O'Neill Healthcare 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the O'Neill Healthcare 401(k) Plan (the Plan), which was formerly known as the Ohio Nursing Home Profit Sharing Plan and Trust until March 1, 2019, is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, which became effective January 1, 1986, is a defined contribution plan generally covering all qualifying employees of O'Neill Management, LLC (the Company or Sponsor), Bradley Road Nursing Home, Inc., Bayview Hospice, LLC, Garnett Health Campus, LLC, Wellington Place, LLC, Center Ridge Nursing Home, Inc., and Lakewood Senior Campus, LLC. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA), as amended.

Prior to July 1, 2020, employees of these entities are eligible to participate in the Plan if they are 21 years old and eligible for employer discretionary matching contributions after completing one year of service, as defined by the Plan. Effective July 1, 2020 certain eligibility requirements were amended including removing the age requirement for all contribution types, removing the service requirement for employer discretionary matching contributions, and allowing entry into the Plan on the date eligibility requirements are met. Throughout the Plan year, employer discretionary profit sharing contributions require twelve consecutive months of service and at least 1,000 hours of service.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and business affected by the coronavirus pandemic. The CARES Act also provides for certain operational relief measures that can be adopted by qualified retirement plans, including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the pandemic to suspend loan payments through December 31, 2020, and required minimum distributions for participants over age 70½ can be omitted for 2020.

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, up to the annual maximum amount pursuant to the applicable section of the Internal Revenue Code. Participants who meet certain age requirements are eligible to make additional "catch-up contributions" also subject to certain dollar limits. The Plan also provides for employer discretionary matching contributions. The Company contributions are equal to 25 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company also has the option to make a discretionary profit sharing contribution to the Plan, on an annual basis. Profit sharing contributions are allocated to the accounts of the active participants at a rate of 0.6% of participants' eligible compensation as defined by the Plan. Discretionary profit sharing contributions of \$107,123 were made for the year ended December 31, 2020.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation for (a) the Company's contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be from the participant's vested account.

O'Neill Healthcare 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Vesting: Each participant is immediately and fully vested in all participant contributions and earnings thereon. Vesting in the remainder of the account balance is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than two	0%
Two but less than three	20%
Three but less than four	40%
Four but less than five	60%
Five but less than six	80%
Six or more	100%

Investment programs: Upon enrollment in the Plan, a participant may direct employer and employee contributions in any percentage increments into any of the available investment options. Participants may change their investment options in accordance with the rules established by the Plan Administrator.

Notes receivable from participants: Participants are allowed to borrow a minimum of \$1,000 and a maximum of 50% of their vested Plan account balance or \$50,000, whichever is less. To be eligible, participants must be an active participant in the Plan and have a vested account balance of at least \$2,000. Loan terms are up to five years or up to ten years if the loan is to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time of the loan as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deduction.

Benefits: On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Administrative expenses: All expenses of maintaining the Plan are paid by the Plan or the Sponsor as determined by the Sponsor.

Forfeited accounts: At December 31, 2020 and 2019, unallocated forfeited accounts and forfeitures applied to plan expenses during the year were not material to the financial statements.

Plan termination: Although it has not expressed any intent to do so, the plan sponsor has a right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Contributions receivable: Employer and participants contributions due to the Plan at year end are recorded as contributions receivable and are credited to the individual participant accounts.

Payment of benefits: Benefits to participants are recorded when paid.

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit. At December 31, 2020 and 2019, three pooled separate accounts accounted for approximately 44% of the Plan's total investments (each individually greater than 10%). As such, these are considered concentrations of credit risk.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 5, 2021, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Standard Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019 and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

O'Neill Healthcare 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified and Provided by Standard Insurance Company (Continued)

The following table presents the fair value of the Plan's assets as certified by the custodian as of December 31:

	2020	2019
Pooled separate accounts	\$ 15,516,852	\$ 13,643,581
Notes receivable from participants	\$ 128,319	\$ 175,855

The custodian also certified to the completeness and accuracy of the following for the year ended December 31, 2020:

Net appreciation in fair value of investments	\$ 2,060,994
Interest income on notes receivable from participants	\$ 7,681

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

O'Neill Healthcare 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2020 and 2019. There were no transfers in or out of Level 3.

Pooled separate accounts: Valued at the total of the net asset value per share of mutual funds and cash held by the account at year end. The Plan's interest in the pooled separate accounts are valued based on the information reported by the investment advisor.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present, set forth by level within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

2020				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value ^(a)				15,516,852
Investments at fair value				<u>\$ 15,516,852</u>

2019				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value ^(a)				13,643,581
Investments at fair value				<u>\$ 13,643,581</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures for certain of the Plan's investments whose fair value is estimated using the net asset value per share (or its equivalent) as of December 31:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2020	2019			
Pooled separate accounts	<u>15,516,852</u>	<u>13,643,581</u>	None	Daily	None**

** Certain investments may require a twelve month notice period for full redemption; however participants can redeem daily without notice.

O'Neill Healthcare 401(k) Plan

Notes to Financial Statements

Note 5. Tax Status

The Plan adopted a volume submitter plan sponsored by Standard Retirement Services Inc. The volume submitter plan has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provision of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by affiliates of Standard Insurance Company. Standard Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The administrative fees paid to either Standard Insurance Company or their affiliates amounted to \$25,052 for the year ended December 31, 2020.

Note 7. Subsequent Events

On February 1, 2021, the Sponsor acquired a new nursing home. Approximately 80 employees from the acquired company will be eligible to participate in the Plan starting March 1, 2021. Prior service credit will be acknowledged by the Plan for purposes of eligibility, vesting and employer contributions.
