**PeroxyChem LLC Savings and Investment Plan**  
**Notes to Financial Statements**  
**As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020**

---

**1. Description of Plan**

The following description of the PeroxyChem LLC Savings and Investment Plan (the “Plan”) provides only general information. The Plan was originally effective March 1, 2014 and was most recently amended and restated effective January 1, 2018. Participants should refer to the Plan document for a more complete description of the Plan’s provisions; however, participants need to be aware that the Plan merged with and into the Evonik Corporation 401(k) Savings Plan effective December 31, 2020.

**General**

The Plan is a defined contribution plan covering all employees of PeroxyChem LLC (the “Company”), who have completed one month of service with the Company. Non-resident aliens, and employees classified as seasonal, co-op student, intern, temporary, provisional or special project employee and an employee who has been hired by a participating employer for a specific project or for a definite and limited period of time are ineligible for Plan participation. Reliance Trust is the trustee of the Plan. The Plan is designed as a prototype plan under the recordkeeper and trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On November 7, 2018 Evonik Industries Corp signed an agreement with One Equity Partners to acquire PeroxyChem LLC, the Plan sponsor. As of February 3, 2020, the acquisition of the Company by Evonik was completed and all active participants became fully vested in their entire account balances due to the change in control (see Note 7). As a result of this acquisition, effective December 31, 2020 the Plan was merged with and into the Evonik Corporation 401(k) Savings Plan with all assets out of the Plan by December 31, 2020. The plan merger initiated a “Black Out” period beginning December 24, 2020 and continued through January 11, 2021. During this period, participants’ plan accounts were not available for investment fund exchanges, and distribution requests, including loans. During the Black Out period, funds were transferred from Reliance Trust, the trustee of the Plan to Prudential Retirement, the service provider of the Evonik Corporation 401(k) Savings Plan. As a result of the plan merger, on January 4, 2021, \$47,965,009 of plan investments, \$1,596,263 of notes receivable from participants, \$124,197 of employee contributions, and \$2,467,144 of employer contributions were transferred from the Plan to the Evonik Corporation 401(k) Savings Plan. Management believes that there was no participant-initiated activity after December 31, 2020. As a result, for Form 5500 purposes, all assets, liabilities and participants ceased to be part of the Plan as of December 31, 2020 and such amounts are reported as zero on the December 31, 2020 Form 5500.

**Contributions**

Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan document, provided that in no event shall a participant elect to contribute more than the maximum allowed by law. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions may be designated as Roth 401(k) contributions. The Plan provisions include automatic enrollment for participants who do not complete a salary deferral agreement by their Plan entry date, and provided that no contrary election is made, the participant will automatically defer 5% of eligible compensation for each payroll period to be contributed to the Plan, and that amount will increase by 1% each Plan year up to a maximum of 10% of eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for a discretionary matching employer contribution which is calculated each payroll period. For the year ended December 31, 2020, the discretionary employer match was 80% of the first 5% of an active participant’s eligible compensation contributed to the Plan.

**PeroxyChem LLC Savings and Investment Plan**  
**Notes to Financial Statements**  
**As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020**

---

The Plan provides for a safe harbor matching contribution equal to 3% of a participant's eligible compensation. For the year ended December 31, 2020, the total safe harbor matching contribution was \$1,409,284. During 2020, forfeitures of \$0 was used to offset the 2019 safe harbor matching contribution.

The Plan also provides for a discretionary non-elective employer contribution. Non-union employees will receive a discretionary uniform allocation and Union employees' allocation will be based on the Union's Collective Bargaining Agreement. For the year ended December 31, 2020, the uniform allocation for non-union employees was 2% of eligible compensation, and ranged from 2% to 7% of eligible compensation for union employees depending on completed years of service. Employees must be employed on the last day of the Plan year in order to be eligible to receive the discretionary non-elective employer contribution. For the year ended December 31, 2020, the total discretionary non-elective employer contribution was \$998,645.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's non-elective employer contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Forfeited Accounts**

Forfeitures are generally used to pay administrative expenses or to offset any employer contributions. The total unallocated forfeiture account balance was \$0 and \$101,285 as of December 31, 2020 and 2019, respectively. Forfeitures of \$34,745 were used to pay administrative expenses during the year ended December 31, 2020. No forfeitures were used to offset employer contributions during the year ended December 31, 2020. Forfeitures of \$91,100 were merged with and into the Evonik Corporation 401(k) Savings Plan.

**Vesting**

A participant, at all times, has a fully vested (100%) interest in their own contributions, safe harbor matching contributions and rollover contributions, including actual earnings thereon. As of February 3, 2020, all active participants became fully vested in their entire account balances due to the change in control resulting from the acquisition of PeroxyChem LLC by Evonik Industries Corp (see Note 7).

Prior to the change in control, discretionary matching contributions and discretionary non-elective contributions vest according to the following schedule:

| <u>Years of Vesting Service</u>         | <u>Percentage</u> |
|-----------------------------------------|-------------------|
| Less than 1 year                        | 0%                |
| More than 1 year but less than 2 years  | 20%               |
| More than 2 years but less than 3 years | 40%               |
| More than 3 years but less than 4 years | 60%               |
| More than 4 years but less than 5 years | 80%               |
| 5 or more years                         | 100%              |

Notwithstanding the above vesting for matching contributions, and the discretionary non-elective contribution, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (65), early retirement age (55 with 10 years of service), on account of termination of employment due to death or disability while an employee, or upon a change in control of the Company. Former FMC Corporation employees transferring to PeroxyChem LLC as of March 1, 2014 are 100% vested for purposes of all contributions.

**Notes to Financial Statements**  
**As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020**

**Notes Receivable from Participants**

Participants, except as permitted by the CARES Act provisions adopted, may borrow from their fund accounts at a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms shall not extend beyond five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence or such delay in the due date as permitted by the CARES Act provisions adopted.

**Payment of Benefits**

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period of time. For termination of service due to other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump sum distribution or installment payments. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than \$1,000 but does not exceed \$5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator. Hardship and in-service distributions are also permitted from participant accounts, based on the terms of the Plan document.

**CARES Act Provisions Adopted**

Effective March 27, 2020, the Plan adopted provisions under the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") including:

- Permitting qualified participants to receive coronavirus-related distributions;
- Increasing the maximum loan amount available to participants to the extent permitted by the CARES Act;
- Allowing for a delay in the due date of any loan outstanding to the extent permitted by the CARES Act; and
- Waiving, to the extent permitted by the CARES Act, required minimum distributions in the calendar year 2020.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

**PeroxyChem LLC Savings and Investment Plan**  
**Notes to Financial Statements**  
**As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020**

---

**Notes Receivable from Participants**

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

**Payments of Benefits**

Benefit payments to participants are recorded upon distribution.

**Administrative Expenses**

All reasonable administrative expenses, including trustee, custodial and third party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

**Subsequent Events**

Management evaluated subsequent events for the Plan through September 24, 2021, the date the financial statements were available to be issued.

**3. Unaudited Information Certified by the Plan Trustee**

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedule was derived from information certified by Reliance Trust, the trustee, as complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment activity, including interest and dividend income and net appreciation in fair value of investments; and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

**4. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**PeroxyChem LLC Savings and Investment Plan**  
**Notes to Financial Statements**  
**As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020**

---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

*Registered investment companies:* Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Due to the merger with and into the Evonik 401(k) Plan, there were no investments at fair value as of December 31, 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

|                                 | <u>Total</u>         | <u>Level 1</u>       | <u>Level 2</u> | <u>Level 3</u> |
|---------------------------------|----------------------|----------------------|----------------|----------------|
| Investments, at fair value:     |                      |                      |                |                |
| Registered investment companies | <u>\$ 36,679,647</u> | <u>\$ 36,679,647</u> | <u>\$ -</u>    | <u>\$ -</u>    |
| Total                           | <u>\$ 36,679,647</u> | <u>\$ 36,679,647</u> | <u>\$ -</u>    | <u>\$ -</u>    |

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2020 and 2019, there were no transfers in or out of levels 1, 2, or 3.

## **5. Tax Status**

Effective January 1, 2018, through the adoption of a Great-West Trust Company Defined Contribution Prototype Plan and Trust, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated March 31, 2014, stating that the prototype plan document as then designed was in accordance with applicable Internal Revenue Code ("IRC") requirements. The Plan has been amended since relying on the prototype opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

**PeroxyChem LLC Savings and Investment Plan**  
**Notes to Financial Statements**  
**As of December 31, 2020 and 2019 and for the Year Ended December 31, 2020**

---

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

**6. Related-Party and Party In Interest Transactions**

Certain Plan investments are shares of registered investment companies (mutual funds) managed by JP Morgan. JP Morgan was the third-party recordkeeper for the Plan, until its recordkeeping services were acquired by Empower. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

**7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contribution.

As of February 3, 2020, all active participants became fully vested in their entire account balances due to the change in control resulting from the acquisition of PeroxyChem LLC by Evonik Industries Corp.

**8. Risks and Uncertainties**

The Plan provides for various investment options including mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**9. Prohibited Transactions**

During 2019, the Company failed to remit to the Plan's trustee certain employee contributions and loan repayments totaling \$24,155, within the period prescribed by the Department of Labor regulations. During 2020, the Company made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the processing delays and took action prescribed by the regulations to remedy such errors related to 2019.
