NOTE 1 - DESCRIPTION OF PLAN

The following description of the Shermco Industries, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to Internal Revenue Code Section 401(k) provisions. The Plan was established January 1, 1979, and has been amended periodically subsequent to that date. The Plan covers substantially all employees of Shermco Industries, Inc. (the "Parent") and its wholly owned subsidiary, Shermco System Integration LLC (the "Subsidiary") (all collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: Employees are eligible to participate in the Plan if they are age 18 or older and have completed two months of service. Employees become eligible to receive employer contributions upon obtaining the same requirements. An employee can enter the Plan on the first day of the month or immediately following, or coincident, with the date the employee completes the eligibility requirements.

Contributions: Each year, participants may contribute up to 80 percent of pretax annual compensation, as defined in the Plan, subject to certain limitations. The Plan also allows for participants to make elective contributions on an after-tax basis. In addition, those participants, who are over the age of 50 or turning age 50 on or before December 31, 2020, are eligible for an additional catch-up contribution of $6,500 in 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make contributions at the option of the Company's board of directors. Contributions are subject to certain limitations. Plan participants direct the investment of their contributions and the discretionary employer contributions into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 20 percent per year. A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installment over a set period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59 ½.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions. On March 27th, the Company adopted the loan provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that impacted notes receivable from participants as noted in the Plan Amendment section below.

Forfeitures: If a participant terminates employment prior to becoming fully vested, the right to the unvested balance is forfeited. Participant forfeitures of employer contributions may be used to reduce employer contributions and/or to pay Plan expenses. During 2020, $141,900 of forfeited employer contributions was used to offset employer contributions and Plan expenses. The remaining balances of forfeitures available to offset future employer contributions as of December 31, 2020 and 2019 were $200,246 and $140,272 respectively.

Administrative Expenses: Certain costs incurred in the administration of the Plan have been paid by the Company. Investment management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Recordkeeping fees, loan processing fees, investment advisor fees and other administrative fees are paid by the Plan and included as administrative expenses

Plan Amendment: During the Plan year, the Plan was amended to include prior service at Electrical Mechanical Services, Inc., PRIT Service, Inc., Southwest Energy Systems, LLC, Enthalpy Energy Services LLC, and Electrical Manufacturing & Distributors, Inc. dba EMD, Inc. for vesting and eligibility purposes. The Plan was also amended to permit financial hardship distributions from Post-1988 investment earnings on Elective Deferrals, Qualified Matching Contribution, and Qualified Non-Elective Contributions accounts. Furthermore, the Plan Post-severance compensation was removed as an exclusion from compensation used for employer contributions. Additionally, In-Plan Roth Rollovers which can be made from all Plan accounts in which the participant has a 100% vested interest are now allowed.

Effective March 27, 2020, the CARES Act was passed by Congress. Among other things, the CARES Act provides immediate and temporary relief for retirement plan participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. As of December 31, 2020, Plan management has adopted the following relief provisions included in the CARES Act and continues to evaluate other provisions.

Coronavirus-related distributions are permitted under the plan up to $100,000 along with waiver of the 10% early distribution penalty tax coronavirus-related distributions. The 10% penalty tax does not apply to coronavirus-related distributions up to $100,000 per individual.

Increased loan limits and extensions of repayment periods of any new or preexisting loans as well as increasing the maximum loan amount from $50,000 or 50% of the vested account balance to $100,000 or 100% of the vested balance, whichever is less. Loan repayment suspensions are permitted for qualified individuals for up to one year or any other period as permitted by the Internal Revenue Service.

Required minimum distributions were suspended for 2020 as such, a participant or beneficiary who would have been required to receive a 2020 required minimum distribution will not receive such distribution unless the participant or beneficiary chooses to receive such distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit responsive investment contracts, are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Benefit Payments: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

New Accounting Standard: In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in ASU 2018-13 eliminate, add, and modify certain disclosure requirements for fair value measurements. The amendments are effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Adoption of this standard had no material effect on the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trust provides for daily redemptions by the Plan at reported net asset value per share with no advance notice requirement. For Plan closure or transfer, the collective trust provides redemptions with a 45-day advance notice requirement.

Investments measured at fair value on a recurring basis are summarized below.

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 47,058,273	$ -	$ -	$ 47,058,273
Collective trust funds*	-	-	-	778,854
Total	$ 47,058,273	$ -	$ -	$ 47,837,127

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 47,197,226	$ -	$ -	$ 47,197,226

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

At December 31, 2019 the Plan held a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The Plan's fully benefit-responsive investment contract is held by Great-West Life & Annuity Insurance Company ("Great-West Life"; Issuer). Great-West Life maintains the contributions in its general account. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated quarterly based upon contract provisions, and it may not be less than .05%. The Plan's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. As of and for the year ended December 31, 2020 the Company no longer held a fully benefit-responsive investment contract.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

The contract value of the Plan's fully benefit-responsive investment contract, by general type, is presented below:

	2020	2019
Traditional investment contract	$ -	$ 2,662,265

NOTE 5 - INVESTMENTS AND NOTES RECEIVABLE - UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income, interest earned on notes receivable from participants, and changes in fair value of the Plan's investments, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company as of December 31, 2019 and from January 1, 2020 through November 13, 2020 and by Charles Schwab Bank and Charles Schwab Trust Bank as of December 31, 2020 and from November 14, 2020 through December 31, 2020. This information has not been audited by independent accountants.

NOTE 6 - PARTIES-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. As of December 31, 2019, the Plan held an investment contract issued by Great-West Life & Annuity Insurance Company. Great-West Life is the Plan record keeper as of December 31, 2019 and from January 1, 2020 through November 13, 2020, and therefore, these transactions and the Plan's payment of fees to Great-West Life qualify as party-in-interest transactions. Charles Schwab Bank and Charles Schwab Trust Bank is the Plan record keeper as of December 31, 2020 and from November 14, 2020 through December 31, 2020 and therefore, these transactions and the Plan's payment of fees to Charles Schwab qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

(Continued)

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. While the Company was impacted by disruptions associated with the coronavirus during 2020, the ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others. Impacts to the Plan during 2020 included temporary discontinuation of discretionary matching contributions, however these contributions were reinstated in December 2020.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances and Plan assets will be distributed in accordance with the Plan document.
