NOTE A - DESCRIPTION OF THE PLAN

The following description of the Sidecar 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined-contribution plan covering all employees of Sidecar Interactive, Inc. (the "Company") who are scheduled to work over 1,000 hours during a Plan year and are age 21 or older. Employees who are covered by a collective bargaining agreement, are nonresident aliens, considered leased employees, or interns are excluded from participation in the Plan. The recordkeeper is Human Interest, Inc.

LT Trust Company ("LT Trust") was the custodian of the Plan through December 14, 2020. Effective December 15, 2020, Matrix Trust Company ("Matrix Trust") became the custodian of the Plan's assets and accordingly, on December 15, 2020, all of the Plan's assets held by LT Trust were transferred to Matrix Trust.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Contributions:

Participants may elect to defer up to 100% of their eligible compensation, as defined in the Plan, as pre-tax 401(k) contributions, after-tax Roth 401(k) contributions, or any combination of these two types of 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans.

There are no Company contributions made to the Plan on behalf of participants. Participants direct the investment of participant contributions into various investment options offered by the Plan.

In 2018, it was discovered that certain Plan provisions were not properly applied in the daily operation of the Plan during the year ended December 31, 2019. As a result, the Plan Sponsor made a qualified nonelective employer contribution of $30,827. See Note I for further detail.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of the qualified nonelective employer contribution and Plan earnings and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their elective deferral contributions and earnings thereon.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate in the Wall Street Journal on the date of the loan plus 1% per year. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. There were no outstanding loans as of December 31, 2020 or 2019.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 and provided certain loan provisions. Participants, who met specific conditions, were eligible to take a coronavirus ("COVID-19") related loan up to $100,000 (an increase from $50,000 previously allowed) for the period from March 27, 2020 to September 22, 2020. Loan repayments due between March 27, 2020 and December 31, 2020 could be suspended until January 1, 2021 for eligible participants, with the repayment amount reamortized and the due date of the loan extended for up to one year.

[6] Payment of benefits:

On termination of service due to reasons other than death, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distribution after termination of employment shall commence as soon as administratively feasible, with the final payment made consisting of any allocations occurring after termination of employment.

Distributions on account of a participant's death shall be made as a lump sum by December 31 of the calendar year containing the fifth anniversary of the participant's death, or as an annuity over the life expectancy of the beneficiary.

The CARES act provided optional distribution as well as suspension of required minimum distributions ("RMDs") for anyone required to receive an RMD in 2020. The Plan Sponsor has implemented the following provisions of the CARES Act and the Plan will be formally amended prior to December 31, 2022, as required by the Act.

Participants, who met specific conditions, were eligible to take a COVID-19-related distribution up to $100,000 without a 10% early withdrawal penalty. Eligible distributions could be taken from January 1, 2020 through December 31, 2020, and may be repaid within three years. The repayments will be treated as tax-free rollovers into the participant's account.

The Plan Sponsor elected to suspend paying RMDs to participants and beneficiaries that would have otherwise been required to receive an RMD in 2020. However, participants and beneficiaries had a choice between receiving and not receiving the RMD for 2020. In addition, individuals that received an RMD prior to the enactment of the CARES Act had until August 31, 2020 to rollover the RMD to an eligible retirement plan**.**

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized/unrealized appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[3] Payment of benefits:

Benefits are recorded when paid.

[4] Plan expenses:

Substantially all expenses, with the exception of fees related to notes receivable from participants and fees in connection with distribution requests, incurred in connection with the administration of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

[5] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan changed custodians effective December 15, 2020. Pursuant to the change, all of the Plan assets were transferred from LT Trust to Matrix Trust on December 15, 2020. As permitted under the previously noted election, Matrix Trust, as of December 31, 2020 and for the period from December 15, 2020 to December 31, 2020 and LT Trust as of December 31, 2019 and for the period from January 1, 2020 to December 14, 2020 have certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statement of changes in net assets available for benefits for the year ended December 31, 2020 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investment assets measured at fair value. There have been no changes in the methodology used as of December 31, 2020 or 2019.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019:

	Investment Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$2,876,457**	**$ -**	**$ -**	**$2,876,457**
Cash and cash equivalents	**65,623**	**-**	**-**	**65,623**
Investments at fair value	**$2,942,080**	**$ -**	**$ -**	**$2,942,080**

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

	Investment Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$2,269,814	$ -	$ -	$2,269,814
Cash and cash equivalents	27,920	-	-	27,920
Investments at fair value	$2,297,734	$ -	$ -	$2,297,734

Changes in fair value levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - TAX STATUS

The Plan has adopted a Volume Submitter Profit Sharing Plan with CODA sponsored by CCH Incorporated. On March 31, 2014, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter Profit Sharing Plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and, therefore, the related trust was exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

For the year ended December 31, 2020, distribution fees paid to Human Interest, Inc. amounted to approximately $300.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2020, may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the COVID-19 outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Company as well, given that such public health epidemics, if sustained, could impact Company employees and customers in affected regions. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets, resulting in an economic downturn that may impact demand for the Company's services. Such impacts could adversely affect Company profitability, cash flows, financial results, and the ability to make required Plan contributions. At this point, the extent to which the coronavirus may impact the Company's financial results is uncertain.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE I - PLAN OPERATIONS

During the year ended December 31, 2018, the Plan administrator discovered an operational error related to the misapplication of the definition of compensation, per the Plan document, that resulted in an incorrect withholding of participant contributions in 2018 and 2019. The Plan administrator determined the affected participants and has deposited $30,827, which includes missed deferrals and lost earnings, as a qualified nonelective contribution on April 22, 2020. This amount was included as a receivable on the statement of net assets available for benefits as of December 31, 2019 and contributed to affected participants in 2020.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 30, 2021, which is the date the financial statements were available to be issued.

Effective January 1, 2021, the Limestone Pension Associates, LLC ("LPA") was appointed as the Plan's third-party administrator. In conjunction with this, the Plan was amended to adopt a volume submitter agreement sponsored by LPA. Some provisions that were amended include removing the age and service requirement for employees to be eligible to participate in the Plan and adding an employer match and discretionary profit-sharing contribution.

In March 2021, the Plan changed its recordkeeper from Human Interest, Inc. to Empower Retirement LLC.
