in a Plan year.

**Forfeitures**

Forfeitures may be used to reduce employer contributions or pay administrative expenses. As of December 31, 2020 and 2019, forfeitures of $9,417 and $4,452, respectively, were available for future use. During 2020, participant forfeitures and earnings of $32,931 and $108 were added to the account, respectively. Also during 2020, forfeitures of $28,074 were used to pay Plan expenses.

**Notes Receivable from Participants (Participant Loans)**

Participants may borrow against their accounts a minimum of $1,000 up to a maximum generally equal to the lesser of $50,000 or 50% of their vested interests in their account balances. Under certain circumstances, participants may have up to two such loans outstanding at a time. Loans are required to be repaid within five years unless the loan is for the purchase of a principal residence of the participant, in which case the repayment period may extend up to ten years. Loans are secured by up to half of the participant's vested account balance. The loans bear interest at fixed rates determined by the Plan administrator at the time of loan application at rates similar to those charged by commercial lending institutions. As of December 31, 2020, the interest rate on outstanding notes receivable from participants ranged from 3.25% to 5.50%. Principal and interest are paid regularly through payroll deductions.

In April 2020, the Plan operationally implemented the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") (Note 10). Participants requesting relief under the CARES Act were permitted (i) an increased loan limit to the lesser of $100,000 or 100% of the nonforfeitable account balance (available until September 23, 2020), and (ii) a delay in loan repayments due through December 31, 2020 for up to one year. In addition, the CARES Act waived loan origination fees through August 31, 2020 for such participants.

## NOTE 1. DESCRIPTION OF PLAN (Continued)

### Payment of Benefits

Upon termination of service, retirement, death, disability, or attaining age 59½, a participant whose account balance is $5,000 or more may generally elect to receive a lump sum amount equal to the value of his or her vested account balance, or to leave such funds on deposit in the Plan. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

Upon a participant's termination of employment, if the participant's vested account balance is between $1,000 and $5,000, and if the participant has not elected to receive a cash distribution or have his or her balance rolled over into in individual retirement account, the Plan may transfer the participant's account balance into an individual retirement account at the discretion of the Plan administrator. The Plan administrator, also at its discretion, may elect to distribute vested balances of less than $1,000.

As permitted by the CARES Act, the Plan implemented the following provisions for CARES Act related distributions: (i) participants may withdraw up to $100,000 without a 10% early distribution penalty, (ii) distribution processing fees were waived through August 31, 2020, (iii) such distributions can be repaid within three years of the date of distribution, and (iv) required minimum distributions were temporarily suspended for 2020.

### Investment Options

In accordance with Plan provisions, participants may direct employee and employer contributions to any of the Plan's investment options.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Valuation of Investments and Recognition of Income and Loss

Investments are reported at fair value, except for the investment in the insurance company unallocated contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The insurance company unallocated contract is a fully benefit-responsive investment contract which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for further discussion of the insurance company unallocated contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### Payment of Benefits

Benefits are recorded when paid.

### Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction in participant contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants in February 2021 and February 2020, respectively.

### Administrative Expenses

Certain of the Plan’s administrative expenses, such as custodian, accounting, and legal expenses, are paid by the Company. Other fees, including recordkeeping and other administrative fees, are paid by the Plan, as are certain distribution and loan fee expenses, which are paid by the transacting participants.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Income Tax Status

The Company adopted a volume submitter plan which received a favorable opinion letter dated March 31, 2014 in which the IRS stated that the Plan, as then designed, was, in its opinion, in compliance with the applicable requirements of the IRC. Although the Plan has since been amended, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in process for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

### Recently Issued Accounting Standard

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 improves the disclosure requirements for fair value measurements. Plan management adopted ASU 2018-13 effective January 1, 2020; its adoption did not have a material impact on the Plan's financial statements.

### Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

## NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

All investments are participant-directed and are held by Reliance Trust Company, the custodian of the Plan. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i), including investments held at December 31, 2020 and 2019, and net appreciation in fair value of mutual funds and common/collective trusts, and dividend and interest income for the year ended December 31, 2020, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Reliance Trust Company.

## NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – Inputs are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3 – Inputs are both unobservable and significant to the overall fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2020 and 2019. The following describes the valuation methodologies used for investment measured at fair value at December 31, 2020 and 2019:

*Mutual funds:* Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trusts*: Valued at the net asset value of units of the respective collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner. As of and during the years ended December 31, 2020 and 2019, the Plan offered several common/collective trusts as investment options available to participants. These common/collective trusts are separate funds that invest in separate investment companies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. In addition, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

| | December 31, 2020 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 25,642,881 | $ - | $ - | $ 25,642,881 |
| Total assets in the fair value hierarchy | $ 25,642,881 | $ - | $ - | 25,642,881 |
| Common/collective trusts measured at net asset value [(a)] | | | | 4,955,675 |
| Total investments at fair value | | | | $ 30,598,556 |

| | December 31, 2019 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 23,118,459 | $ - | $ - | $ 23,118,459 |

| Common/collective trusts measured at net asset value [(a)] | | | | 3,617,799 |
| Total investments at fair value | | | | $ 26,736,258 |

[(a)] Certain investments (common/collective trusts) that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts of the common/collective trusts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the total investments at fair value presented in the statements of net assets available for benefits.

## NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019.

There are no participant redemption restrictions for these investments; however, plan sponsors are required to provide a five-day notice period for withdrawals in excess of $1,000,000. In addition, with respect to the above investments, there are no unfunded commitments.

## NOTE 5. GROUP ANNUITY CONTRACT WITH STANDARD INSURANCE COMPANY

The Plan has a group annuity contract with Standard Insurance Company (“Standard”), the Standard Stable Asset Fund A. Standard maintains the contributions in an unallocated general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals, contract fees, and other administrative expenses. The contract issuer is contractually obligated to repay the principal and any credited interest.

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. The Standard Stable Asset Fund A is not considered a guaranteed investment contract, as it has no maturity date or penalty for early withdrawal and there are not any known cash flows that could be discounted, however, there is a stated minimum interest rate (floor) of 1.00%. Crediting rates for the contract are declared in advance and are reset quarterly using a process similar to that used by banks or other insurance companies for similar products. The crediting rate is based on the interest rate forecast for the investments underlying the account and considers yield forecasts from Standard’s internal asset advisory group, the margins required for its business, and requires the approval of Standard management. Past crediting rates are not indicative of future rates.

## NOTE 5. GROUP ANNUITY CONTRACT WITH STANDARD INSURANCE COMPANY (Continued)

Certain events may limit the availability of the Plan to transact at contract value with Standard. Such events include termination of the contract, spinoffs, divestitures, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Additionally, the Plan sponsor may terminate the contract at any time with 30 days advance written notice. Standard may terminate the contract with 30 days advance notice for reasonable cause including failure of the Company to abide by state and federal law. Standard has determined that it is probable that no events will occur that could limit the ability of the Plan to transact at contract value paid or that allow the issuer to terminate the contract at an amount different than contract value.

## NOTE 6. RELATED PARTY TRANSACTIONS

The Company provides administrative services for the Plan at no cost to the Plan and certain costs of the Plan's operating expenses are paid by the Company. In addition, certain Plan investments are managed by an affiliate of the record-keeper of the Plan, Standard Retirement Services, Inc. These transactions qualify as exempt party-in-interest transactions.

## NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

## NOTE 8. RISKS AND UNCERTAINTIES

### Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

## NOTE 9. EXCESS CONTRIBUTIONS DUE TO PARTICIPANTS

To satisfy certain nondiscrimination provisions of the Plan for the year ended December 31, 2020, $64,853 of excess participant contributions was returned to certain participants subsequent to the Plan year end. This amount is included as a liability on the statement of net assets available for benefits as of December 31, 2020. The excess contribution amounts have been netted against participant contributions in the statement of changes in net assets available for benefits for the year ended December 31, 2020 for financial statement purposes; however, the IRS Form 5500, Schedule H, Part II presents excess contributions of $64,853, as corrective distributions, a separate category of expenses (deductions from net assets), for the year ended December 31, 2020.

## NOTE 10. COVID-19

In December 2019, a novel strain of coronavirus was reported to have surfaced in China. On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The spread of this virus beyond China and within the United States of America ("U.S.") caused business disruption throughout 2020 as well as significant economic uncertainty and volatility in financial markets. The effects of the pandemic are ongoing, and considerable uncertainty remains, including the continuing necessity for restrictions and the long-term effectiveness of vaccines. As such, Plan management is unable to estimate the impacts of the pandemic on the Plan's future operations, if any. The financial statements contain no adjustments relating to the potential future effects of the pandemic.

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the CARES Act. The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be operationally implemented prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act as disclosed in the preceding notes to the financial statements. Plan management expects to formally amend the Plan by December 31, 2022.
