The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of their annual compensation to the Plan, subject to certain limitations established by law. Effective March 1, 2020, the Plan was restated, and the restatement added a Roth contribution option and provided for in-plan Roth rollovers. Participants who reach age 50 may elect to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Employer may make discretionary matching contributions to the Plan equal to a uniform percentage of participant contributions. During 2020 and 2019, the Employer matched 25% of the first 4% of employee salary deferrals.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan's investments are participant-directed.

Vesting

Participants are immediately 100% vested in their voluntary contributions and Employer matching contributions, plus actual earnings thereon.

Participant notes receivable

Participants may borrow from their Plan accounts under terms ranging from 1-5 years, or a reasonable period of time longer than five years for the purchase of a primary residence. The minimum note amount is \$1,000. The maximum note amount is the lesser of \$50,000 or 50% of the vested account balance. Notes are secured by the balance in the participant's Plan account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account.

Normal retirement is at age 65 and early retirement is at age 55 if the participant has six years of credited service. The Plan also provides for certain in-service distributions upon reaching age 59 ½ and distributions of vested balances in the event of financial hardship, subject to Plan provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses are paid by the Employer and are excluded from these financial statements. Participant level transaction administrative fees such as fees for participant notes receivable and benefit payments are charged directly to participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through October 1, 2021, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2020 and 2019 was obtained from data that has been prepared and certified as complete and accurate by Ascensus (who has been authorized to act as agent for Ascensus Trust Company), the custodian as defined by the Plan:

Investments held at the end of year
Net appreciation in fair value of investments
Interest and dividend income

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 or 2019.

- *Mutual funds:* The fair values of these securities are based on the net asset value (NAV) of shares held by the Plan at year end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.
- *Collective trust:* Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. TAX STATUS:

The Employer adopted a prototype plan and the Internal Revenue Service has informed the prototype plan sponsor, in an opinion letter dated January 1, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended; however, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in these financial statements.

7. EXCESS CONTRIBUTIONS PAYABLE:

The Plan failed the nondiscrimination tests for the years ended December 31, 2020 and 2019. Excess contributions of \$32,917 and \$50,029, respectively, are recorded in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2020 and 2019 and as a reduction of participant and employer contributions in the statements of changes in net assets available for benefits during the years then ended. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. PLAN OPERATIONS IMPACTED BY COVID-19:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans during 2020. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document.

The Plan Administrator has adopted the distribution relief provisions included in the CARES Act which permitted qualified individuals to request a pre-approved distribution, through participant self-certification of eligibility. The maximum dollar amount that could be requested per participant was \$100,000 up through December 30, 2020.

Additionally, the Plan Administrator has adopted the loan provisions included in the CARES Act which permitted qualified individuals to borrow from their fund accounts in the amount to the lesser of \$100,000 or 100% of the qualified individual's vested account during the period March 27, 2020 through September 21, 2020. Furthermore, qualified individuals were permitted to suspend loan repayments due between March 27, 2020 through December 31, 2020. Repayments on suspended loans were to re-commence on January 1, 2021 and the loan re-amortization period was extended up to twelve months from the original loan repayment end date.

The Employer intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.
