1. DESCRIPTION OF PLAN

The following description of the Strategic Data Systems 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing and safe harbor 401(k) Plan covering all employees of Strategic Data Systems (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the Plan's sponsor and serves as Plan Administrator. The Plan was established December 1, 1998.

Eligibility

Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing 6 months of service in which at least one hour is worked.

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company adopted a safe harbor 401(k) Plan which matches 100% of employee contributions, up to 3% of eligible compensation deferred to the Plan and 50% of the next 2% deferred to the Plan. For the year ended December 31, 2020, the Company contributed safe-harbor matching contributions of $183,194. The Company can also elect to make discretionary matching contributions. No discretionary matching contributions were made for the year ended December 31, 2020. Contributions are subject to regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings and reduced by distributions, forfeitures and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary contributions and employer safe harbor contributions plus actual earnings thereon. However, vesting in other employer contributions, including discretionary matching contributions, is based on years of continuous service. The employer's contributions vest according to the following schedule:

Years of Service	Vested Percentage
0-1	0
2	20
3	40
4	60
5	80
6	100

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence. Under the terms of the Plan agreement, Plan loans will bear a rate of interest equal to the prime interest rate plus one percentage point. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments under a systematic withdrawal Plan, as defined in the Plan document. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures
Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures retained in the Plan are used to reduce future Company contributions or Plan expenses. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $9,943 and $5,723, respectively. For the year ended December 31, 2020, no employer matching contributions or Plan expenses were reduced through exercise of forfeited non-vested accounts.

Investments
Each participant directs the allocation of his or her contribution and employer contributions to one or more of the investments offered by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition
Investments are measured at quoted prices in an active market and have been certified as complete and accurate by Nationwide Trust Company, FSB, the Plan's Trustee (Note 4). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses of $18,743 were paid by the Plan during the year ended December 31, 2020.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the year ended December 31, 2020 and 2019. Accordingly, Nationwide Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

- Net appreciation in fair value of investments and interest income reflected on the accompanying statement of change in net assets available for benefits for the year ended December 31, 2020.

No auditing procedures were performed with respect to information certified by the Trustee as complete and accurate.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide Trust Company. Nationwide Trust Company is the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan pays administrative expenses to parties-in-interest who provide services to the Plan and for whom a statutory exemption exists.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. TAX STATUS

The Plan document is a prototype non-standardized defined contribution Plan that received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since the letter was received. However, the Plan Administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirement of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 5, 2021, the date these financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no material subsequent events have occurred that required recognition or additional disclosure in these financial statements.
