WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2020 and 2019

Note 1: Description of Plan

The following description of the WABCO 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of WABCO Holdings Inc. and affiliated companies (collectively referred to as the Company) as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee is responsible for oversight of the plan and also determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

The Plan offers a wide variety of mutual funds and common collective trusts as investment options in the plan. This variety allows participants to select the option(s) that best reflect their investment style – from conservative to aggressive. Flexible provisions allow participants to transfer invested assets between funds and redirect the investment of current and future contributions as specified by the governing plan document and contract provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All investments are participant-directed and participants may change their investment options at any time. Upon enrollment, a participant may direct employee contributions in percentage increments to any of the Plan's fund options. If a participant is automatically enrolled, their contributions are invested in a Charles Schwab Target Date Fund, based on the assumption that the participant will retire at age 65, until the participant changes the election.

Contributions

Each year, participants may contribute up to 50 percent of pretax annual compensation, as defined in the Plan document and subject to various regulatory limitations, through a salary reduction agreement. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, otherwise known as rollover contributions. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation until changed by the participant.

Each pay period, the Company matches participant deferral contributions dollar-for-dollar, up to a maximum of 6 percent of eligible compensation. In addition, each pay period, the Company contributes a basic contribution representing 3 percent of each participant's eligible pay to the participants account regardless of the participants contribution level. During the year ended December 31, 2020, the employer match percentage was reduced from a maximum of 6 percent of eligible compensation to a maximum of 3 percent eligible compensation. In addition, the Company's contribution representing 3 percent of each participant's eligible pay was eliminated. During the year ended December 31, 2020, the Company made \$4,687,090 in contributions to the Plan. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No such additional contributions were made during 2020.

Vesting

Participants are immediately 100 percent vested in both their own contributions and the Company's basic and matching contributions.

Notes to the Financial Statements

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. Up to 50 percent of a participant's vested account balance may be used as collateral for any loan. Participants may only have two loans outstanding at any given time and may not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period, unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. All loans shall bear a rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. As of December 31, 2020, outstanding participant loans carried interest rates ranging from 3.25 to 5.75 percent, and mature at various dates through October 2049.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant or the participant's beneficiary may elect to receive a lump-sum amount equal to the vested value of the participants account or installments over a period of time. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½. When a participant separates from service, a forced payout will be made for account balances of \$5,000 or less. Any force-out distribution that exceeds \$1,000 will automatically be rolled into an individual retirement account on behalf of the participant.

Forfeited Accounts

Typically, the Plan does not have forfeited accounts as participants are immediately vested in all contribution types. However, during 2017 approximately \$70,000 of forfeitures occurred due to excess-contributions of participant dollars. At December 31, 2020 and 2019, forfeited accounts totaled approximately \$65,800 and \$52,500, respectively. The increase in the forfeiture accounts was related primarily to investment earnings and transfers. These accounts will be used to reduce future employer contributions or pay plan expenses, as defined and permitted by the plan document.

COVID-19

In December 2019 a novel strain of coronavirus (COVID-19) surfaced and has resulted in serious economic concerns for businesses across numerous industries worldwide. Among the many consequences of COVID-19, individuals have been ordered to stay at home, non-essential businesses have been temporarily closed, unemployment dates have increased and the US and global stock markets have seen significant volatility.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Due to the rapid development and fluidity of this situation, the Company cannot determine the ultimate impact that the COVID-19 pandemic will have on the Plan's financial condition, liquidity, and future results of operations, and therefore any prediction as to the ultimate impact on the Plan's financial condition, liquidity, and future results of operations is uncertain.

To provide economic relief to individuals and businesses facing hardship due to the COVID-19 crisis, Congress enacted and signed into law, the Coronavirus Aid, Relief and Economic Security ("CARES") Act, on March 27, 2020. Provisions of the CARES Act that the Plan has adopted in 2020 are as follows:

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2020 and 2019

Note 1: Description of Plan (Continued)

- Eligible participants can take up to \$100,000 in coronavirus-related distributions from retirement plans without being subject to the Sec. 72(t) 10% additional tax for early distributions. Eligible distributions can be taken up until December 31, 2020.
- Coronavirus-related distributions may be repaid within three years. Any resulting income inclusion would be subject to tax over three years.
- Increase of loan limitation of up to \$100,000 from qualified plans.
- Loan repayment can be delayed for one year.
- The required minimum distributions rules in Sec. 401 are temporarily suspended for 2020. The bill delays 2020 minimum required contributions for single-employer plans until 2021.

Plan management intends to formally amend the Plan for these provisions as required.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments held by the Plan are reported at fair value (see Note 3). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2020 and 2019

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees related to the administration of the plan are charged directly to the participant's account and are net with off-setting revenue credits, and are included in administrative expenses.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after, December 31, 2020 are not expected to have a significant impact on the Plan's financial statements.

Note 3: Fair Value Measurements

The established framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Companies – Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end, which is a publicly quoted price.

Common/Collective Trusts (CCT): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Level 1	Level 2	Level 3	Fair Value
December 31, 2020				
Mutual Funds	\$ 48,001,164	\$ -	\$ -	\$ 48,001,164

Mutual Funds	\$ 115,302,828	\$ -	\$ -	\$ 115,302,828
Total Assets in Fair Value Hierarchy	<u>\$ 115,302,828</u>	<u>\$ -</u>	<u>\$ -</u>	115,302,828
Investments Measured at Net Asset Value (a)				<u>5,526,105</u>
Total Assets at Fair Value				<u>\$ 120,828,933</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the lined items presented in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2020				
Common Collective Trust	<u>\$ 81,754,771</u>	<u>\$ -</u>	<u>Daily</u>	<u>N/A</u>
December 31, 2019				
Common Collective Trust	<u>\$ 5,526,105</u>	<u>\$ -</u>	<u>Daily</u>	<u>N/A</u>

Note 4: Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the underlying volume submitter plan by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the advisory opinion, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2020 and 2019

Note 5: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2020 and 2019, the Plan had two investments that accounted for approximately 21 percent and two investments that accounted for approximately 23 percent of the Plan's total assets, respectively.

Note 6: Information Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee of the plan:

	2020	2019
Assets:		
Interest bearing cash	\$ 5,469	\$ 2,977
Investments, at fair value	129,755,935	120,828,933
Notes receivable from participants	3,345,170	3,370,509
	2020	
Income for the Year Ended December 31:		
Net appreciation in fair value of investments	\$ 15,124,443	
Dividends and interest	1,625,666	
Interest income on notes receivable from participants	144,621	

Note 7: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Fidelity Management Trust Company, the trustee of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations, except for certain participant transaction fees included in administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the plan administrator will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the Trustee.

Note 9: Plan Errors and Prohibited Transactions

During the year ended December 31, 2019 certain employee elected deferrals were erroneously calculated and withheld (or not withheld). Additionally, certain employer contributions were incorrectly calculated for the year then ended. This constituted operational failure within the Plan. Management corrected this error during the year ended December 31, 2020, and filed Form 5330 and paid the applicable excise tax from the Company's assets and not from the assets of the Plan.

WABCO 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2020 and 2019

Note 9: Plan Errors and Prohibited Transactions (Continued)

During 2019 the plan sponsor inadvertently failed to make deposits of \$43,836 of participant deferrals and loan payments within the timeframe as required by the DOL. The DOL considers late deposits, without regard to materiality, to be prohibited transactions. The general rule for deposits of 401(k) withholdings requires that the employer remit withheld employee 401(k) deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer's general assets, but in no event later than 15 business days after the end of the month in which the contributions were withheld. Management believes that assets can reasonably be segregated within 10 calendar days; therefore, any amount remitted after 10 calendar days is considered late. The plan sponsor made deposits ranging from 10 days to 45 days after the date in which the contribution was withheld. The Plan Sponsor filed Form 5330 and paid any applicable excise tax during the year ended December 31, 2020. The excise tax payments were made from the plan sponsor's assets and not from the assets of the Plan. In addition, participant accounts were credited with the amount of investment income which would have been earned had participant contributions been remitted on a timely basis.

Note 10: Subsequent Events

Subsequent events were evaluated through October 4, 2021, which is the date the financial statements were available to be issued.

Subsequent to year end, the plan sponsor has made the following changes that became effective on January 1, 2021.

- RH Sheppard is no longer a participating employer
- The plan sponsor will match 100% of the first 4% of employee elective deferrals, and will also match 50% of the next 2% of employee elective deferrals
- For each payroll period, the plan sponsor will contribute 1% of each participant's compensation in the form of a fixed non-elective employer contributions which is 100% vested at all times
- Newly eligible employees will be automatically enrolled in initial pre-tax deferral contributions of 5%, which will be made for them 35 days after hire

In compliance with the Share Purchase Agreement between the plan sponsor and ZF Group, employees in the CVCS division of the plan sponsor who were hired on or before November 2, 2020 will receive various make-up payments to cover the difference between the new offering and the offering of the plan prior to COVID-19 measures.

On February 12, 2021 all plan assets related to the R.H. Sheppard Co., Inc. employees totaling \$43,903,968 were transferred out of the plan as a result of the Plan sponsor divesting the R.H. Sheppard Co., Inc. on May 31, 2020.
