Note 1. Plan Description

The following description of the Jacobson Associates 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan maintained for the benefit of all employees of J.J. & H., LTD. (the Sponsor).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Vanguard Fiduciary Trust Company serves as the recordkeeper and Ascensus Trust Company serves as the trustee.

The Plan was most recently amended effective January 1, 2019 to allow for auto-escalation on a yearly basis for participants not opting out of the program. Participants are automatically enrolled in specific target funds at a 5% initial employee contribution, unless specifically changing the deferral percentage and investment options.

Eligibility: Eligible employees are those who have completed 12 months of service in which the employee has worked at least 1,000 hours of service and is age 21 or older. Eligibility requirements are the same for qualified non-elective contributions and profit sharing.

Contributions: The Plan provides for employee salary 401(k) contributions of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also contribute to the Plan in the form of a rollover of funds from another qualified plan.

The Plan Sponsor may elect to make employer matching contributions, qualified non-elective contributions, or profit sharing contributions during the year. Employer matching contributions, qualified non-elective contributions and profit sharing contributions are discretionary. To qualify for the employer contributions, participants must satisfy the eligibility requirements on at least one day during the plan year. Profit sharing contributions made by the Plan Sponsor are allocated using a pro rata formula. There were no employer contributions in 2020.

Vesting: Participants are immediately vesting in their participant-directed, qualified nonelective employer and participant rollover accounts and earnings thereon. Vesting of discretionary matching employer contribution accounts, discretionary employer profit sharing contribution accounts and related earnings is based on years of service (with 20% vesting for each year of service, after one year of service). Participants are automatically fully vested upon normal retirement, death, or permanent disability.

Forfeitures: In event of termination of employment before full vesting, the nonvested portion of a participant's account is immediately forfeited. The amount of the participant's account forfeited will be reinstated providing the participant resumes employment prior to incurring a "break in service" (as defined). Amounts forfeited during the year are first used to restore any prior forfeitures in the event of a former participant's return to employment. Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer matching contributions. No forfeitures were used to pay plan expenses in 2020, the forfeiture account did not appreciate and the balance was $0 at December 31, 2020 and 2019.

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Payment of benefits: Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. Participants may make withdrawals from their account upon reaching age 59 and a half, normal retirement age, as defined, or by determination that a financial hardship, as defined, has been incurred.

At December 31, 2020, there were no amounts owed to former participants whose employment had been terminated and who requested payment of their account balances.

Participant notes receivable: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50% of their account balances, not to exceed $50,000. Loan terms range from one to five years. Loans for the purchase of a principal residence can be paid over a 30-year period. The loans are secured by the vested balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through periodic payroll deductions. Interest rates ranged from 4.25% to 6.50% as of December 31, 2020 and 5.25% to 6.50% as of December 31, 2019.

Administrative costs: The majority of administrative costs of the Plan are paid for by the Plan with the remainder paid by the Sponsor.

Subsequent events: Plan management has evaluated subsequent events through September 28, 2021, the date the financial statements were available to be issued.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Investment valuation and income recognition: Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year. Capital gain distributions are included in interest and dividends.

Valuation of participant notes receivable: Participant notes receivable are measured at their unpaid principal balances, plus any accrued interest. Delinquent loans are treated as distributions based on the terms of the plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid. Corrective distributions payable generally represent the distributions of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules.

Contributions: Participant contributions are recognized when earned. Company matching contributions (if any) are recognized concurrently with participant contributions. Company discretionary non-elective contributions are recognized annually, as applicable.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 3. Information Certified or Provided by the Ascensus Trust Company

The following is a summary of the Plan's asset and income information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

The following information has been certified and provided by Ascensus Trust Company as of December 31, 2020 and 2019, and for the year ended December 31, 2020:

	2020	2019
Shares of registered investment companies	$ 7,106,699	$ 5,473,214
Notes receivable from participants	67,407	103,042
Net appreciation in fair value of investments	734,620	
Interest and dividends	109,696	
Interest earned on notes receivable from participants	4,024	

Note 4. Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to observable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1: Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2: Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active and inputs other than quoted prices that are observable for the asset.

Level 3: Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodology has been used to value the Plan's investments:

Shares of registered investment companies: Shares of registered investment companies are valued at closing quoted prices reported in active markets.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 7,106,699	$ -	$ -	$ 7,106,699
Total assets at fair value hierarchy	$ 7,106,699	$ -	$ -	$ 7,106,699

	2019			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 5,473,214	$ -	$ -	$ 5,473,214
Total assets at fair value hierarchy	$ 5,473,214	$ -	$ -	$ 5,473,214

Note 5. Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. The Plan Administrator evaluated the Plan's tax positions and concluded that there were no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2017.

Note 6. Excess Contributions Due to Participants

For the year ended December 31, 2020, the Plan passed the actual deferral percentage nondiscrimination tests. As a result, no action had to be made to refund any contributions to participants. For the year ended December 31, 2019, the Plan failed the actual deferral percentage nondiscrimination test. As a result, a portion of the 2019 contributions had to be refunded to highly compensated employees in order for the Plan to maintain its qualified status with the IRS. Earnings on the excess contributions were also refunded. The excess contributions and related earnings were refunded prior to March 31, 2020 for the year ended December 31, 2019.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any point and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the employer contributions portions of their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such manner as the Sponsor may determine.

Note 8. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by the trustee and, therefore, these transactions qualify as party-in-interest. Furthermore, the trustee provides plan administration services to the Plan.

The Sponsor pays certain investment and administrative expenses of the Plan. Total expenses paid to the trustee by the Plan for the year ended December 31, 2020, were $45,180. In addition, certain administrative functions are performed by employees of the Plan Sponsor for which no compensation is received from the Plan.

Note 9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2020 and 2019:

Note 10. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern”, and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and action taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan sponsor operates. On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to amongst provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be on the Plan. As a result, the Plan investments may have incurred significant decline in fair value since December 31, 2020.

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including investment valuations.
