Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Farwest Corrosion Control Company 401(k) Salary Reduction Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, the related notes to the financial statements, and the supplemental schedule provided pursuant to the Department of Labor rules and regulations.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Minnesota Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that trustee holds the Plan's investment assets and executed investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Other Matter

The supplemental Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Farwest Corrosion Control Company 401(k) Salary Reduction Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering the eligible employees of Farwest Corrosion Control Company (the "Company", "employer" or "Plan administrator") after completing one year of service and at least 1,000 hours of service. The Board of Trustees is responsible for oversight of the Plan.

B. Contributions

Each year participants may make voluntary pretax contributions to a traditional 401(k) account or after-tax contributions to a Roth 401(k) account from eligible compensation, as defined in the Plan document, subject to limitations imposed by applicable Internal Revenue Service ("IRS") regulations. Additionally, participants who attain age 50 by the end of the year may elect to make certain make-up contributions subject to limitations imposed by applicable IRS regulations.

The Plan provides for discretionary employer contributions including matching contributions of 50% of participant deferrals up to a maximum of four percent of eligible compensation. Total employer matching contributions amounted to $133,759 for the year ended December 31, 2020.

C. Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, reduced by withdrawals and certain administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants' voluntary contributions and rollovers plus actual earnings thereon immediately vest. Vesting in the employer contribution portion of their accounts is based upon years of credited service.

1. DESCRIPTION OF THE PLAN (CONTINUED)

D. Vesting (Continued)

The Plan provides for the following vesting of a participant's account balance:

Years of Service	Vested Percentage
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

E. Investment options

Investments held under the Plan are participant-directed and consist of various investment fund alternatives available under the Plan. The investment fund alternatives available at December 31, 2020 included: stable value, general bond, US stock, international stock, strategic/alternatives, balanced and other funds. Participants may change the investment allocation in their accounts, both as to existing investments and future contributions, at any time, subject to any restrictions that may be imposed by the particular investment or investment fund selected by the participant.

F. Notes receivable from participants

A participant may borrow from his or her account an amount not in excess of fifty percent of the participant's vested interest or $50,000, whichever is less. Loan transactions are treated as transfers between the investment and participant loan accounts. The loans are secured by the balance in the participant's account and bear interest at prime plus two percent. Principal and interest is paid ratably not less frequently than quarterly. If loan payments are not made in accordance with the terms of the loan, a deemed distribution may occur in the amount of the unpaid loan balance.

G. Payment of benefits

Participants in the Plan may make a complete or partial withdrawal of the vested amounts held in the participant's account upon termination, retirement, death, disability, or attainment of age 59½. Participants may also withdraw from vested accounts while employed (in-service distributions) providing that certain Plan requirements are met.

1. DESCRIPTION OF THE PLAN (CONTINUED)

G. Payment of benefits (continued)

Upon termination, a participant may elect to receive the vested current value of his or her account in a lump sum distribution. If the vested account value is less than $5,000, the account is rolled over into an IRA unless the participant elects otherwise. If the vested account value is more than $5,000, the account will remain in the Plan unless the participant elects otherwise.

H. Forfeited accounts

Forfeitures may be used to reduce employer contributions, reallocated as additional employer contributions or used to pay Plan expenses for the Plan year ended December 31, 2020.

I. Plan Expenses

Expenses of maintaining the Plan are generally paid by the Company. The Plan provides that administrative expenses not paid by the Company are charged to the Plan. Fees charged to the Plan totaled $4,655 for the year ended December 31, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and are in conformity with accounting principles generally accepted in the United States of America. Accordingly, contributions to the Plan and interest and dividend income are recognized as earned, and realized gains and losses and net unrealized appreciation (depreciation) of fair value of investments are recognized as they occur. Plan benefit payments and withdrawals are recognized when paid.

B. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment valuation and income recognition

Investments of the Plan are recorded at fair value. See Note 3 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis and dividends, if applicable, are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Expenses

Certain expenses incurred for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in the net change of fair value of investments.

E. Notes receivable from participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

The Plan management has adopted the provision of ASU 2015-07 which removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") as a practical expedient.

The following is a description of the valuation methodologies used at December 31, 2020 and 2019.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts:
Valued at the NAV of shares held by the Plan at year end. Investments in pooled separate accounts are stated at the corresponding unit value of the pooled separate account. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Assets within the pooled separate accounts include: fixed maturity securities, equity securities and cash and cash equivalents.

The preceding method might produce a fair value calculation that might not be indicative of current or future net realizable value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value as of December 31, 2020 and 2019:

	2020	2019
Pooled separate accounts measured at net asset value	$ 8,134,892	$ 6,777,633

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2020, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2020, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2019, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Minnesota Life Insurance Company (Minnesota Life). Minnesota Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Because the guaranteed investment contract meets the criteria to be considered fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019, was $17,567 and $56, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0.25%. Such interest rates are reviewed on a quarterly basis for resetting.

Transfer restrictions may exist for transfers out of the guaranteed investment contract to any competing investment option. Currently this Plan has no competing investment options. If the contract is terminated by the Plan sponsor, a market value adjustment, which reflects the contract's interest rates measured against current market rates at termination, may apply. This adjustment may result in a balance which is below the value of that principal and interest otherwise guaranteed.

5. UNAUDITED INFORMATION PROVIDED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. The details of the investments as of December 31, 2020 are included in the supplemental schedule located on page 14. Investment information disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value held at December 31, 2020 and 2019, net appreciation in fair value of investments totaling $1,083,805, net appreciation in contract value of investments totaling $236 and interest income totaling $14,026 for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified to be complete and accurate by Minnesota Life Insurance Company.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan has a guaranteed investment contract and investments in participation units held in pooled separate accounts through sub-accounts of Minnesota Life Insurance Company. Minnesota Life Insurance Company provides services to the Plan as the custodian as of December 31, 2020; therefore, these investments and transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

8. INCOME TAX STATUS

The sponsor of the pre-approved Plan has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the form of the Plan was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and that an employer that adopts this Plan may rely on the letter with respect to the qualification of its Plan under Code section 401(a). The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are in general exposed to various risks, such as market and credit risks. Because of the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RISKS AND UNCERTAINTIES (CONTINUED)

During 2020, the COVID-19 outbreak in the United States has caused business and economic disruption through mandated and voluntary closings of multiple businesses. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings and their economic impact. The Plan sponsor is uncertain at this time if this matter will impact the value of the Plan's investments in the coming year.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 29, 2021, which is the date the financial statements were available to be issued.

As of July 31, 2021, the Plan has been amended to only allow elective deferral changes on the first day of the Plan quarter coinciding with or next following date that eligibility requirements are met.

No other events have been identified that would require disclosure in or adjustment of the enclosed financial statements.
