NOTE 1 - Description of Plan

The following brief description of the Morris Rothenberg & Son, Inc. Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all full-time employees of Morris Rothenberg & Son, Inc. (the "Company"), who have at least 1,000 hours of service with the employer during the Plan Year and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Employees, as defined, may participate in the Plan as of the next entry date (first day of the Plan Year) following the satisfaction of the Plan eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes non-elective safe harbor contributions to the Plan equal to 3% of eligible participants' compensation. In addition, the Company can make discretionary non-elective profit sharing contributions to participants meeting eligibility requirements. As of December 31, 2020, the Company made additional discretionary non-elective profit sharing contributions to the Plan equal to 12% of eligible participants' compensation. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, and Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, participant earnings (losses) or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's non-elective safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary non-elective profit sharing contributions is based on years of continuous service. A participant vests in the Company's non-elective profit sharing contributions as follows: 0% vested less than two years; 20% vested at two years; 40% vested at three years; 60% vested at four years; 80% vested at five years; and 100% vested at six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions. In response to the COVID-19 global pandemic ("COVID-19") and as permitted by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), qualified participants are permitted to temporarily defer loan repayments until January 1, 2021 on both new and existing loans.

Benefits Paid to Participants

On termination of service due to death, disability, or retirement, or any other causes, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than assumed life expectancy.

In addition, a participant may receive a payment of benefits, if they are still employed and eligible through an in-service withdrawal.

CARES Act

On March 27, 2020, Congress passed the CARES Act. The Plan was amended in September 2020 to implement certain changes provided for under the CARES Act which allow eligible participants to temporarily suspend required minimum distributions, receive COVID-19 related distributions, delay any loan repayments for up to one year from date of enactment of the CARES Act and increased the maximum loan amount. Total distributions made related to the CARES Act during the year ended December 31, 2020 were approximately $362,000.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled approximately $56,000 and $27,000, respectively. The forfeited non vested accounts can be used for Plan expenses and to make additional or reduce employer contributions to Plan participants. During the year ended December 31, 2020 and 2019, the employer made additional contributions from forfeited non vested accounts for approximately $27,000 and $58,000, respectively.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual basis of accounting and is in compliance with the Accounting Standards Codification (ASC) of the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net unrealized appreciation (depreciation), net realized gains (losses) on investments are recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan's management evaluated subsequent events through October 5, 2021, the date the financial statements were available to be issued.

NOTE 3 – Investments

During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,465,388.

Mutual Funds	$ 2,424,244
Common collective trust funds	41,144
Net appreciation in fair value of investments	$ 2,465,388

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used to measure fair value. There have been no changes in the techniques used to measure fair value during the years ended December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to

transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV per unit as determined by the collective trust as of the valuation date. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) of these investments may occur daily and have no restrictions, except for the Wells Fargo Stable Return Fund Class M. The Plan is required to provide a one-year redemption notice if it intends to liquidate its entire share in the Wells Fargo Stable Return Fund Class M and the fund requires that participants invest in a non-competing fund for at least 90 days before transferring to a competing fund option (money market fund or other fixed income funds). Subject to applicable legal and regulatory restrictions, the trustee, at its discretion, may impose reasonable notice requirements related to redemption of units in the Wells Fargo Stable Return Fund Class M.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020	
	Total	**Level 1**
Mutual funds	$ 24,399,012	$ 24,399,012
Money Market Account	156,431	156,431
Total in the fair value hierarchy	24,555,443	24,555,443
(a) Common collective trust fund (NAV)	2,172,093	-
Total	$ 26,727,536	$ 24,555,443

	Assets at Fair Value as of December 31, 2019	
	Total	**Level 1**
Mutual funds	$ 21,063,041	$ 21,063,041
Money Market Account	58,279	58,279
Total in the fair value hierarchy	21,121,320	21,121,320
(a) Common collective trust fund (NAV)	1,978,601	-
Total	$ 23,099,921	$ 21,121,320

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Return Fund Class M	$ 2,172,093	n/a	Daily	12 months

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Return Fund Class M	$ 1,978,601	n/a	Daily	12 months

NOTE 5 - Information Certified by the Trustee (Unaudited)

In accordance with the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA, the trustee has provided and certified that the following information included in the financial statements and supplemental schedule is complete and accurate at December 31, 2020 and 2019 and for the years then ended:

- Statement of Net Assets Available for Benefits - all investments and notes receivable from participants.
- Statement of Changes in Net Assets Available for Benefits -net appreciation in fair value of investments, interest income and dividends.
- Supplemental Schedule – all investments and notes receivable from participants.

NOTE 6 - Related Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

NOTE 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer's contributions allocated to their account.

NOTE 8 – Income Tax Status

The Plan obtained its opinion letter on a prototype plan approved by the Internal Revenue Service (the "IRS"), effective August 31, 2001. The IRS stated that the prototype plan and related trust, as designed, was in compliance with the applicable sections of the Internal Revenue Code (the "Code").

Although the Plan has been amended since receiving the IRS opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 outbreak continues as of the date of this report. There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan’s statement of net assets available for benefits and statement of changes in net assets available for benefits. The Plan’s individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 global pandemic on its investment values in subsequent periods, if any, cannot be determined.

NOTE 1 - Description of Plan

The following brief description of the Morris Rothenberg & Son, Inc. Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all full-time employees of Morris Rothenberg & Son, Inc. (the "Company"), who have at least 1,000 hours of service with the employer during the Plan Year and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Employees, as defined, may participate in the Plan as of the next entry date (first day of the Plan Year) following the satisfaction of the Plan eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes non-elective safe harbor contributions to the Plan equal to 3% of eligible participants' compensation. In addition, the Company can make discretionary non-elective profit sharing contributions to participants meeting eligibility requirements. As of December 31, 2020, the Company made additional discretionary non-elective profit sharing contributions to the Plan equal to 12% of eligible participants' compensation. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, and Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, participant earnings (losses) or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's non-elective safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary non-elective profit sharing contributions is based on years of continuous service. A participant vests in the Company's non-elective profit sharing contributions as follows: 0% vested less than two years; 20% vested at two years; 40% vested at three years; 60% vested at four years; 80% vested at five years; and 100% vested at six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions. In response to the COVID-19 global pandemic ("COVID-19") and as permitted by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), qualified participants are permitted to temporarily defer loan repayments until January 1, 2021 on both new and existing loans.

Benefits Paid to Participants

On termination of service due to death, disability, or retirement, or any other causes, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than assumed life expectancy.

In addition, a participant may receive a payment of benefits, if they are still employed and eligible through an in-service withdrawal.

CARES Act

On March 27, 2020, Congress passed the CARES Act. The Plan was amended in September 2020 to implement certain changes provided for under the CARES Act which allow eligible participants to temporarily suspend required minimum distributions, receive COVID-19 related distributions, delay any loan repayments for up to one year from date of enactment of the CARES Act and increased the maximum loan amount. Total distributions made related to the CARES Act during the year ended December 31, 2020 were approximately $362,000.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled approximately $56,000 and $27,000, respectively. The forfeited non vested accounts can be used for Plan expenses and to make additional or reduce employer contributions to Plan participants. During the year ended December 31, 2020 and 2019, the employer made additional contributions from forfeited non vested accounts for approximately $27,000 and $58,000, respectively.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual basis of accounting and is in compliance with the Accounting Standards Codification (ASC) of the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net unrealized appreciation (depreciation), net realized gains (losses) on investments are recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan's management evaluated subsequent events through October 5, 2021, the date the financial statements were available to be issued.

NOTE 3 – Investments

During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,465,388.

Mutual Funds	$ 2,424,244
Common collective trust funds	41,144
Net appreciation in fair value of investments	$ 2,465,388

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used to measure fair value. There have been no changes in the techniques used to measure fair value during the years ended December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to

transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV per unit as determined by the collective trust as of the valuation date. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) of these investments may occur daily and have no restrictions, except for the Wells Fargo Stable Return Fund Class M. The Plan is required to provide a one-year redemption notice if it intends to liquidate its entire share in the Wells Fargo Stable Return Fund Class M and the fund requires that participants invest in a non-competing fund for at least 90 days before transferring to a competing fund option (money market fund or other fixed income funds). Subject to applicable legal and regulatory restrictions, the trustee, at its discretion, may impose reasonable notice requirements related to redemption of units in the Wells Fargo Stable Return Fund Class M.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020	
	Total	**Level 1**
Mutual funds	$ 24,399,012	$ 24,399,012
Money Market Account	156,431	156,431
Total in the fair value hierarchy	24,555,443	24,555,443
(a) Common collective trust fund (NAV)	2,172,093	-
Total	$ 26,727,536	$ 24,555,443

	Assets at Fair Value as of December 31, 2019	
	Total	**Level 1**
Mutual funds	$ 21,063,041	$ 21,063,041
Money Market Account	58,279	58,279
Total in the fair value hierarchy	21,121,320	21,121,320
(a) Common collective trust fund (NAV)	1,978,601	-
Total	$ 23,099,921	$ 21,121,320

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Return Fund Class M	$ 2,172,093	n/a	Daily	12 months

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Return Fund Class M	$ 1,978,601	n/a	Daily	12 months

NOTE 5 - Information Certified by the Trustee (Unaudited)

In accordance with the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA, the trustee has provided and certified that the following information included in the financial statements and supplemental schedule is complete and accurate at December 31, 2020 and 2019 and for the years then ended:

- Statement of Net Assets Available for Benefits - all investments and notes receivable from participants.
- Statement of Changes in Net Assets Available for Benefits -net appreciation in fair value of investments, interest income and dividends.
- Supplemental Schedule – all investments and notes receivable from participants.

NOTE 6 - Related Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

NOTE 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer's contributions allocated to their account.

NOTE 8 – Income Tax Status

The Plan obtained its opinion letter on a prototype plan approved by the Internal Revenue Service (the "IRS"), effective August 31, 2001. The IRS stated that the prototype plan and related trust, as designed, was in compliance with the applicable sections of the Internal Revenue Code (the "Code").

Although the Plan has been amended since receiving the IRS opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 outbreak continues as of the date of this report. There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan’s statement of net assets available for benefits and statement of changes in net assets available for benefits. The Plan’s individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 global pandemic on its investment values in subsequent periods, if any, cannot be determined.
