401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Kalmbach Feeds, Inc. 401(k) and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, as restated with an effective date of January 1, 2012, is a defined contribution plan covering all employees who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and is administered by Kalmbach Feeds, Inc. (the “Company”). As of December 31, 2020 and 2019, Fifth Third Bank (the “Trustee”) held the Plan’s assets.

Eligibility

All employees are eligible to become participants in the Plan after reaching age 21 or older, and having 2 months of service for elective deferrals. To be eligible for the discretionary match and profit sharing contributions, employees must have one year of service.

Contributions

Participants can contribute up to 100 percent of eligible compensation. However, contributions may not exceed limitations established under section 402(g) of the Internal Revenue Code of 1986 (“IRC”), as amended. The Plan permits catch-up elective deferrals for participants over 50 years of age subject to IRC limitations. Participants may also make rollover contributions to the Plan from certain types of individual retirement accounts. Employees are automatically enrolled into the plan after eligibility provisions are met at a deferral rate of 6%, unless otherwise instructed.

If the participant meets certain Plan criteria, the Plan Sponsor may make a discretionary matching contribution. For the 2020 and 2019 Plan years, the matching contribution amount was equal to 50% of the employee contributions up to 9% of the participant’s gross wages.

If a participant meets certain Plan criteria, the Company, at its option, can also make a discretionary profit-sharing contribution to the Plan. The Company made discretionary profit-sharing contributions in the amounts of approximately \$0 and \$165,000 (modified cash basis) for the years ended December 31, 2020 and 2019, respectively.

Forfeitures

Forfeitures are used to reduce the Company’s contributions, and if so elected by the Company, to reduce administrative expenses. Forfeitures of approximately \$35,000 and \$39,000 were used during 2020 and 2019, respectively, to reduce the Employer’s contributions. Unused forfeitures at December 31, 2020 and 2019 were approximately \$18,000 and \$21,000 respectively.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of the Company’s matching contribution, discretionary profit-sharing contribution, earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

Vesting

Participants are immediately vested in their contributions, rollover contributions, and any actual earnings thereon. Vesting of the Company's discretionary matching and profit-sharing contributions and related earnings is based upon years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

The full value of a participant's account becomes payable upon retirement age of 65, disability or death. Upon termination of employment for any other reason, a participant's account becomes payable. All benefits will be paid as a lump-sum distribution, or at the option of the participant, benefits can be paid through installment payments. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain "hardship" circumstances. The Plan also provides for participants who have attained the age of 59½ to make a withdrawal from their account, subject to certain restrictions. On termination of service, if a participant's account is less than \$1,000, the participant must receive a lump-sum amount equal to the value of his or her account balance.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 limited to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and are generally due in installment payments of principal plus interest, at an interest rate of prime plus 1%, with maturity dates ranging from one to five years. The term of the loan may exceed five years if the loan is for the purchase of the participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

Certain administrative expenses are paid for by the Company. The remaining administrative expenses are paid by the Plan.

Plan Termination

Although it has not expressed an intention to do so, the employer has the right under the Plan to alter or amend the Plan in whole or in part, provided that no such change shall in any way affect the vesting rights of the employees under this Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Contributions and investment income are recognized when received, and disbursements are recognized when made.

Use of Estimates

In preparing the Plan's financial statements, the Plan administrator is required to make estimates and assumptions that affect the reported amounts of Plan assets, and liabilities, and the reported increases and reductions of Plan assets during the reporting period. Actual results could differ from these estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

KALMBACH FEEDS, INC.
401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2020 AND 2019

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments and Income Recognition

The Plan's Investments are stated at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Dividends are recorded when received. Net appreciation and depreciation, if applicable, includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

The Plan utilized various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 3 - SUMMARY OF FINANCIAL DATA CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the Trustee is complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

A summary of information included in the financial statements, which has been certified, is as follows:

	2020	2019
Investments	\$ 42,065,984	\$ 35,276,441
Notes receivable from participants	944,633	1,013,557
Net appreciation of investments	5,210,531	5,685,406
Interest on participant loans	52,568	41,250

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC No. 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC No. 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

KALMBACH FEEDS, INC.
401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)
DECEMBER 31, 2020 AND 2019

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued based on quoted prices in an active market (Level 1).

Other investments: Valued based on the underlying investments (self-directed brokerage) traded on the active market (Level 1).

Common/Collective trusts: Valued at the respective net asset values ("NAV") as reported by such account managers, which are reported at fair value. The NAV is used as a practical expedient to estimate fair value. The value of each unit is determined by subtracting total liabilities from the total value of the assets, including accrued income, and dividing the amount remaining by the number of units outstanding on the valuation date. The Plan does not have any contractual obligations to future invest in the accounts. Participant transactions (purchase and sales) may occur daily. These investments are not classified within the valuation hierarchy, but presented for reconciliation purposes only.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at fair value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total

DECEMBER 31, 2020 AND 2019

NOTE 5 - TAX STATUS

The Internal Revenue Service (the “IRS”) has determined by letter dated March 31, 2008, that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the “Code”) and, accordingly, exempt from Federal income taxes. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended and restated since receiving the IRS determination letter to encompass all previous amendments. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan’s accounting guidance requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019 and for the years then ended, that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 7 - PARTIES-IN-INTEREST TRANSACTIONS

The Company, which is a party-in-interest, provides certain administrative services to the Plan at no charge. The cost of providing these services constitutes exempt party-in-interest transactions under ERISA. Certain Plan investments are mutual funds accounts of the Trustee for which the Plan is charged.

Certain participants have borrowed on their vested account balances. As the individuals are participants in the Plan, these transactions qualify as party-in-interest transactions.

NOTE 8 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events through September 27, 2021, the date which the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 as a pandemic. The rapidly developing pandemic has generated significant uncertainty in the global economy and volatility in financial markets. The COVID-19 pandemic has affected and may continue to affect the market price of Plan assets. Due to the ongoing economic uncertainty and volatility caused by COVID-19, the resulting financial impact to the Plan cannot be reasonably estimated.
