1. DESCRIPTION OF THE PLAN

The following description of Melgar Retirement Plan (Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was formed on September 1, 2018 by Melgar Facility Maintenance, LLC Melgar Janitorial Solutions (Employer) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration
The Company has appointed an Investment Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Voya Retirement Insurance and Annuity Company (collectively referred to as "Voya") to act as the trustee, custodian, and third-party administrator to process and maintain the records of participant data.

Participant contributions
Participants may elect to have the Company contribute their eligible pre-tax or after-tax (as Roth contributions) compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions
The Company is allowed to make contributions to the Plan in the form of matching contributions and discretionary profit-sharing contributions, as defined in the Plan and as approved by the Board of Directors. No discretionary profit sharing contributions have been made for the years ended December 31, 2020 and 2019.

Retirement benefits
The participant is entitled to the amount in his account, after reaching the older of normal retirement age or age 59 1/2. The benefit is paid in the form of a lump-sum distribution, partial payment, installment payments, or annuity contracts or at the election of the participant the distribution may be rolled over to another qualified plan.

Vesting
Participants are immediately vested in their contributions. Participants are immediately vested in the employer's prevailing wage, matching and profit-sharing contributions allocated to their account.

Death benefits
In the event that a participant dies before retirement, unless elected otherwise, the amount accumulated in the participant's account is paid in a lump-sum distribution to the participant's beneficiary.

Participant accounts
Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant contributions or eligible employee compensation, as defined in the Plan.

Forfeitures
Forfeitures that are attributable to employer matching are used to reduce the employer matching contributions for the plan year in which such forfeitures occur. At December 31, 2020 and 2019, forfeited non-vested accounts was $0 and $0, respectively.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Investment Options
Upon enrollment in the Plan, a participant may direct contributions into 16 investment options.

The options are listed, in the enrollment information provided during orientation and changes in investment option are timely provided to the plan participants.

Participant Loans Receivable
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. Interest rates on outstanding participant loans accrue interest at various rates established by the administrator (between 4.25% and 5.75% at December 31, 2020). Principal and interest are paid ratably through biweekly payroll deductions.

Participant loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Basis of Accounting
These financial statements have been prepared utilizing the accrual method of accounting. Under this method of accounting, additions and deductions to net assets available for benefits are identified with specific periods of time and are recorded as earned and incurred, respectively, without regard to the date of receipt or payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Valuation of Investments and Income Recognition
The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits
Benefits are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Accounting Changes
In August 2018, the FASB issued ASU 2018-13 "Amendments to Fair Value Measurement Disclosures". The Amendments in ASU 2018-13 update "Fair Value Measurement (Topic 820) Disclosure Framework – Changes to the Disclosure Requirements for the Fair Value Measurement". Various disclosure requirements are removed and modified and these are as follows:

Removed Disclosure Requirements

- The amount of reasons for transfers between Level 1 and Level 2 of the fair value hierarchy
- The policy for timing or transfers between levels
- The valuation processes for Level 3 fair value measurements
- For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Modified Disclosure Requirements

- In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities

- For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
- The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date

In addition, the amendments eliiate at a minimum from the phrase an entity shall disclose at a minimum to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consdieraton of entities and their auditors when evaluating disclosure requirements. The amendments in ASU 2018-13 are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019, with early adoption permitted.

The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. At this time the Plan has not determined the impact on its financial statements.

In July, the AICPA Auditing Standards Board (ASB) issued a final standard, Statement on Auditing Standards (SAS) No. 136, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA (EBP SAS). The EBP SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA) and changes the form and content of the related auditor's report.

To enhance the quality of the employee benefit plan audits, the EBP SAS specifically addresses requirements for:

- Engagement acceptance
- Audit risk assessment and response, including the auditor's consideration of relevant plan provisions
- Communicatoin of reportable findings with those charged with governance
- The auditor's responsibilities relating to the ERISA-required supplemental schedule and the Form 5500
- The form and content of the related auditor's report
- "Limited-Scope Audits" now referred to as ERISA section 103(a)(3)(C) audits

In addition, in July 2019, the AICPA Auditing Standards Board (ASB) issued Statement on Auditing Standards (SAS) No. 137, the Auditors Responsibilities Relating to Other Information Included in Annual Reports.

SAS No. 137 clarifies the scope of documents that the auditor is required to subject to the procedures and states that though a document may be referred to as an annual report, such document may not meet the definition of an annual report for purposes of SAS.

The determination as to which documents constitute the entity's annual report is often difficult when the entity does not have a regulatory requirement to prepare an annual report or a framework that dictates what that annual report should contain, SAS No. 1347 includes a requirement for the auditor, through discussion with management, to determine and obtain management's written acknowledgment regarding which document or documents comprise the annual report. This is intended to ensure that both the auditor and management understand the documents that are considered the entity's annual report and therefore are subject to the auditor's procedures.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

SAS No. 136 and 137 is effective for audits of financial statements for periods ending on or after December 15, 2020. Early implementation is not permitted. SAS No. 141 approved in May 2020 by the Auditing Standards Board (ASB), deferred effective dates to periods ending on or after December 15, 2021, with early adoption now permitted.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The Plan's administrator assigns levels and categories to the Plan's investments.

Level 1: Quoted prices in active markets for identical assets or liabilities at the measurement date. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2: Observable inputs other than quoted prices for the assets, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the Plan. This may include matrix pricing, yield curves and indices. No Level 2 inputs were available to the Plan.

Level 3: Unobservable inputs that reflects the Plan's own assumptions about the assumptions market participants would use to price an asset based on the best information available in the circumstances. No Level 3 inputs were available to the Plan.

The Plan's investments are reported at fair value as follows:

Decmber 31, 2020	Level 1	Fair Value
Mutual funds	$ 567,476	$ 567,476
Total investments at fair value		$ 567,476

Decmber 31, 2019	Level 1	Fair Value
Mutual funds	$ 298,296	$ 298,296
Total investments at fair value		$ 298,296

4. GUARANTEED INVESTMENT CONTRACT

In 2020, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya) totaling $83,399 for 2020 and $0 for 2019. Voya maintains the contributions in a general fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contact value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) and uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement with out the consent of the issuer.

5. RELATED PARTY TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Fees paid by the Plan for recordkeeping services amounted to $16,371 for the year ended December 31, 2020. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

6. TAX STATUS

The Internal Revenue Service (IRS) has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). Although the Plans has been amended, the plan administrator believes the Plan document is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2017.

7. PLAN TERMINATION

Although there has not been any expressed intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, each participant will become 100% vested in their accounts, after the payment of all administrative expenses and benefits previously approved. Each participant will receive a portion of the total remaining assets in the same ratio as his or her account bears to the aggregate amount of all participants' accounts.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the trustee of the Plan, has certified to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits and Note 3 as of December 31, 2020 and 2019, and on the schedule of assets (held at end of year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

10. CARES ACT AND SECURE ACT

The Plan will implement certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, amount others, allowing certain eligible individuals to receive Coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a late date in accordance with applicable law and IRS guidance.

11. EVALUATION OF SUBSEQUENT EVENTS

The Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 22, 2021, which is the date the financial statements were available to be issued.
