Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2019, were audited by White Nelson Diehl Evans LLP, whose partners and professional staff joined CliftonLarsonAllen LLP as of November 1, 2020, and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed White Nelson Diehl Evans LLP not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated July 29, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the 401(k) plan of Henry Avocado Corporation (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan which was adopted by a resolution of the Board of Directors of Henry Avocado Corporation (the Company) effective February 1, 2001, and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended. The purpose of the Plan is to provide retirement benefits for substantially all employees who have completed at least 1,000 hours of service over a 12 consecutive month period of time, with the exception of (1) residents of Puerto Rico and (2) pickers and general laborers.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company has elected to make matching contributions equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, earnings or losses, and charged with operating expenses. Allocations are based on participant earnings and account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in all contributions, including the Company matching portion, plus actual earnings thereon.

Notes Receivable from Participant

Participant loans are not allowed.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution. Depending on age and employment status, Minimum Required Distributions could be required by law annually until all assets are distributed. Specified withdrawals for participants performing qualified military service are also allowed.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

There are no forfeitures since participants are 100% vested in both employee and employer contributions.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are paid by the Company, with the exception of certain fees charged to participants in the various funds.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Financial Statement Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value at December 31, 2020 and 2019. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as Net Appreciation in Fair Value of Investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

NOTE 3 CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

	2020	2019
Investment, at Fair Value:		
Mutual Funds	$ 19,111,160	$ 14,808,965
Interest and Dividend Income	$ 817,711	$ 562,549
Net Appreciation in Fair Value of Investments	$ 2,668,883	$ 2,243,292

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the information certified by Fidelity, except for comparing such information certified by the asset custodian to information included in the Plan's financial statements and supplemental schedule.

NOTE 5 INVESTMENTS

The Plan invests in mutual funds. The participants can direct the investment of their contributions into one or more of the various investment options.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants are already fully vested in their accounts.

NOTE 7 WITHDRAWN PARTICIPANTS

At December 31, 2020 and 2019, respectively, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

NOTE 8 TAX STATUS

The Internal Revenue Service (IRS) has sent Fidelity Management Trust Company (the Plan's custodian) an opinion letter dated March 31, 2014, that the prototype plan, Volume Submitter Profit Sharing Plan with CODA, is acceptable under section 401 of the IRC. The Plan has not requested its own determination letter from the IRS. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under the present income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTIES-IN INTEREST

All the Plan investments are handled by Fidelity Management Trust Company and all recordkeeping is maintained by Fidelity Management Trust Company. All party-in interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: The value of mutual funds is determined by fair market value for each fund and is based upon quotations obtained from national securities exchanges and over-the-counter associations for the underlying investments in the funds.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 12 SUBSEQUENT EVENTS

Events occurring after December 31, 2020 have been evaluated for possible adjustment to the financial statements or disclosures as of September 23, 2021, which is the date the financial statements were available to be issued.

The coronavirus pandemic effects on the economy and financial markets in the future is uncertain. Subsequent changes in interest rates and volatility in financial markets could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 13 FORFEITURES

Although there are no actual forfeitures because all amounts are 100% vested (see Note 1), occasionally an amount is remitted to Fidelity that cannot be applied to a participant's account due to problems with the social security number, statutory limits, or other limiting factors. Fidelity does not refund any of those amounts to the employer. When Fidelity receives an amount that cannot be allocated to a participant's account, Fidelity invests that dollar amount in the Fidelity Government Money Market Account as if a participant with the name Henry Avocado Forfeiture Account. That balance, along with all of the participants' balances, is included in the total net assets held for investment as reported by Fidelity. Fidelity allows fees, normally paid by the employer, to be deducted from this account until depleted. The Plan reports the balance as an offset to employer contributions receivable.
