1. Description of Plan

The following description of the E&S Ring Management Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by E&S Ring Management Corporation and affiliated companies (Plan Sponsor) and was established in 1998. The Plan was established by the Plan Sponsor to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

Fidelity Investment is responsible for, among other things, the custody and investing of the Plan's assets and the payment of benefits to eligible participants. Fidelity Management Trust Company (FMTC) serves as the Custodian and the Trustee, and Fidelity Investment provides recordkeeping functions to the Plan.

E&S Ring Management Corporation has been designated as the Plan Administrator. All full time and part time employees of the Plan Sponsor who have completed 60 days of service and have reached age 18 are eligible to participate in the Plan.

Effective in 2019, the Plan was amended to remove the 60 days service time requirement and implement an auto enrollment feature. Now employees are eligible at the date of hire coinciding with the next plan entry date (the first of every month). Unless the employee opts out, auto enrollment takes effect on the first day of the next available month after hire at an initial contribution rate of 3%. The initial contribution will take place no sooner than 35 days after hire.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act contains several provisions that temporarily impact 401(k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a pause option for the loan payments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. The Company has adopted all relief provisions included in the CARES Act, which generally expired on or about December 31, 2020.

Contributions

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of pre-tax annual compensation not to exceed the dollar limit set by law of $19,500 for 2020. Participants age 50 or older may elect to defer an additional $6,500 of "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make discretionary contributions to the Plan on a matching basis. The Plan Sponsor has elected to make a discretionary matching contribution of 50% of the participants' deferral and not over 3% of the annual compensation. The Plan Sponsor made contributions to the Plan of $245,534 for the year ended December 31, 2020.

1. Description of Plan (Continued)

Participant Accounts

Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions and Plan investment earnings. Participants may choose to have their account balance deposited in various investment programs. Allocation of Plan investment earnings is based on the participant's account balance, as defined.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Vesting in the Plan Sponsor contributions is based on years of continuous service as follows:

Years of Service	Vested Percentage
1	20
2	40
3	60
4	80
5 or more	100

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 year to a maximum of 5 years (a maximum of 20 years if used to purchase participant's principal residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor. Interest rates on participant loans ranged from 4.25% to 7.00% as of December 31, 2020. Principal and interest are paid ratably through payroll deductions.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions owed to participants. As of December 31, 2020 and 2019, excess contributions payable amounted to $29,025 and $10,131, respectively.

Payments of Benefits

Upon termination of service, a participant will receive as benefits either a lump sum amount equal to the value of his/her account, or a monthly annuity (fixed or variable) distributed in accordance with the Plan.

Forfeitures

Forfeitures may be used to pay Plan expenses as determined by the Plan Sponsor. Any remaining forfeitures may be used to reduce Plan Sponsor contributions. Forfeited non-vested accounts totaled $7,490 and $15,362 as of December 31, 2020 and 2019, respectively. Forfeited funds are included in the Fidelity Advisor Stable Value I investment. For the year ended December 31, 2020, $20,089 in forfeitures was used to reduce Plan Sponsor contributions.

2. Summary of Significant Accounting Policies

Administrative Expenses

Plan administrative expenses are paid by either the Plan Sponsor or the Plan, as provided in the Plan agreement. Fees paid by the Plan to Fidelity Investment for certain administrative fees amounted to $70,746 for the year ended December 31, 2020. Certain administrative expenses including annual audit fees are paid by the Plan Sponsor. Most investment service fees are paid by the Plan and are offset against the related investment income.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting. The Plan's investments are stated at fair market value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represent the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Investment Options

Participants may self-direct employee and employer contributions in to various investment options available for investment. The investment options include mixes of mutual funds from aggressive to conservative, international, growth, and bonds.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when earned. Delinquent notes receivable from participants are recorded as a distribution based on upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when incurred.

Pursuant to the CARES Act, the Plan increased the loan limit up to the lesser of $100,000 or 100% of a participants account balance as well as the option to allow participants to suspend loan repayments for up to one year.

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

Payments of Benefits

Benefits are recorded when paid.

Between January 1, 2020 and December 30, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a coronavirus-related distribution ("CRD") from his or her vested account in the Plan, up to a maximum of $100,000. A CRD is not subject to the 10% additional tax that generally applies to distributions made before an individual reaches 59 ½. Active employees who receive a CRD from the Plan may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.

Subsequent Events

The Plan evaluated the impact of subsequent events through September 28, 2021, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. Fair Value Measurements

The Plan categorizes its investments using a three tier fair value hierarchy that is dependent upon the various "inputs" used to determine the value of the Plan's investments. The three levels of the fair value hierarchy under current accounting standards are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: a) quoted market prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; d) and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

- *Registered investment companies (mutual funds):* Valued based on quoted market prices (Level 1 inputs).

- *Common collective trusts:* The fair value of the investments in the common collective trust is determined based on the fair value of the underlying securities within the fund, which represents the net asset value ("NAV") of the shares held by the Plan at year end.

  The method described above for common collective trusts may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and fair value as of December 31, 2020:

Investments	Level 1	Level 2	Level 3	Total
Money market fund	$ 4,994	$ -	$ -	$ 4,994
Registered investment companies:				
Mutual funds	3,121,677	-	-	3,121,677

Investments measured at NAV:				
Common/collective trust				12,545,511
Total investments at fair value				$ 15,672,182

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and fair value as of December 31, 2019:

Investments	Level 1	Level 2	Level 3	Total
Money market fund	$ 4,960	$ -	$ -	$ 4,960
Registered investment companies:				
Mutual funds	2,556,401	-	-	2,556,401
Total investments in the fair value hierarchy	$ 2,561,361	$ -	$ -	2,561,361
Investments measured at NAV:				
Common/collective trust				11,494,070
Total investments at fair value				$ 14,055,431

4. Party-in-interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investment. Fidelity Investment is the Recordkeeper under contract arrangements with the Plan's Trustees. The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

5. Information Certified by the Trustee

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the "Act"). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the Trustee that the following information included in the Plan's financial statements is complete and accurate:

a. Investments as of December 31, 2020 and 2019.

b. Trustee transactions, investment income and investment transactions for the year ended December 31, 2020.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

COVID-19

The Plan may be adversely affected by health epidemics including the recent coronavirus outbreak. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, several states in the U.S., including California, where we are headquartered, have declared a state of emergency. Due to the pandemic, the equity and bond markets, in which Plan assets are invested, are experiencing unusually high volatility and uncertainty. Although the Plan sponsor is continuing to monitor and assess the effects of the pandemic on the Plan and its investments, the ultimate impact of the outbreak or a similar health epidemic is highly uncertain and subject to change.

7. Plan Termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Board of Directors subject to the provisions of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and nonforfeitable.

8. Prohibited Transactions

There were no prohibited party-in-interest transactions during the year ended December 31, 2020.

9. Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

1. Description of Plan

The following description of the E&S Ring Management Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by E&S Ring Management Corporation and affiliated companies (Plan Sponsor) and was established in 1998. The Plan was established by the Plan Sponsor to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

Fidelity Investment is responsible for, among other things, the custody and investing of the Plan's assets and the payment of benefits to eligible participants. Fidelity Management Trust Company (FMTC) serves as the Custodian and the Trustee, and Fidelity Investment provides recordkeeping functions to the Plan.

E&S Ring Management Corporation has been designated as the Plan Administrator. All full time and part time employees of the Plan Sponsor who have completed 60 days of service and have reached age 18 are eligible to participate in the Plan.

Effective in 2019, the Plan was amended to remove the 60 days service time requirement and implement an auto enrollment feature. Now employees are eligible at the date of hire coinciding with the next plan entry date (the first of every month). Unless the employee opts out, auto enrollment takes effect on the first day of the next available month after hire at an initial contribution rate of 3%. The initial contribution will take place no sooner than 35 days after hire.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act contains several provisions that temporarily impact 401(k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a pause option for the loan payments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. The Company has adopted all relief provisions included in the CARES Act, which generally expired on or about December 31, 2020.

Contributions

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of pre-tax annual compensation not to exceed the dollar limit set by law of $19,500 for 2020. Participants age 50 or older may elect to defer an additional $6,500 of "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make discretionary contributions to the Plan on a matching basis. The Plan Sponsor has elected to make a discretionary matching contribution of 50% of the participants' deferral and not over 3% of the annual compensation. The Plan Sponsor made contributions to the Plan of $245,534 for the year ended December 31, 2020.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 year to a maximum of 5 years (a maximum of 20 years if used to purchase participant's principal residence). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor. Interest rates on participant loans ranged from 4.25% to 7.00% as of December 31, 2020. Principal and interest are paid ratably through payroll deductions.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions owed to participants. As of December 31, 2020 and 2019, excess contributions payable amounted to $29,025 and $10,131, respectively.

Payments of Benefits

Upon termination of service, a participant will receive as benefits either a lump sum amount equal to the value of his/her account, or a monthly annuity (fixed or variable) distributed in accordance with the Plan.

Forfeitures

Forfeitures may be used to pay Plan expenses as determined by the Plan Sponsor. Any remaining forfeitures may be used to reduce Plan Sponsor contributions. Forfeited non-vested accounts totaled $7,490 and $15,362 as of December 31, 2020 and 2019, respectively. Forfeited funds are included in the Fidelity Advisor Stable Value I investment. For the year ended December 31, 2020, $20,089 in forfeitures was used to reduce Plan Sponsor contributions.

2. Summary of Significant Accounting Policies

Administrative Expenses

Plan administrative expenses are paid by either the Plan Sponsor or the Plan, as provided in the Plan agreement. Fees paid by the Plan to Fidelity Investment for certain administrative fees amounted to $70,746 for the year ended December 31, 2020. Certain administrative expenses including annual audit fees are paid by the Plan Sponsor. Most investment service fees are paid by the Plan and are offset against the related investment income.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting. The Plan's investments are stated at fair market value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represent the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Investment Options

Participants may self-direct employee and employer contributions in to various investment options available for investment. The investment options include mixes of mutual funds from aggressive to conservative, international, growth, and bonds.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when earned. Delinquent notes receivable from participants are recorded as a distribution based on upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when incurred.

Pursuant to the CARES Act, the Plan increased the loan limit up to the lesser of $100,000 or 100% of a participants account balance as well as the option to allow participants to suspend loan repayments for up to one year.

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

Payments of Benefits

Benefits are recorded when paid.

Between January 1, 2020 and December 30, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a coronavirus-related distribution ("CRD") from his or her vested account in the Plan, up to a maximum of $100,000. A CRD is not subject to the 10% additional tax that generally applies to distributions made before an individual reaches 59 ½. Active employees who receive a CRD from the Plan may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.

Subsequent Events

The Plan evaluated the impact of subsequent events through September 28, 2021, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. Fair Value Measurements

The Plan categorizes its investments using a three tier fair value hierarchy that is dependent upon the various "inputs" used to determine the value of the Plan's investments. The three levels of the fair value hierarchy under current accounting standards are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: a) quoted market prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; d) and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

- *Registered investment companies (mutual funds):* Valued based on quoted market prices (Level 1 inputs).

- *Common collective trusts:* The fair value of the investments in the common collective trust is determined based on the fair value of the underlying securities within the fund, which represents the net asset value ("NAV") of the shares held by the Plan at year end.

  The method described above for common collective trusts may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and fair value as of December 31, 2020:

Investments	Level 1	Level 2	Level 3	Total
Money market fund	$ 4,994	$ -	$ -	$ 4,994

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and fair value as of December 31, 2019:

4. Party-in-interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investment. Fidelity Investment is the Recordkeeper under contract arrangements with the Plan's Trustees. The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

5. Information Certified by the Trustee

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the "Act"). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the Trustee that the following information included in the Plan's financial statements is complete and accurate:

a. Investments as of December 31, 2020 and 2019.

b. Trustee transactions, investment income and investment transactions for the year ended December 31, 2020.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

COVID-19

The Plan may be adversely affected by health epidemics including the recent coronavirus outbreak. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, several states in the U.S., including California, where we are headquartered, have declared a state of emergency. Due to the pandemic, the equity and bond markets, in which Plan assets are invested, are experiencing unusually high volatility and uncertainty. Although the Plan sponsor is continuing to monitor and assess the effects of the pandemic on the Plan and its investments, the ultimate impact of the outbreak or a similar health epidemic is highly uncertain and subject to change.

7. Plan Termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Board of Directors subject to the provisions of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and nonforfeitable.

8. Prohibited Transactions

There were no prohibited party-in-interest transactions during the year ended December 31, 2020.

9. Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.
