Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2020, and for the year ended December 31, 2020, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2020 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2020 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. ROB'S AUTOMOTIVE & COLLISION CENTER 401(K) PLAN

Notes to Financial Statements December 31, 2020 and 2019

NOTE A - DESCRIPTION OF PLAN

The following description of the Rob's Automotive & Collision Center 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan and covers all eligible employees, as defined, of Rob's Automotive & Collision Center, Inc. and LRA Enterprise, LLC (the "Companies") who have attained the age of twenty-one and have been employed for twelve months while completing 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Reliance Trust Company and the recordkeeper is ADP.

[2] Contributions:

Participants may elect to contribute up to 90% of pretax annual compensation, as defined in the Plan, subject to any limitations determined by the plan committee or by statute. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant contributions may only be pre-tax contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover contributions). The Company's matched all participants' pretax contributions up to a maximum of 25% of the first 4% of the participant's base compensation. The Company's made matching contributions of \$45,289 net of \$6,368 of forfeitures for the year ended December 31, 2020.

[3] Participant accounts:

Each participant's account is credited with the participant's contributions, qualified rollover contributions and allocation of the Companies' contributions, and Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on each participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's vested account. All contributions made to these accounts are directed by the participant into particular investments offered by the Plan.

[4] Vesting:

Participants are immediately vested in their voluntary contributions and related investment earnings. Vesting of the employer contributions accrues for each year of service at 20% annually after the first full year of service. A participant becomes fully vested after six years of continuous service. Regardless of the vesting schedule, a participant will become fully vested upon the occurrence of any one of the following events: (a) death, (b) total and permanent disability, or (c) the date the participant attains the age of 65.

[5] Forfeitures:

Forfeitures may be applied to offset plan expenses or to reduce the Company's contributions. For the year ended December 31, 2020, the Company's matching contributions were offset by \$6,368 of forfeited non-vested accounts. Forfeited non-vested accounts totaled \$461 and \$61 as of December 31, 2020 and 2019, respectively.

ROB'S AUTOMOTIVE & COLLISION CENTER 401(K) PLAN

Notes to Financial Statements December 31, 2020 and 2019

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[6] Notes receivable from participants:

Note receivables from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent 50% of their vested account balance. A participant may have only one outstanding loan at any one time. Loan terms may not exceed five years, except for when the loan is being used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%, as defined. Interest rates on outstanding loan balances range from 3.25% to 6.50% at December 31, 2020 and 2019. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 and provided certain loan provisions. Participants, who meet specific conditions, were eligible to take a coronavirus ("COVID-19") related loan up to \$100,000 (an increase from \$50,000 previously allowed) for the period from March 27, 2020 to September 22, 2020. Loan repayment due between March 27, 2020 and December 31, 2020 may have been suspended until January 1, 2021 for eligible participants, with the repayment amount re-amortized and the due date of the loan extended for up to 1 year.

[7] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant receives a lump sum payment amount equal to the value of the participant's vested interest in his or her account. In-service distributions may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Participants may also withdraw money for financial hardship if they satisfy certain conditions. This hardship distribution is not in addition to their other benefits and will therefore reduce the value of the benefits they will receive at retirement.

The CARES Act also provided optional distribution as well as suspension of required minimum distributions ("RMDs") for anyone required to receive an RMD in 2020. The Plan Sponsor has implemented the following provisions of the CARES Act and the Plan will be formally amended prior to December 31, 2022 as required by the act.

Participants, who meet specific conditions, were eligible to take a COVID-19 related distribution up to \$100,000 without a 10% early withdrawal penalty. Eligible distributions could have been taken from January 1, 2020 through December 31, 2020, and may be repaid within three years. The repayments will be treated as tax-free rollovers into the participant's account.

The Plan Sponsor elected to suspend paying RMDs to participants and beneficiaries that would otherwise be required to receive an RMD in 2020. However, participants and beneficiaries had a choice between receiving and not receiving the RMD for 2020. In addition, individuals that received an RMD prior to the enactment of the Act had until August 31, 2020 to rollover the RMD to an eligible retirement plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

ROB'S AUTOMOTIVE & COLLISION CENTER 401(K) PLAN

Notes to Financial Statements December 31, 2020 and 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[2] Subsequent events:

The Plan has evaluated subsequent events through September 28, 2021, the date the financial statements were available to be issued.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized/unrealized appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses including record-keeping fees of maintaining the Plan are paid by the Plan and are included in administrative expenses. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid by the Plan amounted to \$19,568 for the year ended December 31, 2020.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

[7] Recent accounting pronouncement ASU 2018-13:

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13 ("ASU 2018-13"), *Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this update apply to all entities that are required to make disclosures about recurring or nonrecurring fair value measurements. Certain disclosures that are required by the amendments are not required for nonpublic entities.

ASU 2018-13 eliminates, adds, and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent annual period presented in the year of adoption. All other amendments should be applied retrospectively to each period for which the financial statements are presented. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date.

The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2020. The amendment has been applied prospectively and retrospectively to applicable amendments as defined above for all periods presented.

ROB'S AUTOMOTIVE & COLLISION CENTER 401(K) PLAN

Notes to Financial Statements December 31, 2020 and 2019

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE D - FAIR VALUE MEASUREMENTS

The FASB's Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: The fair value of participation units held in Reliance Trust Company, Stable Value Fund Collective Investment Trust, often referred to as "Invesco Stable Asset Fund - ADPZ", is based on net asset value, which is obtained from audited information reported by the issuer of the common collective trust at year-end, which is used as practical expedient to estimate fair value. The investment objective of the Invesco Stable Asset Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. Withdrawals from the Invesco Stable Asset Fund - ADPZ for participant exchanges into a competing investment must first be directed into a non-competing investment for a period of 90 days, after which time the exchange into the competing investment may be completed. If the Plan is terminating participation in the trust, 12 months is required for the withdrawal.

ROB'S AUTOMOTIVE & COLLISION CENTER 401(K) PLAN

Notes to Financial Statements December 31, 2020 and 2019

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019, respectively:

Investment Assets at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 4,605,376</u>			<u>\$ 4,605,376</u>
Total investment assets in the fair value hierarchy	<u>4,605,376</u>			<u>\$ 4,605,376</u>
Investments measured at NAV (A)				
Invesco Stable Asset Fund - ADPZ				<u>151,309</u>
Investments at fair value				<u><u>\$ 4,756,685</u></u>

Investment Assets at Fair Value as of December 31, 2019

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 3,843,195</u>			<u>\$ 3,843,195</u>
Total investment assets in the fair value hierarchy	<u>3,843,195</u>			<u>\$ 3,843,195</u>
Investments measured at NAV (A)				
Invesco Stable Asset Fund - ADPZ				<u>6,127</u>
Investments at fair value				<u><u>\$ 3,849,322</u></u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

CHANGES IN FAIR VALUE LEVELS

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

ROB'S AUTOMOTIVE & COLLISION CENTER 401(K) PLAN

Notes to Financial Statements December 31, 2020 and 2019

Invesco Stable Asset Fund - ADPZ	\$ 6,127	N/A	Daily	90 days

NOTE E - TAX STATUS

The Plan has adopted a Prototype Non-Standardized Profit-Sharing Plan sponsored by ADP, LLC. On July 16, 2014, the Internal Revenue Service ("IRS") stated in an advisory letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has several service providers that qualify as parties-in-interest, as defined by ERISA, and therefore, transactions with these service providers qualify as party-in-interest transactions. Reliance Trust Company is the Plan's trustee and custodian of the Plan's assets. ADP is the Plan's record-keeper. Fees paid by the Plan to these service providers were \$19,568 for the year ended December 31, 2020.

ROB'S AUTOMOTIVE & COLLISION CENTER 401(K) PLAN

Notes to Financial Statements December 31, 2020 and 2019

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2020 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Companies as well, given that such public health epidemics, if sustained, could impact Company employees and customers. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may impact the Companies. Such impacts could adversely affect Company's profitability, cash flows, financial results, and the ability to make required Plan contributions. At this point, the extent to which the coronavirus may impact the Company's financial results is uncertain.

NOTE H - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads, or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
