Lobster Place 401(k) Plan

Notes to Financial Statements
Years Ended December 31, 2020 and 2019

1. Plan Description

The following description of Lobster Place 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan, established on January 1, 2009, and restated on January 1, 2015, is a defined contribution plan covering eligible employees of The Lobster Place, Inc. (the "Company"). All employees who have attained the age of twenty-one, with one year and 1,000 hours of service, are eligible to participate in the Plan. An employee's entry date into the Plan is the first day of the month coinciding with or following the date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

CARES Act
On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions for the period from March 27, 2020 through December 31, 2020:

- Special coronavirus distributions up to $100,000
- Increase the available loan amount to be the lesser of $100,000 or 100% of the participant's vested account balance
- Extend the period for loan repayments, if applicable, up to one year.

In accordance with the CARES Act, the Plan will be amended to retroactively adopt these provisions no later than January 1, 2022.

Participant Salary Deferral
Participants in the Plan may contribute a discretionary amount of their annual compensation provided that the participant's contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service ("IRS") each year, which is $19,500 for the year ended December 31, 2020. Participants over the age of 50 can elect to contribute an additional $6,500 for the year ended December 31, 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Safe Harbor Contributions
The Company has elected to make "safe harbor" matching contributions equal to 100% on the first 3% of participant's compensation which is deferred as an elective deferral and 50% on the next 2% of participant's compensation which is deferred as an elective deferral. The "safe harbor" contribution is made each pay period and totaled $106,386 for the year ended December 31, 2020.

Vesting
All participants are 100% vested in their own contributions as well as in the employer safe harbor matching contributions.

Participant Accounts
Individual participant accounts are credited with applicable participant contributions, an allocation of the Company's contributions, and investment earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which participants are entitled is the benefit that can be provided from the participants' vested accounts.

Investment Options
Participants may direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis.

Distributions
On termination of service, participants with balances less than $5,000 are paid in a lump sum as soon as practicable. For participants with balances of $5,000 and greater, distributions may be taken in a lump sum at the participant's discretion. Amounts are not distributed except by reason of retirement, death, disability, separation from service, hardship, or the attainment of age 59 1/2.

Notes Receivable from Participants
The Plan permits participants to borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of either $50,000 or 50% of the account balance. A participant may only have two outstanding loans at any given time.

Loans are secured by the balance in the participant's account and bear interest at rates available for similar loans from commercial lending institutions (rates ranged from 5.25% to 7.50% per annum at December 31, 2020). Loans shall be repaid over a period of up to five years unless the loan is for the purchase of a primary residence for which the loan can be repaid over a period of thirty years. Loans are repaid through payroll deductions. At December 31, 2020 and 2019, participant loans were $31,588 and $43,425, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis.

The Plan presents, in the statement of changes in net assets available for benefits, the net change in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments
Benefits are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Fees
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, ("the Trustee"), has certified that the following data included in the accompanying financial statements is complete and accurate.

	December 31, 2020	December 31, 2019
Investments at fair value	$ 3,391,433	$ 2,970,489
Notes receivable from participants	$ 31,588	$ 43,425

	Year Ended December 31, 2020
Net appreciation in fair value of investments	$ 361,312
Dividends and interest income	$ 78,072
Interest income on notes receivable from participants	$ 3,101

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") No. 820, *Fair Value Measurements* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Shares of registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common collective trust funds: Common collective trust funds are stated at fair value which is determined by the trustee of the common collective trust based on the underlying assets, which represent the net asset value of units held by the trust. The common collective trust fund invests primarily in mutual funds and money market funds. The common collective trusts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	December 31, 2020		
	Level 1	Level 2	Total
Shares of registered investment companies	$ 2,055,892	$ -	$ 2,055,892
Common/collective trusts	-	1,335,541	1,335,541
Total investments at fair value	$ 2,055,892	$ 1,335,541	$ 3,391,433

	December 31, 2019		
	Level 1	Level 2	Total
Shares of registered investment companies	$ 1,823,755	$ -	$ 1,823,755
Common/collective trusts	-	1,146,734	1,146,734
Total investments at fair value	$ 1,823,755	$ 1,146,734	$ 2,970,489

5. Tax Status

The Plan is a prototype standardized profit sharing plan sponsored by ADP, Inc. ("ADP"). ADP has obtained an opinion letter on the prototype plan dated July 8, 2014, stating that the form of the plan is acceptable under Section 401 of the Internal Revenue Code (the "Code"). Generally, the Plan administrator and the Plan may rely on the opinion letter received by ADP as to the form of the plan qualifying under the Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2017.

6. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the Plan administrator would handle the distributions of account balances under the provisions of ERISA, until all assets have been administered and distributed by the trustee.

8. Subsequent Events

The Plan has evaluated events through October 4, 2021, the date the financial statements were available to be issued.

Effective October 2021, all employees who have attained the age of twenty-one, with 6 months of service, are eligible to participate in the Plan.
