**AVIVO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 DESCRIPTION OF PLAN

The following description of the Avivo 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Avivo (the Employer) originally effective January 1, 2003. The Plan was most recently restated effective January 1, 2020. The Plan covers substantially all employees of the Employer who have attained the age of 21 and completed six months of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants must have completed six months of service before they are eligible to make salary reduction contributions. Participants may elect to make salary reduction contributions up to 100% of their compensation according to Plan provisions. The Plan includes an automatic deferral provision whereby 3% of annual compensation is automatically deducted and invested on behalf of new participants unless an alternative election is made. Participants covered by the automatic enrollment provisions will have their deferral increased automatically by 1% per year to a maximum deferral of 6%. Participants age 50 or older are permitted to make catch-up contributions, subject to limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations. Deferral contributions may be made on either a pre-tax (401(k)) or after-tax (Roth) basis.

The Employer remits a 3% safe harbor contribution to all eligible employees, which is immediately vested. The contribution excludes compensation earned prior to participation in the Plan. In order to receive the safe harbor contribution, a participant must have obtained age 21 and completed one half-year of service.

Effective January 1, 2020, the safe harbor contribution was amended to change the contribution to a matched employee contribution in which the Employer will contribute an amount equal to 100% of the employee contribution that is not in excess of 1% of compensation, plus 50% of the employee contribution that exceeds 1% of compensation, not in excess of 6% of compensation.

Effective May 1, 2020, the Board of Directors elected to cease the safe harbor contribution due to the unknown economic impact that the Employer may experience related to the Coronavirus Disease pandemic. Effective January 1, 2021, the safe harbor contributions were reinstated.

Additional discretionary contributions may be made at the discretion of the Employer's Board of Directors. In order to receive a discretionary annual contribution, a participant must have attained age 21, completed one year of service, completed 1,000 hours during the Plan year, and be employed on the last day of the Plan year unless termination is due to death, disability, or retirement. No discretionary contributions were made for 2020 or 2019.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Employer's contributions, and Plan earnings or losses. Allocations are based on participant account balances or participant compensation, as defined. Income is allocated daily based on the number of shares in the participant's account.

Vesting

Participants are immediately vested in their contributions and Employer safe harbor contributions plus actual earnings thereon. Vesting in Employer discretionary contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percent</u>
1	0%
2	25%
3	50%
4	75%
5	100%

Effective January 1, 2020, vesting in safe harbor matching contributions is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percent</u>
1	0%
2	100%

Notwithstanding the above, participants shall, however, become 100% vested in their account upon attaining retirement age, their death, or disability.

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination, death, disability, or early or normal retirement, the participant may receive their vested account balance in the form of a lump sum or installment payments. If a participant terminates employment and the participant's account balance was never greater than \$1,000, the Plan administrator authorizes the benefit payment without the participant's consent. The Plan also allows hardship distributions subject to certain Plan provisions.

Forfeitures

Forfeitures are created when participants terminate before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce the Employer's future contributions to the Plan. Forfeited amounts of \$5,595 and \$479 were used to reduce future Employer contributions to the Plan during the Plan years ended December 31, 2020 and 2019, respectively. Forfeiture balances were \$1,639 and \$5,734 as of December 31, 2020 and 2019, respectively.

**AVIVO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate at prevailing market rates at the time the loan was processed. Principal and interest is paid ratably through payroll deductions. Notes receivable terms are up to five years, except for notes receivable to fund the purchase of a principal residence, for which the notes receivable may be repaid over a reasonable period that may exceed five years.

CARES Act Provisions

Effective in April 2020, certain provisions under the CARES Act relating to participant distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately, but requires formal adoption of the amendment no later than the last day of the Plan year beginning on or after January 1, 2022. The Plan has not been formally amended to adopt these provisions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan governance determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**AVIVO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through June 29, 2021, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Delaware Charter Guarantee and Trust Company dba: Principal Trust Company, the custodian of the Plan, and Principal Life Insurance Company, the insurance company of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

AVIVO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Fund: Valued at the net asset value (NAV) of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

Pooled Separate Accounts: Valued using the NAV of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end. NAV is readily determinable fair value and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2020				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,362,065	\$ -	\$ -	\$ 10,362,065

AVIVO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 7 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but may not be less than 3%. The crediting rate was reviewed on a quarterly basis for resetting. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**AVIVO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 7 INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

During the plan year 2020, the contract was terminated and was no longer held as of December 31, 2020.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Delaware Charter Guarantee and Trust Company dba: Principal Trust Company (an affiliate of Principal Financial Group) is the custodian and Principal Life Insurance Company is the insurance company of the Plan. Therefore, transactions with these entities represent party-in-interest transactions.

NOTE 9 TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014, received from the Internal Revenue Service (IRS) on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under current income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
