The Plan was most recently amended effective March 1, 2018 and subsequently amended effective April 1, 2021 (*see Note 11*). The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In March 2020, the novel coronavirus (or "COVID-19") outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruptions of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility – All non-excluded employees of the Company who are at least 18 years of age are eligible to participate in the Plan. An eligible employee may enter the Plan on the same date they satisfy the age requirement. Participants are eligible for discretionary matching contributions if they are employed on the last day of the Plan year and have completed 1,000 hours of service.

Contributions – Participants may elect to defer up to 100% of their eligible compensation into the Plan as a pre-tax or Roth 401(k) contribution, not to exceed the dollar limit set by law. Participants who are age 50 or older may also make additional catch-up contributions to the Plan. Participants may elect to start, increase, or reduce elections to contribute to the Plan effective as of each pay period. Participants may suspend their elections at any time.

The Company may make a discretionary matching contribution to the Plan on behalf of each participant in an amount equal to a percentage of eligible contributions made by each participant during the contribution period. For 2020, the Company made discretionary matching contributions equal to 25% of each participant's contributions, subject to the eligibility requirements noted above.

Participants can roll over part or all of an eligible rollover distribution they receive from an eligible retirement plan into this Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants are responsible for their investment decisions under the Plan and any resulting investment activity. The Plan currently offers various mutual funds, a money market fund, collective trust fund, and a self-directed brokerage account as investment options for participants. The value of participant accounts is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option, and withdrawals.

Vesting – Participants are always 100% vested in their deferral contributions, including catch-up contributions and rollover contributions, plus any earnings thereon. Vesting in employer matching contributions is based on years of vesting service. Participants will become 100% vested in employer matching contributions after one year of service.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of one-half of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the balance in a participant's account. All loans bear a reasonable rate of interest. Principal and interest are paid ratably through after-tax payroll deductions from each regular paycheck over a five-year period, unless it is for the purchase of a participant's principal residence in which case the loan repayment period may not exceed beyond 15 years from the date of the loan.

Coronavirus-Related Loans – A participant who satisfies the eligibility requirements for a coronavirus-related distribution may take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the Internal Revenue Code (IRC) requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Payment of Benefits – Participants may receive a distribution of the vested portion of some or all of the accounts in the Plan if they request one due to their disability, retirement, or termination of employment from the Company. If a participant's vested account balance does not exceed $1,000, the participant's account balance will be distributed in a lump sum. If a participant's vested account balance exceeds $1,000, but is less than $5,000, participants may either elect to receive the distribution in cash or to roll over the distribution to an IRA or other qualified plan of a new employer. If a participant's vested account balance exceeds $5,000, the participant must consent to any distribution.

Participants who have attained age 59½ may receive an in-service distribution from their vested accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Coronavirus-Related Withdrawals – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permits participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act.

The amendment for the CARES Act elections must be adopted by the end of the calendar year 2022.

Forfeited Accounts – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2020 and 2019, the forfeited nonvested account totaled $15,135 and $-0-, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of Benefits – Benefits are recorded when paid.

Administration Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 1, 2021, the date the financial statements were available to be issued (*see Note 11*).

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money Market Fund – Valued at the daily closing price reported on the active market on which the individual fund is traded.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account – The underlying investments, which consist primarily of interest-bearing cash accounts, individual corporate common stocks, and mutual funds, are valued at the closing price reported on the open market and are classified within level 1 of the valuation hierarchy.

Collective Trust Fund – Valued at the NAV of units of a bank collective trust. The NAV, as provided by Charles Schwab Trust Bank and Charles Schwab Bank, the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEES

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustees, except for comparing such information certified by the trustees with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – STABLE VALUE FUND

The Plan invests in the Invesco Stable Value Fund (the Stable Value Trust) which is a collective trust that has entered into benefit-responsive guaranteed investment contracts and wrapper contracts with various financial institutions. The financial institutions maintain the contributions in investment contracts. The contracts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contracts held by the Stable Value Trust are fully benefit-responsive, therefore contract value is the relevant measurement attribute for that portion of the investment. Contract value, as reported to the Plan by the manager of the Stable Value Trust, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Therefore, contract value of the guaranteed investment contracts held by the Stable Value Trust is considered fair value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. Certain events limit the ability of the Plan to transact at contract value with the wrap issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a wrap contract for cause at any time.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustees. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rule under ERISA.

NOTE 7 – PLAN TERMINATION

Although the Company intends for the Plan to be permanent, the Company can amend or terminate it at any time. If the Company does terminate the Plan, all participants will have a 100% vested interest in their accounts as of the Plan termination date, and all accounts will be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

NOTE 8 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA sponsored by Schwab Retirement Plan Services Inc. The prototype plan obtained its latest opinion letter on June 19, 2014, in which the IRS stated that the plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults, and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to the Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	**$ 20,312,885**	$ 18,958,762
Excess participant contributions payable	**13,318**	-
Net assets available for benefits per the Form 5500	**$ 20,326,203**	$ 18,958,762

The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2020, to the Form 5500:

Total contributions per the financial statements	$ 1,072,534
Add: excess participant contributions payable at December 31, 2020	13,318
Total contributions per the Form 5500	$ 1,085,852

NOTE 11 – SUBSEQUENT EVENTS

Effective April 1, 2021, the Plan amended the entry date and eligibility requirements for participants to participate in the Plan. All non-excluded employees of the Company who are at least 18 years of age and complete 30 days of employment are eligible to participate in the Plan. Employees may enter the Plan on the first day of the month following the date requirements are met. No other events require adjustment or disclosure.
