1. PLAN DESCRIPTION

The following description of the Total Sand Services, LLC 401k Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was created on September 1, 2018. The Plan is a defined contribution plan covering substantially all employees of the following participating employers as defined in the Plan: Total Sand Services, LLC, Texas Specialty Sands, LLC, Resource Transport, LLC, and Profuel, LLC, collectively known as the Company. The Plan was amended on January 1, 2020 to add Lane Management Logistics, LLC as a participating employer in the Plan. On May 1, 2020, Lane Management Logistics, LLC merged into Resource Transport, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the sponsor of the Plan. Prior to March 23, 2020, Principal Trust Company, as custodian for certain Plan investments and Principal Life Insurance Company as authorized representative of Principal Global Investors Trust Company, trustee of the Principal Stable Value Fund (collectively, Principal) was the custodian and third-party administrator (TPA) of the Plan. Three employees at management level positions throughout the Company served as trustees of the Plan. Effective March 23, 2020, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, Empower Retirement) is the Plan's custodian, TPA and non-discretionary trustee of the Plan.

Eligibility

Employees of the Company that are not nonresident aliens or represented by a collective bargaining agreement are eligible to participate in the Plan upon the completion of three months of service. Part-time, temporary and seasonal employees are excluded from participation in the Plan, unless they work over 1,000 hours during an eligibility computation period, which is defined as the participant's anniversary year. Contributions begin on the first of the month following completion of each of these eligibility requirements.

Contributions

The Plan allows participants to contribute up to 100% of their annual compensation, subject to certain limitations of the Plan and the Internal Revenue Code (IRC). Participants may direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

The Plan provides for a safe harbor contribution. Under this provision, the Company contributes up to 100% of the elective deferral contributions up to 4%. Effective July 1, 2020, the Plan was amended to eliminate safe harbor contributions. The Company may make discretionary matching and qualified nonelective contributions on behalf of participants. The Company elected not to make any discretionary matching or qualified nonelective contributions during 2020 and 2019.

The Plan provides an automatic enrollment provision in which newly eligible participants are enrolled to contribute 4% of their annual salary, unless the participant elects otherwise. Effective July 1, 2020, the Plan was amended to eliminate the automatic enrollment provision.

1. PLAN DESCRIPTION (Continued)

Participant Accounts
Each participant's account is credited with the participant's contributions, the Company's safe harbor contributions and allocations of (a) the Company's discretionary matching and qualified nonelective contributions and (b) the participant's share of the Plan's income. Allocations are based on participant earnings and losses and plan expenses on account balances, as defined.

Vesting
Participants are immediately vested in their contributions, matching contributions, qualified nonelective contributions and actual earnings and losses thereon. Prior to July 1, 2020, discretionary contributions became vested in a 6-year graded vesting schedule. Effective July 1, 2020, participants become vested in their Company discretionary contributions based upon years of service, as defined in the Plan as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1	33%
2	66%
3	100%

Benefit Payments
The Plan provides for benefit payments upon termination of service due to death, disability or attainment of retirement age. Participants may elect disbursement of their vested account balance in either a lump-sum amount or direct rollover into an individual retirement account or another qualified plan. The normal retirement age is the date a participant reaches the age of 65. Additionally, the Plan provides for in-service withdrawals allowed from rollover contributions at any time. The Plan allows for in-service distributions to actively-employed participants that have reached the age of 59 ½.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from a participant's account.

Administrative Expenses
The Plan pays certain administrative expenses associated with the administration of the Plan. Certain administrative expenses are paid by the Company.

Forfeitures
Forfeitures of non-vested account balances are used to reduce Company contributions or pay Plan expenses. As of December 31, 2020, the Plan reported available forfeitures of $361. As of December 31, 2019, there were no forfeited non-vested accounts. No plan expenses were paid from forfeited non-vested accounts during 2020 and 2019.

Plan Termination
Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participant accounts would become fully vested.

1. PLAN DESCRIPTION (Continued)

Coronavirus Aid, Relief and Economic Security Act
On March 27, 2020, the President of the United States of America signed into law the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayments, suspend required minimum distributions, and delay the commencement for required minimum distributions. Participants are also able to take coronavirus-related distributions and the availability of loans under the Plan increased to a $100,000 maximum. The Plan implemented the CARES Act provisions but did not formally amend their Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Adoption of ASU 2018-13 Disclosure Requirements for Fair Value Measurement
In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, "*Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement.*" This ASU eliminates, adds and modifies certain disclosure requirements for fair value measurements. The standard is effective for all entities for financial statements issued for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. The Company has adopted this standard in 2020. The disclosure requirements are being applied on a retrospective approach. The adoption of this guidance had no impact on the statements of net assets available for benefits or the statements of changes in net assets available for benefits.

Interest-Bearing Cash
Interest-bearing cash may include bank demand deposits accounts, money market accounts and all highly liquid debt instruments purchased with a maturity of three months or less. The Plan's cash balances may at times exceed federally insured limits. The Plan has not experienced any losses in these accounts and believes it is not exposed to any significant risk with respect to cash and cash equivalents.

Investments and Income Recognition
The Plan's investments in mutual funds are reported at fair value as reported by the custodians. The Plan's investment in its guaranteed investment contract is a fully benefit-responsive investment contract reported at contract value as reported by the custodians. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements – Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See Note 4 for a description of where the Plan's assets fall within the fair value hierarchy.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market, economic conditions, world affairs, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

The United States is presently in the midst of a pandemic related to a virus, commonly known as Novel Coronavirus (COVID-19). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Benefit Payments
Benefits are recorded when paid.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Principal as of and for the year ended December 31, 2019 and as of May 18, 2020 and for the period January 1, 2020 to May 18, 2020; and by Empower Retirement as of December 31, 2020 and for the period March 23, 2020 to December 31, 2020:

	2020	2019
Investments, at fair value	$ 2,438,691	$ 2,297,124
Investments, at contract value	$ 10,786	$ -
Investment income	$ 159,435	$ 276,232
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2020:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 985	$ -	$ -	$ 985
Mutual funds	2,437,706	-	-	2,437,706
Total investments, at fair value	$ 2,438,691	$ -	$ -	$ 2,438,691

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,295,907	$ -	$ -	$ 2,295,907
Investments, at net asset value				1,217
Total investments, at fair value				$ 2,297,124

4. FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Interest-bearing cash: fair value approximates the carrying amounts of such instruments due to their short maturity.

Mutual funds: valued at fair value based on quoted market prices.

Common collective trust funds: valued at fair value using the net asset value (NAV) per share practical expedient based on the value of underlying investments using a market approach.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Plan investments include a traditional fully-benefit responsive investment contract with Great-West Life & Annuity Insurance Company, that is reported at contract value. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The average yields for the investment contract and actual average yields earned on the investment contract as reported by Great-West Life & Annuity Insurance Company were approximately 1.05% for the year ended December 31, 2020. Such interest rates are reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligation, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax exempt under section 501(a) of the IRC.
- Premature termination of the contracts.
- Plan termination or merger.
- Changes to the Plan's prohibition on competing investment options.
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

The plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable.

6. PARTY-IN-INTEREST TRANSACTIONS

Principal was the custodian of the Plan assets for the year ended December 31, 2019 and for the period from January 1, 2020 to May 18, 2020. Empower Retirement is the custodian of the Plan assets for the period from March 23, 2020 to December 31, 2020. As such, transactions involving Principal, Empower Retirement and the Plan qualify as party-in-interest transactions.

7. INCOME TAX STATUS

Prior to March 23, 2020, the Plan was designed from a prototype plan provided by Principal. The Internal Revenue Service has determined and informed Principal, by the letter dated August 8, 2014, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees.

Effective March 23, 2020, the Plan is based on an IRS approved prototype plan provided by Principal. The IRS has determined, by the letter dated March 31, 2014, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan itself has not received a determination letter from the IRS. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31:

9. SUBSEQUENT EVENTS

On January 1, 2021, the Plan was amended to remove Profuel, LLC as a participating employer in the Plan. The amendment effective January 1, 2021 also re-instated safe harbor contributions, whereas the Company contributes up to 100% of the elective deferral contributions up to 4%.

Subsequent events have been evaluated through October 5, 2021, which is the date the financial statements were available to be issued.
