Note 1 – Description of Plan

The following description of the Commercial Vehicle Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's.

General

The Plan is a defined contribution plan covering substantially all employees of Commercial Vehicle Group, Inc. and its subsidiaries listed below (collectively the "Company"), who are 18 years of age and are not covered by a collective bargaining agreement.

- Mayflower Vehicle Systems, LLC
- Trim Systems Operating Corp.
- CVG Management Corp.
- Sprague Devices, Inc.
- Cabarrus Plastics, Inc.
- National Seating Company
- Monona Wire Corporation
- Monona Mexico Holdings, LLC
- Bostrom Seating, Inc.

Employees are eligible to enter the Plan on the first day of each month after one month of service. Effective January 1, 2015, the Plan was amended to include an auto-enrollment feature. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan was created on April 1, 2006 and was initially funded through the merger and transfer of assets from other plans sponsored by the Company and its subsidiaries.

Contributions

Each year, participants may contribute a percentage of pre-tax annual compensation, a maximum of 75% as defined by the Plan, up to the maximum annual limitation per the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct these contributions into various investment options offered by the Plan. The Company may, as its discretion, make matching contributions to the Plan, as well as an additional discretionary contribution. Effective January 1, 2015, the Plan was amended to become safe harbor plan. The Company made matching contributions equal to 100% of the first 3% of compensation and 50% of the next 2% of compensation that a participant contributed to the Plan through May 18, 2020. As of May 18, 2020 through December 31, 2020, the Plan froze all matching contributions. The safe harbor match was reinstated on January 1, 2021. No discretionary contributions were made during the year ended December 31, 2020. Company contributions are invested in a manner consistent with the participants contributions. Contributions are subject to certain limitations.

Note 1 – Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's own contributions and allocations of (a) the Company's contribution, if any, and (b) the Plan's earnings and charged with an allocation of administrative expenses and his or her withdrawals. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions and employer matching contributions plus actual earnings thereon. Participants become 33% vested each year for Company discretionary contribution based on years of continuous service. A participant is 100% vested after three years of credited service, as defined. Participants are 100% vested in their accounts in cases of death, disability or normal retirement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one outstanding loan per participant is permitted. The maximum loan term allowed is five years, unless the loan is for the purchase of the participant's principal residence in which case the loan term may not exceed ten years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the trustee and range from 4.25% to 8.50% at December 31, 2020. Principal and interest are paid ratably through payroll deductions.

Coronavirus Aid, Relief, and Economic Security Act

In April 2020, the Plan operationally adopted the changes permitted by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") allowing participants to receive Coronavirus related distributions and loans and suspended required minimum distributions during the year ended December 31, 2020.

Payment of Benefits

Upon termination, participants or beneficiaries will receive a single lump-sum payment in an amount equal to the value of the participant's vested account. Benefit payments are recorded when paid.

Forfeited Accounts

Forfeitures of non-vested Company matching contributions are used to first reduce administrative expenses and then to reduce future Company contributions payable under the Plan. Forfeited non-vested accounts totaled approximately $17,000 and $7,000 at December 31, 2020 and 2019, respectively. During the year ended December 31, 2020, approximately $600 of forfeitures were used to reduce employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employees' Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Risks and Uncertainties

The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with the corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Note 2 – Summary of Significant Accounting Policies (Continued)

Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 7, 2021, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Note 3 – Fair Value Measurements (Continued)

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 61,920,730**	**$ -**	**$ -**	**$ 61,920,730**

Note 4 – Unaudited Information – Certified Investments and Notes Receivable from Participants

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the December 31, 2020 and 2019 financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 –Tax Status

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS or Department of Labor; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 7 – Party-In-Interest Transactions

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan's assets. Therefore, these transactions qualify as party-in-interest.
