INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Star Toyota 401(k) Plan
206-26 Northern Boulevard
Bayside, New York 11361

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Star Toyota 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees held the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Capital Bank and Trust Company, the trustee of the Plan. Their report, dated October 9, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2020

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

For the Year Ended December 31, 2020

1. Description of Plan

The following description of Star Toyota 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) plan covering all employees of Star Auto Sales of Bayside Inc. (the "Company") who have completed 12 months of service, complete 12 months of service during the 12 months of employment, and at least 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CARES Act

Beginning in April 2020, the Plan enacted several provisions from the CARES Act, specifically, allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act distribution allowed Plan participants to withdraw up to $100,000 due to adverse financial consequences from COVID-19. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments starting in 2021. The CARES Act also increased the maximum loan amount available to qualified participants from the lesser of: (1) $100,000 (minus outstanding loans of the participant), or (2) the participants vested benefit under the Plan. Finally, the processing of minimum required distributions was suspended for 2020, except upon participant request and in cases where the participant's first minimum required distribution was for 2019, and was deferred until 2020.

Contributions

For 2020, participants could contribute up to $19,500, or 100% of pre-tax annual compensation, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions up to $6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute funds from another qualified retirement plan or qualified individual retirement account ("rollover contributions"), subject to certain requirements.

In addition, the Company may decide to make nonelective contributions to the Plan, although the Company is not required to do so. In 2020, the Company did not make any contributions to the Plan.

Investment Options

Each participant establishes his or her own separate investment account within the Plan's available options solely for that individual's contributions. Each participant's account is credited with the actual investment performance realized by the investments of his or her investment account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's matching and non-elective contributions portion of their of their accounts plus actual earnings thereon is determined under the following schedule:

Years of Service	Vested Percentages
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant is also 100% vested under any of the following conditions:

- Death before retirement date;
- Disability before retirement date; or
- Attainment of normal retirement age

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 7.5%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through semi-monthly payroll deductions. Loans must be repaid within 5 years unless the loan is used to purchase of the participant's primary residence. As described above in the CARES Act footnote, CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments restarted in 2021. Additionally, it allowed for loans up to $100,000 for qualified participants.

Payment of Benefits

On termination of service due to death, disability or retirement, or any other reason, a participant or his or her beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. In-service withdrawals or hardship withdrawals are permitted by the Plan.

Forfeitures

Forfeitures of Company matching contributions of terminated participants' non-vested accounts may be used to pay administrative expenses on the Plan or used to reduce Company contributions. No forfeitures were used in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and

assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's net appreciation in the fair value of its investments consists of realized gains and losses and unrealized appreciation and depreciation on investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees charged directly to the borrowing participant's account are included in administrative expenses when incurred. As of December 31, 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payments of Benefits

Benefits are recorded when paid, except for any excess contributions payable to participants, which are recorded when they become payable.

Administrative Expenses

The Company pays administrative expenses associated with the management of and professional services for the Plan. Certain administrative fees are paid from forfeited account balances while others, including fees for hardship withdrawals, are paid by the participants.

3. Unaudited Information Certified by the Plan Trustee

The December 31, 2020, Statement of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the year then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Reliance Trust Company (the "Trustee") in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Disclosure under the Employee Retirement Income Security Act of 1974. The information certified for

the year ended December 31, 2020 includes total investments of $3,022,971 and related total investment income of $545,446.

4. Fair Value Measurements and Investments

FASB ASC Topic 820, Fair Value Measurements, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access, at the measurement date.
Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability through corroboration with market data at the measurement date.
Level 3: Unobservable inputs that reflect management's best estimate of what participants would use in pricing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

These investments are valued at the daily closing price as reported by the fund. Registered investment companies (mutual funds) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair values of receivables approximate their carrying values.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

		Fair Value Measurements at Reporting Date Using:		
December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,022,971	$ -	$ -	$ 3,022,971
Total investments	$ 3,022,971	$ -	$ -	$ 3,022,971

Notes to Financial Statements
For the Year Ended December 31, 2020

		Fair Value Measurements at Reporting Date Using:		
December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,371,000	$ -	$ -	$ 2,371,000
Total investments	$ 2,371,000	$ -	$ -	$ 2,371,000

5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation between the statement of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020:

Net assets available for benefits per the financial statements	$ 3,075,593
Contributions receivable	(3,226)
Excess participant contributions payable to participants	33,641
Net assets available for benefits per Schedule H of Form 5500	$ 3,106,008

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2020:

Net increase per the financial statements	$ 669,438
Add: contributions receivable at December 31, 2019	1,800
Less: contributions receivable at December 31, 2020	(3,226)
Less: excess contributions for 2019	(29,814)
Add: excess contributions for 2020	33,641
Net increase per Schedule H of Form 5500	$ 671,839

6. Party-in-Interest Transactions

Fees paid to the trustee for other administrative expenses, management services, and bookkeeping services qualify as party-in interest transactions.

The Plan issues loans to participants, which are secured by the balances in participants' accounts. These transactions qualify as party-in-interest transactions.

Notes to Financial Statements
For the Year Ended December 31, 2020

7. Termination of Plan

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provision of ERISA.

8. Tax Status

The plan administrator has adopted an IRS pre-approved prototype plan of ADP, LLC. On July 8, 2014, ADP, LLC obtained a letter in which the IRS stated its opinion that the form of the pre-approved prototype plan of ADP, LLC is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The plan sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Subsequent Events

The Plan's management has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued.
