NOTE 1 - DESCRIPTION OF PLAN

The following description of The Farmers & Merchants State Bank 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective July 1, 1995, as a defined contribution retirement savings plan covering all eligible employees of The Farmers & Merchants State Bank (the Employer) who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 100% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled participants have their contribution rate set at 4% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

The Employer makes discretionary matching contributions to the Plan equal to 50% of the first 4% of compensation that each participant contributed to the Plan. In addition, the Employer may elect to make discretionary profit-sharing contributions to the Plan. In 2020, the Employer made a profit-sharing contribution on behalf of all eligible participants based upon each participant's respective eligible compensation and employee classification as defined in the Plan Agreement, and is integrated with the participants social security taxable wage base, and tenure data.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's profit-sharing contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's matching contribution portion of their account is immediate. Vesting in the employer profit sharing contribution is a 6- year graded schedule. A participant becomes 20% vested after two years of service, increasing by 20% per additional year, with full vesting after six years of credited service.

At December 31, 2020 and 2019, forfeited non-vested accounts of terminated participants totaled \$32,836 and \$26,073, respectively. These accounts will be used to pay Plan expenses or reduce future Employer contributions. During 2020, forfeited non-vested accounts of \$26,752 were used to reduce the funding of the Employer's contributions for the 2019 Plan year. As of December 31, 2020, the employer contribution receivable is reduced by \$35,348 of forfeiture of non-vested accounts utilized to reduce funding in 2021.
