1. PLAN DESCRIPTION

The following description of Silberline Manufacturing Co., Inc. Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution money purchase pension plan covering substantially all employees of Silberline Manufacturing Co., Inc. (the "Company") who have completed one year of service and are a member of the collective bargaining unit represented by Aluminum, Brick and Glass Workers International Union AFL-CIO CLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants in the plan may contribute up to 10% of after-tax compensation, as defined. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Prior to January 1, 1987, participants were permitted to make individual retirement program ("IRP") contributions to the Plan. These employee contributions were permitted to remain invested in the Plan. The Company makes a contribution on behalf of each eligible participant determined in accordance with the collective bargaining agreement in effect. The Company contributed $1.85 for each hour worked by the participants for the period January 1, 2020 through December 31, 2020. The Company is also required to make a contribution to the Plan equal to the excess of 3,000,000 pounds of aluminum pigment processed and sold in the Lansford and Hometown, Pennsylvania and Decatur, Indiana plants multiplied by $0.02. This contribution amounted to $5,621 in 2020 and $5,149 in 2019 and is allocated to eligible participants based on a formula specified in the Plan's provisions. Participants direct all contributions into various investment options offered by the Plan. The Plan currently offers a pooled separate account and 21 mutual funds as investment options for participants. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are always 100% vested in their employee contributions, IRP contributions and rollover contributions. Vesting in the Company's contribution portion of their accounts is based on years of credited service and a graded vesting schedule, with 100% vesting after seven years of credited service.

PAYMENT OF BENEFITS

A participant is eligible to receive a distribution of their vested account on separation of service with the Company. Benefits may be paid in the form of cash, an annuity, or a combination of these. Benefits will be paid to a married participant in the form of a joint and survivor annuity unless the participant and their spouse elect otherwise. The Plan permits in-service withdrawals of employee contributions and prior IRP contributions by eligible participants subject to the Plan's provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INVESTMENT VALUATION

Investments in pooled separate accounts and mutual funds are stated at fair value as determined by Fidelity Management and Trust Company (the "Custodian") based on quoted prices of the underlying net assets of the accounts.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

FORFEITED ACCOUNTS

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures are used to reduce future employer contributions or to pay Plan expenses. Forfeited nonvested accounts totaled $2,192 and $1,338 at December 31, 2020 and 2019, respectively. Forfeitures of $24,430 and $35,962 were used to reduce employer contributions in 2020 and 2019, respectively.

SUBSEQUENT EVENTS

The Plan has evaluated events and transactions subsequent to the Statement of Net Assets Available for Benefits date through the time that these financial statements were available to be issued on October 7, 2021. Based on this evaluation, the Plan noted the following:

In December 2019, a novel strain of coronavirus ("COVID-19") was reported to have surfaced in China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized COVID-19 as a pandemic. The U.S. government has also implemented enhanced screenings, quarantine requirements and travel restrictions in connection with the COVID-19 outbreak. The spread of this virus has the potential to cause business disruption to the Plan beginning in March 2020, due to state government-imposed shutdowns of businesses and other results of the illness. While the Plan expects this matter may negatively impact its results, the extent of the impact of the COVID-19 on the Plan's operational and financial performance will depend on future developments, including the duration and spread of the outbreak and related travel advisories and restrictions and the impact of the COVID-19 on overall demand for the Plan's services, all of which are highly uncertain and cannot be predicted.

The Plan is not aware of any other events or transactions that occurred subsequent to the Statement of Net Assets Available for Benefits date but prior to October 7, 2021 that would require recognition or disclosure in its financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

December 31, 2020	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 4,399,068	$ -	$4,399,068	$ -
Interest bearing cash	21,838	21,838	-	-
Mutual Funds	9,218,006	9,218,006	-	-
Total	$13,638,912	$9,239,844	$4,399,068	$ -
December 31, 2019				
Pooled separate accounts	$ 4,149,864	$ -	$4,149,864	$ -
Interest bearing cash	23,002	23,002	-	-
Mutual Funds	8,320,258	8,320,258	-	-
Total	$12,493,124	$8,343,260	$4,149,864	$ -

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Interest bearing cash is valued at cost, which approximates fair value.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts for which quoted market prices are not available are valued based on quoted prices of the underlying net assets of the accounts.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. The following table provides further details of the Level 3 fair value measurements.

4. ADMINISTRATION OF PLAN ASSETS

The Custodian holds the Plan's assets. Contributions are held and managed by the Custodian, who invests cash received and investment income and makes distributions. Administrative expenses for the Custodian's fees are paid by the Plan.

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan obtained its latest determination on April 4, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Fidelity Management and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits – modified cash basis as of December 31, 2020 and the supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2020, and the related investment activity reported in the statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2020.

The Plan currently offers a pooled separate account and 21 mutual funds as investment options for participants. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are always 100% vested in their employee contributions, IRP contributions and rollover contributions. Vesting in the Company's contribution portion of their accounts is based on years of credited service and a graded vesting schedule, with 100% vesting after seven years of credited service.

PAYMENT OF BENEFITS

A participant is eligible to receive a distribution of their vested account on separation of service with the Company. Benefits may be paid in the form of cash, an annuity, or a combination of these. Benefits will be paid to a married participant in the form of a joint and survivor annuity unless the participant and their spouse elect otherwise. The Plan permits in-service withdrawals of employee contributions and prior IRP contributions by eligible participants subject to the Plan's provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INVESTMENT VALUATION

Investments in pooled separate accounts and mutual funds are stated at fair value as determined by Fidelity Management and Trust Company (the "Custodian") based on quoted prices of the underlying net assets of the accounts.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

FORFEITED ACCOUNTS

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures are used to reduce future employer contributions or to pay Plan expenses. Forfeited nonvested accounts totaled $2,192 and $1,338 at December 31, 2020 and 2019, respectively. Forfeitures of $24,430 and $35,962 were used to reduce employer contributions in 2020 and 2019, respectively.

SUBSEQUENT EVENTS

The Plan has evaluated events and transactions subsequent to the Statement of Net Assets Available for Benefits date through the time that these financial statements were available to be issued on October 7, 2021. Based on this evaluation, the Plan noted the following:

In December 2019, a novel strain of coronavirus ("COVID-19") was reported to have surfaced in China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized COVID-19 as a pandemic. The U.S. government has also implemented enhanced screenings, quarantine requirements and travel restrictions in connection with the COVID-19 outbreak. The spread of this virus has the potential to cause business disruption to the Plan beginning in March 2020, due to state government-imposed shutdowns of businesses and other results of the illness. While the Plan expects this matter may negatively impact its results, the extent of the impact of the COVID-19 on the Plan's operational and financial performance will depend on future developments, including the duration and spread of the outbreak and related travel advisories and restrictions and the impact of the COVID-19 on overall demand for the Plan's services, all of which are highly uncertain and cannot be predicted.

The Plan is not aware of any other events or transactions that occurred subsequent to the Statement of Net Assets Available for Benefits date but prior to October 7, 2021 that would require recognition or disclosure in its financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

December 31, 2020	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 4,399,068	$ -	$4,399,068	$ -
Interest bearing cash	21,838	21,838	-	-
Mutual Funds	9,218,006	9,218,006	-	-
Total	$13,638,912	$9,239,844	$4,399,068	$ -
December 31, 2019				
Pooled separate accounts	$ 4,149,864	$ -	$4,149,864	$ -
Interest bearing cash	23,002	23,002	-	-
Mutual Funds	8,320,258	8,320,258	-	-
Total	$12,493,124	$8,343,260	$4,149,864	$ -

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Interest bearing cash is valued at cost, which approximates fair value.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts for which quoted market prices are not available are valued based on quoted prices of the underlying net assets of the accounts.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. The following table provides further details of the Level 3 fair value measurements.

4. ADMINISTRATION OF PLAN ASSETS

The Custodian holds the Plan's assets. Contributions are held and managed by the Custodian, who invests cash received and investment income and makes distributions. Administrative expenses for the Custodian's fees are paid by the Plan.

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan obtained its latest determination on April 4, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Fidelity Management and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits – modified cash basis as of December 31, 2020 and the supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2020, and the related investment activity reported in the statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2020.
