Note 1 DESCRIPTION OF PLAN

The following description of the Klement 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan established by Karl Klement Enterprises-Nevada, Inc. (the Company). The Plan qualifies as a profit-sharing plan under the Internal Revenue Code (Code) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

The Plan is a defined contribution plan that covered all employees of the Company who are age 21 or older and have one year of service through June 30, 2019. Effective July 1, 2019 the Pan covered all employees of the Company with no minimum age and three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective July 1, 2019, entry dates are the 1st day of the calendar quarter following the satisfaction of the eligibility requirements. Effective January 1, 2020, the Company will make safe harbor matching contributions based on each participant's contributions for the Plan year. The matching rate is 100%, limited to matching participant contributions up to 3% of salary and 50% of the next 2% of eligible employee contributions.

Employee contributions

Participants are permitted to contribute up to the maximum amounts allowed by law of their annual compensation to the Plan on a tax-deferred basis, up to the limits of the Code. Transfers (rollovers) from qualified plans are allowed under the provisions of the Plan.

Employer contributions

The Company's matching contribution is a safe-harbor contribution. The matching contribution received in 2020 was $144,358. The Company may also make nonelective (discretionary) employer contributions (profit sharing or matching contributions). These were not made in 2020.

Administrative expenses

Certain expenses, such as participant loan fees and withdrawal charges, are charged to the participant account. The Company absorbs the cost of substantially all other administrative expenses.

Note 1 **DESCRIPTION OF PLAN** – (continued)

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, an allocation of other employer contributions, if any, and an allocation of Plan earnings. Allocations of Plan investment earnings or losses are based on participants' account balances invested in each fund.

Investments

All investments are participant directed.

Vesting

Participants are fully vested in their employee contributions and earnings on those contributions. The employee's portion of their account balance derived from discretionary profit sharing and employer matching contributions are entitled to a portion of their account in accordance with the following vesting schedule:

Years of Service	Vested Percent
1	20%
2	40%
3	60%
4	80%
5	100%

Employees' discretionary profit sharing and matching balances become fully vested in employer contributions when a participant: (1) attains age 62, (2) becomes disabled, or (3) dies.

Notes receivable from participants

Effective July 1, 2019, participants may receive a loan from their participant accounts. The minimum amount of a loan is $1,000; the maximum amount is the lesser of: (1) $50,000 or (2) 50% of their vested account balance. These loans generally range up to five years in length. Participant loans are secured by the participants' vested balance in the plan. As of December 31, 2020, these loans bore interest from 4.25% to 5.75%, were payable in semi-monthly payments, and mature at various dates through December 2024.

The Plan implemented the loan provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act in 2020 to temporarily delay loan repayments and increase the maximum loan amount.

Note 1 **DESCRIPTION OF PLAN** – (continued)

Payment of benefits

Upon termination of service, participants with vested balances of $5,000 or less receive a distribution of their vested balances, net of tax withholding, in a lump sum. If the amount to be distributed is between $60 and $5,000 and the participant does not affirmatively elect to have the distribution rolled into a qualified plan or paid to them (net of tax withholding), the balance is transferred into an individual retirement account set up for their benefit. Otherwise, terminated participants receive a lump-sum amount equal to the value of their vested interest in their account when they elect a distribution of their account balance.

In-service withdrawals of certain vested balances are available to participants in cases of hardship or upon attaining age 59 1/2. Also, contributions that were transferred into the Plan from another qualified plan may be transferred out of the Plan to an individual retirement account or another qualified plan.

The Plan implemented the coronavirus related distribution and the temporary waiver of required minimum distributions provisions of the CARES Act in 2020

Forfeitures

Forfeitures were immaterial at December 31, 2020 and 2019. Forfeitures may be used to pay administrative expenses or to reduce future employer contributions.

Other plan provisions

Other Plan provisions including investment options are described in the Plan Document.

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Note 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – (continued)

Investment valuation and income recognition – (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the plan year to the end of the plan year is included with realized gains/losses as net investment income/loss reported in the accompanying statement of changes in net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures. Accordingly, the actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Subsequent events

The Plan has evaluated subsequent events through October 6, 2021, the date which the financial statements were available to be issued.

Note 3 **TAX STATUS**

Effective July 1, 2019, the Plan adopted the Rogers Wealth Group, Inc. Volume Submitter Profit Sharing Plan and Trust, Basic Plan Document #001 (Prototype Plan).

The Prototype Plan has received an advisory letter from the Internal Revenue Services (IRS) dated March 31, 2014, stating that the Prototype Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Prototype Plan was amended since receiving the determination letter. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Note 3 **TAX STATUS** – (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is subject to income tax examinations for all periods since inception.

Note 4 **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a full or partial plan termination, affected participants will become fully vested in their employer contributions.

Note 5 **INFORMATION CERTIFIED**

The December 31, 2020 statement of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $1,075,688 and $668,744 at December 31, 2020 and 2019, and related investment earnings of $105,824 for the year ended December 31, 2020. In addition to the amounts noted, loan activity netting $62,064 was certified.

These accounts were maintained by TD Ameritrade Trust Company (TDA) and Matrix Trust Company (Matrix), parties-in-interest. TDA certified the December 31, 2019 balances, part of the 2020 investment earnings, and part of the 2020 loan activity. Matrix certified the December 31, 2020 balances, part of the 2020 investment earnings, and part of the 2020 loan activity.

Note 6 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets or liabilities. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**

Total				$ 665,944

*Carried at net asset value.

Note 7 REPORTABLE TRANSACTIONS

There were no reportable transactions in 2020.

Note 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 PARTY IN INTEREST TRANSACTIONS

Certain plan investments were managed by TDA prior to July 1, 2020 and after by Matrix. TDA and Matrix are the custodians of the Plan and, therefore, these transactions qualify as party in interest transactions.
