DECEMBER 31, 2020

Note 1 **Description of Plan - Continued**

Vesting
Participants are immediately vested in their contributions and the Company's safe-harbor employer matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing and non-safe-harbor employer matching contributions portion of the participant's account plus earnings thereon is based on the vesting schedule below:

Years of Service	Vested %
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 reduced by the highest outstanding loan balance in the previous 12 months or 50% of their vested account balance. Note terms range from one to five years, or longer for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at 1% over the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

As a result of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which was signed into law on March 27, 2020, the participant loan limit was temporarily increased to the lesser of $100,000 or 100% of the vested account balance. This increase was permitted for loans granted from March 27, 2020 through September 23, 2020. In addition, repayments of loans due between March 27, 2020 and December 31, 2020 were allowed to be deferred up to one year upon participant request.

Payment of Benefits
The Plan has provisions for in-service, hardship, disability, death and termination benefits for those participants who are eligible to receive such benefits. Distributions can be made in lump-sum and installment payments.

As a result of the CARES Act, qualified individuals were permitted through December 31, 2020 to take a distribution in an amount up to $100,000 without imposition of the 10% early distribution penalty, and this distribution is not subject to the 20% tax withholding rate. Additionally, individuals taking this distribution have the option to spread the tax over three years with the ability to recontribute up to the full amount of the distributions within three years and not be subjected to tax as a result.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

Note 1 **Description of Plan - Continued**

Administrative Expenses
Administrative expenses can be paid by the Plan or the Company.

Forfeited Accounts
In accordance with the Plan document, forfeitures of non-vested employer contributions and earnings thereon can be used to reduce future employer contributions or pay plan expenses. During 2020, approximately $2,136 of forfeitures were used to pay plan expenses. At December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately $6,321 and $3,844, respectively.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through September 29, 2021, the date that the financial statements were available to be issued.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties
The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2 **Summary of Significant Accounting Policies - Continued**

Risks and Uncertainties - Continued

In March 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and therefore, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 3 **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. That guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 **Investment Valuation and Income Recognition - Continued**

Following is a description of the valuation methodologies used for investments measured at fair value:

Registered Investment Companies: These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust: Valued at NAV based on the underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value and is obtained from information provided by the investment advisor using the audited financial statements of the collective trust at year end. There are no restrictions on redemptions of these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments, at Fair Value as of December 31, 2020	
	Level 1	**Total**
Registered Investment Companies	**$ 6,869,193**	**$ 6,869,193**
Investments Measured at NAV as a Practical Expedient [(a)]		**80,442**
Total Investments at Fair Value		**$ 6,949,635**

Note 3 **Investment Valuation and Income Recognition - Continued**

	Investments, at Fair Value as of December 31, 2019	
	Level 1	**Total**
Registered Investment Companies	$ 6,631,744	$ 6,631,744
Investments Measured at NAV as a Practical Expedient [(a)]		16,533
Total Investments at Fair Value		$ 6,648,277

[(a)] In accordance with Accounting Standards Codification (ASC) Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2020, the schedule of assets (held at end of year) as of December 31, 2020 and the investment activity (including interest and dividends and net appreciation in fair value of investments) and interest on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

Note 5 **Tax Status**

The Plan adopted a non-standardized form of a prototype plan sponsored by Great-West Trust Company, LLC. The prototype plan has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Note 5 **Tax Status - Continued**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no Plan audits for any tax periods in progress.

Note 6 **Party-in-Interest Transactions**

Certain Plan investments are managed by JPMorgan, an affiliate of Empower, the recordkeeper, and therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in employer contributions.

Note 8 **Subsequent Events**

Effective June 1, 2021, the Alliance Specialty Motors, Inc. 401(k) Plan was merged into the Plan.
