EXCEL GARMENT MANUFACTURING LTD. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

1. DESCRIPTION OF THE PLAN

The following description of the Excel Garment Manufacturing LTD. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for more complete information.

General—The Plan is a defined contribution plan covering all employees of Excel Garment Manufacturing LTD. (the "Company"). The Plan requires employees to have six months of consecutive employment to be eligible to participate in the plan but no age entrance requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Accounts—Each participant's account is credited with the participant's contribution, the Company's matching contribution if any and allocations of (1) the Company's discretionary contribution, if any, (2) the participant's share of net earnings of the respective investment accounts of the Plan and (3) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant compensation and participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account.

Contributions—Each year, participants may contribute to the Plan on a pretax basis up to the maximum percentage allowable, subject to certain Internal Revenue Service limitations. For the 2020 plan year, the Company made the discretionary matching contributions in amounts equal to 1% of each participant's total compensation.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and elective contributions plus actual earnings thereon is according to years of service. Participants are fully vested in these contributions after six years of service.

Payment of Benefits–On termination of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants can choose between a lump-sum or have it paid out on a periodic basis.

Investments—Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants.

Notes Receivable from Participants–Loans are not allowed pursuant to the adoption agreement of the Plan.

Forfeitures—The Plan allocates participant forfeitures as if the forfeitures were employer contributions. As of December 31, 2020 and 2019, the forfeiture balance that may be used towards future employer contributions and plan expenses was $226 and $202, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting*–**The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

***Investment Valuation and Income Recognition*–**Investments are valued at their fair value based on quoted market prices. Net appreciation (depreciation) consists of the unrealized appreciation (depreciation) of the investments and the excess (deficiency) of net proceeds over market value of the related investment at the beginning of the year. Shares of mutual funds are valued at market prices, which represent the net asset value of shares held by the plan at year end. Purchases and sales of mutual funds are recorded on a trade-date basis. Interest is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

***Use of Estimates in the Preparation of Financial Statements*—**The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America, requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

***Payments of Benefits*—**Benefit payments to participants are recorded upon distribution.

***Administrative Expenses*–**Administrative expenses of the Plan are paid by the Plan or the Plan's sponsor as provided in the Plan document.

***Subsequent Events*—**The Plan management has evaluated subsequent events through September 10, 2021, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Ascensus Trust Company, the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds:				
Money market	$ 1,095	$ -	$ -	$ 1,095
Fixed income funds	1,224	-	-	1,224
Balanced funds	207,272	-	-	207,272
Total assets at fair value	$ 209,591	$ -	$ -	$ 209,591

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds:				
Money market	$ 844	$ -	$ -	$ 844
Fixed income funds	891	-	-	891
Balanced funds	145,140	-	-	145,140
Total assets at fair value	$ 146,875	$ -	$ -	$ 146,875

5. TAX STATUS

Although the Plan has not requested determination from the Internal Revenue Service as to the Plan's tax-exempt status, the prototype plan from which the Plan was drafted has received a favorable determination from the IRS. The trustees and the third-party administrator believe that the Plan is designed to operate in accordance with all applicable provisions of the Internal Revenue Code. Therefore, the trustees, as well as the third-party administrator, believe that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by delivering to the trustee and Plan administrator written notice of such termination, subject to the provisions of ERISA. In the event of plan termination, interests not previously vested will become immediately, completely vested and nonforfeitable.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Ascensus Trust Company. Ascensus Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Administrative expenses not paid by the plan are paid by the plan sponsor, Excel Garment Manufacturing LTD.

8. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. COMMITTEMENTS AND CONTINGENCIES

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
