NOTE A - DESCRIPTION OF PLAN

The following description of Araca 401(k) Savings & Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Araca Merchandise L.P. (the Company, Plan Sponsor, and Plan Administrator) who have completed one year of service as defined by the Plan, are at least 21 years old, and who are not represented by a collective bargaining unit as defined by the Plan or nonresidential aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) passed in December 2019 and delayed the commencement date for required minimum distributions. A written amendment to the Plan to reflect this operational change will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) passed in March 2020 and allowed certain eligible participants to receive coronavirus-related distributions, increased loan limits, and suspended required minimum distributions. A written amendment to the Plan to permit these options will be adopted at a later date in accordance with applicable laws and IRS guidance.

Contributions

Participants may elect to defer from 2% up to 100% of their compensation as defined by the Plan on either a pre-tax or after-tax basis. The Plan provides for a safe harbor matching contribution of 100% up to 3% and 50% above 3% up to 5% of a participant’s elective deferrals. The Plan also provides for a discretionary employer profit sharing contribution for participants who have completed one year of credited service as defined by the Plan and are employed on the last day of the Plan year. There were no discretionary employer profit sharing contributions for the year ended December 31, 2020. The Plan provides for the acceptance of rollover contributions from individual retirement accounts, annuity contracts, and other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of fifty by the end of the Plan year. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as an allocation of the Company’s discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting
Participants are immediately vested in their deferral contributions, rollover contributions, and Company safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing portion of their accounts plus actual earnings thereon vest based on years of credited service after one year at a rate of 20% per year. Participants are fully vested in their profit sharing contributions after six years of credited service.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance excluding after-tax deferrals, subject to certain Department of Labor (DOL) and IRS requirements. Notes receivable terms range from 1 - 5 years, or longer for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest from 5.25% to 6.25% at December 31, 2020. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits
Benefits are payable to participants upon attaining age 59 ½, termination, or disability. Participants may elect to receive a lump-sum amount equal to the value of the participant's vested account, or partial payments based upon the terms of the Plan document. If the value of the vested benefits credited to the participant's account is $5,000 or less at the time of termination, the entire amount will be automatically distributed without the participant's consent within 30 days. In the event of a mandatory distribution of amounts greater than $1,000 but not exceeding $5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Active participants may make hardship withdrawals of their elective deferral account balances, subject to Plan provisions.

Forfeited Accounts
Forfeitures may be used to reduce future employer contributions. Unallocated forfeiture balances as of December 31, 2020 and 2019 were $141 and $40, respectively. No forfeitures were used to reduce employer contributions during 2020.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation
Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be in default, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition
Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Participant and employer contributions are recorded and credited to each participant's account as received by the trustee from the Company. Any contributions attributable to the Plan year but not received by the trustee by the last day of the Plan year are recorded as a receivable.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company adopted a prototype non-standardized 401(k) profit sharing plan with a cash or deferred arrangement which received an opinion letter from the IRS dated March 31, 2014, stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2021, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedules, including notes receivable from participants and investments held December 31, 2020 and 2019, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2020 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee of the Plan.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2020 are summarized below:

	Level 1
Money market fund	$ 103,976
Mutual funds	6,784,289
Total investments at fair value	$ 6,888,265

The Plan's investments accounted for at fair value as of December 31, 2019 are summarized below:

	Level 1
Money market fund	$ 91,736
Mutual funds	7,036,361
Total investments at fair value	$ 7,128,097

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2020 and 2019.

> The money market fund and mutual funds are valued at the net asset values of shares held by the Plan at year end as reported on the active markets in which the investments are traded.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements as of the reporting date.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balance.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the payment of administrative expenses by the Plan to the Plan's investment advisor, record keeper, and trustee. Such transactions are exempt from being prohibited transactions.

NOTE H - DELINQUENT PARTICIPANT CONTRIBUTIONS

As reported on the supplemental schedule of delinquent participant contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2020.

During 2020, the Company failed to remit $41,545 of participant deferrals to the Plan timely. During the year ended December 31, 2020, the Company remitted the participant deferrals and lost earnings associated with these delinquent contributions to the Plan. The contributions were corrected outside of the DOL's Voluntary Fiduciary Correction Program (VFCP); therefore, the remittances are disclosed as contributions corrected outside VFCP on the supplemental schedule.

During 2019, the Company failed to remit $147,479 of participant deferrals to the Plan timely. During the year ended December 31, 2020, the Company remitted the participant deferrals and lost earnings associated with these delinquent contributions to the Plan. The contributions were corrected outside of the DOL's Voluntary Fiduciary Correction Program (VFCP); therefore, the remittances are disclosed as contributions corrected outside VFCP on the supplemental schedule.

Additionally, the Plan Sponsor submitted an application under VFCP for correction of certain Plan contributions for the years ended December 31, 2019, 2018, 2017, 2016, and 2015 totaling $583,502. On January 29, 2020, the Plan Sponsor received notice that the application was approved with no further action required, and the remittances are disclosed as fully corrected under VFCP on the supplemental schedule.
