Calendar Holdings LLC 401(k) & Profit Sharing Plan

Notes to Financial Statements

As of December 31, 2020 and 2019
and for the year ended December 31, 2020

1. Description of the Plan

Calendar Holdings LLC 401(k) & Profit Sharing Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Calendar Holdings LLC (the "Company" or "Plan Sponsor") and certain eligible affiliates. The Plan became effective February 1, 1997 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan assets are held by Voya Retirement Insurance and Annuity Company ("Voya"). Complete information regarding the Plan is included in the Plan agreement. Significant Plan provisions are summarized below.

Plan Amendments

Effective March 19, 2020, the Plan was amended to remove the safe harbor matching contributions and added a discretionary employer matching contribution option. No discretionary contributions were approved or made for 2020**.**

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 21 years of age and completion of nine months of service, as defined. Employees are eligible to participate in the Plan on the first day of the Plan quarter coinciding with or following the date eligibility requirements are satisfied. Participants must have completed 1,000 hours of service, as defined, and be employed on the last day of the Plan year in order to be eligible to receive profit sharing contributions. Non-resident aliens and employees covered by a collective bargaining agreement are not eligible to participate in the Plan.

Contributions

Participants are allowed to make elective pre-tax, voluntary after-tax, or Roth contributions to the Plan subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

1. Description of the Plan (continued)

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan upon meeting the Plan's eligibility requirements unless they have in effect a salary reduction agreement on the automatic deferral effective date or affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of annual eligible Plan compensation with a scheduled automatic escalation of 1%, up to a maximum of 6%, of annual eligible Plan compensation on the first day of each plan year, and their contributions are invested in a designated balanced fund, unless changed by the participant.

The Company makes safe harbor matching contributions to the Plan of amounts determined and authorized by the Plan up to the maximum amounts permitted by the IRC. The Company's safe harbor matching contributions are based on each participant's contribution, up to 5% of the participant's compensation. The Company may also make discretionary profit sharing and qualified non-elective contributions. No discretionary contributions were approved or made for 2020.

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, and safe harbor matching contributions made by the Company, plus actual earnings thereon. Vesting in the Company's profit sharing and discretionary matching contributions plus actual earnings thereon is based on years of credited service, as defined. A participant is 100% vested upon death, disability, or retirement.

1. Description of the Plan (continued)

Company profit sharing contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Forfeitures

Unvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and used to reduce future employer contributions and to pay Plan administrative expenses. The forfeited unvested account balance totaled $0 and $0 at December 31, 2020 and 2019, respectively. For the year ended December 31, 2020, no forfeitures were utilized to pay Plan administrative expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of i) $50,000 reduced by the highest outstanding note receivable balance over the prior twelve months or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator. Participants may only have one note receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the funds are used for purchase of a principal residence in which case repayment terms may be extended.

1. Description of the Plan (continued)

During 2020, the Plan implemented certain changes provided for under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") including allowing eligible participants to defer current loan payments due between March 27, 2020 to December 31, 2020 for up to one year with accrued interest. An eligible participant may also choose to take out a loan up to the lesser of $100,000 or 100% of their vested balance effective for 180 days beginning March 27, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

Payment of Benefits

Upon termination of service due to death, disability, early retirement upon reaching age 55 and having at least six years of participation in the Plan, normal retirement, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump sum form. In general, if a participant's vested account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participants' account balances that are less than $5,000, but in excess of $1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover or voluntary contribution account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

1. Description of the Plan (continued)

During 2020, the Plan implemented certain changes provided for under the CARES Act including allowing certain eligible individuals to receive coronavirus-related distributions between March 27, 2020 and December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later in date in accordance with applicable law and IRS guidance.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

2. Significant Accounting Policies (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs (i.e. as termination of employment).

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

2. Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and September 30, 2021, the date the financial statements and supplemental schedules were available to be issued. See subsequent events disclosed in Note 11.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which eliminates, adds, and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. The guidance is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. This standard has been adopted beginning with the reporting period ended December 31, 2020.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

3. Fair Value Measurements (continued)

- *Pooled separate accounts*: Pooled separate accounts (PSAs) are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value (NAV) of a PSA is based on the market value of its underlying investments less its liabilities. The PSA NAV is not a publicly quoted price in an active market. The underlying investments of PSAs consist solely of mutual funds, each of which follows a separate investment strategy. Due to the nature of the PSAs, there are no unfunded commitments or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Guaranteed Investment Contract

The Voya Fixed Account is a benefit-responsive investment contract. As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefit attributable to the investment contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions to Voya Institutional Trust Company under this contract are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Voya Institutional Trust Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

4. Guaranteed Investment Contract (continued)

There are no unfunded commitments, redemption restrictions or notice period applicable to the guaranteed investment contract. Under the terms of the guaranteed investment contract, the Plan sponsor must provide a minimum of 90 days' notice to Voya Institutional Trust Company prior to redemption of the contract.

5. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value and contract value, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Total investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020, with the exception of participants notes receivable from loans, which are not certified.

6. Related-Party and Party-in-Interest Transactions

Plan assets include investments in funds managed by Voya and notes receivable from participants. Voya serves as the Plan's custodian and as such, these transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

8. Income Tax Status

The Plan adopted a prototype basic plan document which received an opinion letter from the IRS on March 31, 2014, which stated that the prototype basic plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2020-4 and 2015-36, the Company has determined that it is eligible to and has chosen to rely on the current IRS opinion letter. The Plan has adopted other required and discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, and for the year ended December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

For the years ended December 31, 2018 and 2019, the Plan administrator determined that certain operational errors existed with respect to the Plan. The Plan Sponsor has quantified and corrected these operational errors during 2020, which amounted to $2,705, including lost interest and related taxes and penalties.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020 and 2019:

	December 31,	
	2020	**2019**

Net assets available for benefits per the Form 5500	**$ 14,684,795**	$ 12,263,119

9. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of net income per the financial statement to the Form 5500 for the year ended December 31, 2020:

Total net increase per the Statement of Changes in Net Assets Available for Benefits	**$**	**2,337,200**
Plus: Amounts attributed to prior year benefits payable reported in the financial statements but not reflected on the Form 5500		**84,476**
Net income per the Form 5500	**$**	**2,421,676**

10. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2019, the Company failed to remit to the Plan's custodian certain employee contributions totaling $700 within the period prescribed by DOL regulations. Delays in remitting contributions to the custodian were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator took corrective action in 2020, including payment of lost interest and related taxes totaling $46.

11. Subsequent Events

Effective January 1, 2021, the Plan was amended and restated to comply with legislative and regulatory changes set forth in IRS Notice 2017-37. At this time, the Plan reinstated the safe harbor employer matching contribution in the amount of 100% of each participant's contribution up to 1% of eligible Plan compensation and 50% of each participant's contribution between 1% and 6% of eligible Plan compensation.

The Plan was amended effective August 15, 2021 to remove after-tax contributions.

Calendar Holdings LLC 401(k) & Profit Sharing Plan

Notes to Financial Statements

As of December 31, 2020 and 2019
and for the year ended December 31, 2020

1. Description of the Plan

Calendar Holdings LLC 401(k) & Profit Sharing Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Calendar Holdings LLC (the "Company" or "Plan Sponsor") and certain eligible affiliates. The Plan became effective February 1, 1997 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan assets are held by Voya Retirement Insurance and Annuity Company ("Voya"). Complete information regarding the Plan is included in the Plan agreement. Significant Plan provisions are summarized below.

Plan Amendments

Effective March 19, 2020, the Plan was amended to remove the safe harbor matching contributions and added a discretionary employer matching contribution option. No discretionary contributions were approved or made for 2020**.**

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 21 years of age and completion of nine months of service, as defined. Employees are eligible to participate in the Plan on the first day of the Plan quarter coinciding with or following the date eligibility requirements are satisfied. Participants must have completed 1,000 hours of service, as defined, and be employed on the last day of the Plan year in order to be eligible to receive profit sharing contributions. Non-resident aliens and employees covered by a collective bargaining agreement are not eligible to participate in the Plan.

Contributions

Participants are allowed to make elective pre-tax, voluntary after-tax, or Roth contributions to the Plan subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

1. Description of the Plan (continued)

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan upon meeting the Plan's eligibility requirements unless they have in effect a salary reduction agreement on the automatic deferral effective date or affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of annual eligible Plan compensation with a scheduled automatic escalation of 1%, up to a maximum of 6%, of annual eligible Plan compensation on the first day of each plan year, and their contributions are invested in a designated balanced fund, unless changed by the participant.

The Company makes safe harbor matching contributions to the Plan of amounts determined and authorized by the Plan up to the maximum amounts permitted by the IRC. The Company's safe harbor matching contributions are based on each participant's contribution, up to 5% of the participant's compensation. The Company may also make discretionary profit sharing and qualified non-elective contributions. No discretionary contributions were approved or made for 2020.

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, and safe harbor matching contributions made by the Company, plus actual earnings thereon. Vesting in the Company's profit sharing and discretionary matching contributions plus actual earnings thereon is based on years of credited service, as defined. A participant is 100% vested upon death, disability, or retirement.

1. Description of the Plan (continued)

Company profit sharing contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Forfeitures

Unvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and used to reduce future employer contributions and to pay Plan administrative expenses. The forfeited unvested account balance totaled $0 and $0 at December 31, 2020 and 2019, respectively. For the year ended December 31, 2020, no forfeitures were utilized to pay Plan administrative expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of i) $50,000 reduced by the highest outstanding note receivable balance over the prior twelve months or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator. Participants may only have one note receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the funds are used for purchase of a principal residence in which case repayment terms may be extended.

1. Description of the Plan (continued)

During 2020, the Plan implemented certain changes provided for under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") including allowing eligible participants to defer current loan payments due between March 27, 2020 to December 31, 2020 for up to one year with accrued interest. An eligible participant may also choose to take out a loan up to the lesser of $100,000 or 100% of their vested balance effective for 180 days beginning March 27, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

Payment of Benefits

Upon termination of service due to death, disability, early retirement upon reaching age 55 and having at least six years of participation in the Plan, normal retirement, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump sum form. In general, if a participant's vested account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participants' account balances that are less than $5,000, but in excess of $1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover or voluntary contribution account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

1. Description of the Plan (continued)

During 2020, the Plan implemented certain changes provided for under the CARES Act including allowing certain eligible individuals to receive coronavirus-related distributions between March 27, 2020 and December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later in date in accordance with applicable law and IRS guidance.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

2. Significant Accounting Policies (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs (i.e. as termination of employment).

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

2. Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and September 30, 2021, the date the financial statements and supplemental schedules were available to be issued. See subsequent events disclosed in Note 11.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which eliminates, adds, and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. The guidance is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. This standard has been adopted beginning with the reporting period ended December 31, 2020.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

3. Fair Value Measurements (continued)

- *Pooled separate accounts*: Pooled separate accounts (PSAs) are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value (NAV) of a PSA is based on the market value of its underlying investments less its liabilities. The PSA NAV is not a publicly quoted price in an active market. The underlying investments of PSAs consist solely of mutual funds, each of which follows a separate investment strategy. Due to the nature of the PSAs, there are no unfunded commitments or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Guaranteed Investment Contract

The Voya Fixed Account is a benefit-responsive investment contract. As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefit attributable to the investment contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions to Voya Institutional Trust Company under this contract are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Voya Institutional Trust Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

4. Guaranteed Investment Contract (continued)

There are no unfunded commitments, redemption restrictions or notice period applicable to the guaranteed investment contract. Under the terms of the guaranteed investment contract, the Plan sponsor must provide a minimum of 90 days' notice to Voya Institutional Trust Company prior to redemption of the contract.

5. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value and contract value, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Total investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020, with the exception of participants notes receivable from loans, which are not certified.

6. Related-Party and Party-in-Interest Transactions

Plan assets include investments in funds managed by Voya and notes receivable from participants. Voya serves as the Plan's custodian and as such, these transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

8. Income Tax Status

The Plan adopted a prototype basic plan document which received an opinion letter from the IRS on March 31, 2014, which stated that the prototype basic plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2020-4 and 2015-36, the Company has determined that it is eligible to and has chosen to rely on the current IRS opinion letter. The Plan has adopted other required and discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, and for the year ended December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

For the years ended December 31, 2018 and 2019, the Plan administrator determined that certain operational errors existed with respect to the Plan. The Plan Sponsor has quantified and corrected these operational errors during 2020, which amounted to $2,705, including lost interest and related taxes and penalties.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020 and 2019:

	December 31,	
	2020	**2019**
Net assets available for benefits per the Statements of Net Assets	**$ 14,600,319**	$ 12,263,119

Net assets available for benefits per the Form 5500	**$ 14,684,795**	$ 12,263,119

9. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of net income per the financial statement to the Form 5500 for the year ended December 31, 2020:

Total net increase per the Statement of Changes in Net Assets Available for Benefits	**$**	**2,337,200**
Plus: Amounts attributed to prior year benefits payable reported in the financial statements but not reflected on the Form 5500		**84,476**
Net income per the Form 5500	**$**	**2,421,676**

10. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2019, the Company failed to remit to the Plan's custodian certain employee contributions totaling $700 within the period prescribed by DOL regulations. Delays in remitting contributions to the custodian were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator took corrective action in 2020, including payment of lost interest and related taxes totaling $46.

11. Subsequent Events

Effective January 1, 2021, the Plan was amended and restated to comply with legislative and regulatory changes set forth in IRS Notice 2017-37. At this time, the Plan reinstated the safe harbor employer matching contribution in the amount of 100% of each participant's contribution up to 1% of eligible Plan compensation and 50% of each participant's contribution between 1% and 6% of eligible Plan compensation.
