NOTE 1: DESCRIPTION OF PLAN

The following description of the Covance 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

Plan Description

The Plan is a defined contribution plan qualified under Section 401(k) of the Internal Revenue Code (“IRC”). Covance Inc. (the “Company” or “Plan Sponsor”) employees who are working in the United States and have completed one hour of service with the Company are eligible to participate in the Plan, except for those with collective bargaining rights, unless negotiated, leased employees, or individuals classified as independent contractors. During 2020 and 2019, Fidelity Management Trust Company (“Fidelity”) served as the Plan’s trustee (the “Trustee”), and Fidelity Workplace Services LLC served as the Plan’s recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Transfer and Plan Merger

On June 11, 2018, the Company acquired Sciformix Corporation. In April 2020, employees of the Sciformix Corporation who participated in the TriNet 401(k) Plan transferred their account balances into the Plan, which totaled \$906.

On July 7, 2020, the Compensation Committee of the Board of Directors of the Laboratory Corporation of America approved the merger of the Covance 401(k) Savings Plan and the Laboratory Corporation of America Holdings Employees’ Retirement Savings Plan. During 2020, account balances totaling \$1,567,875 were transferred from the Covance 401(k) Savings Plan to the Laboratory Corporation of America Holdings Employees’ Retirement Savings Plan.

Contributions

Each participant may contribute any whole percentage of their eligible compensation between 1% and 50%, subject to annual Internal Revenue Service (“IRS”) limitations. The Plan permits pretax, after-tax, and Roth contributions. Upon meeting eligibility requirements, if employees do not affirmatively elect or decline to participate in the Plan, they will be automatically enrolled in the Plan one month after their hire dates at an initial contribution rate of 3% of their eligible compensation. For participants who are automatically enrolled in the Plan, the contribution rate will increase by 1% annually to a maximum of 6%. Participants have the option to cancel their automatic enrollment at any time. Participants who are age 50 or older are eligible to make catch-up contributions. Rollover contributions from other qualified plans are allowed.

NOTE 1: DESCRIPTION OF PLAN (continued)

The Company makes a matching contribution to the Plan equal to two times each participant's contribution for the first 1% of eligible compensation contributed to the Plan and 50% of each additional 1% of each participant's eligible compensation contributed to the Plan up to an additional 5%, resulting in a maximum matching contribution of 4.5% for a participant who contributes 6% or more of their eligible compensation. Participants are eligible to receive a matching contribution as of the first pay period commencing after the completion of 180 days of employment with the Company.

The Company may make a discretionary contribution to the Plan (the "Discretionary Contribution") in any year, which would be allocable equally to all eligible participants employed by the Company at the end of the plan year, provided that any such Discretionary Contribution for any plan year may only be made out of current or accumulated Company earnings and profits, and may not exceed the maximum allowable as a deduction by the Company under Section 404 of the IRC. No such Discretionary Contribution was made to the Plan for the year ended December 31, 2020.

Participants may elect to have their contributions and Company matching contributions invested in any one or a combination of select funds offered by Fidelity in accordance with the plan document.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 25%, 50%, and 100% vested in Company contributions after two, three, and four years of service. Participants become 100% vested in Company contributions regardless of years of service upon reaching age 65 or in the event of total and permanent disability or death.

NOTE 1: DESCRIPTION OF PLAN (continued)

Forfeited Accounts

As of December 31, 2019, forfeited nonvested accounts totaled \$12. These accounts represent nonvested matching contributions of participants who have terminated their employment with the Company and will be used to reduce future employer contributions and/or to pay Plan administrative expenses. In 2020, employer contributions were reduced by \$2,327 from forfeited nonvested accounts and forfeited nonvested accounts totaling \$85 were transferred from the Covance 401(k) Savings Plan to the Laboratory Corporation of America Holdings Employees' Retirement Savings Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1 up to a maximum equal to the lesser of \$50 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the federal Prime rate at the time of the loan. A participant may have up to two loans outstanding at any time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Each participant is entitled to receive the balance of their account upon retirement on or after age 65, or in the event of total and permanent disability or death. In addition, upon termination of employment with the Company, a participant may elect to be paid a lump-sum amount equal to the value of the vested portion of their account balance. Participants entitled to a distribution of benefits with a vested account balance of \$1 or less will automatically receive a lump-sum payment. If the balance of a participant's account exceeds \$1, they can elect to receive either an immediate distribution or defer taking a distribution (but not beyond age 72). Payments shall be distributed in cash, except to the extent that a participant had previously elected otherwise under the terms of the Plan in effect at the time of such election.

NOTE 1: DESCRIPTION OF PLAN (concluded)

Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act, which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions of up to \$100 from the Plan beginning on or after January 1, 2020, and before December 31, 2020, allow loans up to the lesser of \$100 or 100% of the participant’s account balance during the 180-day period beginning March 27, 2020, allow relief for loan repayment, and suspend required minimum distributions for 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except fully benefit-responsive contracts, which are recorded at contract value. The Fidelity Managed Income Portfolio II Fund (“MIP II Fund”) is valued using net asset value (“NAV”) as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. See Note 5 for discussion of the investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Trustee and recordkeeping fees incurred in connection with the general administration of the Plan that are paid by the Plan are included in administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements, including investments held and notes receivable from participants as of December 31, 2019, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

On January 1, 2020, the Plan adopted Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"), which modified the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. The adoption of ASU 2018-13 did not have a material effect on the Plan's financial statements.

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily NAV and to transact at that price. These funds held by the Plan are deemed to be actively traded.

COVANCE 401(K) SAVINGS PLAN

(Dollars in Thousands)

NOTE 4: FAIR VALUE MEASUREMENTS (concluded)

Collective trust funds - Valued based on the underlying unit value as provided by the Trustee. Valuation of the funds' units is published daily and is the basis for current transactions. Unit values are determined by dividing the value of each fund's net assets by the total number of participants' units outstanding on the valuation date. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

Due to the Plan merger (see Note 1), there were no investments in the Plan as of December 31, 2020. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 227,727	\$ -	\$ -	\$ 227,727
Collective trust funds	-	1,000,155	-	1,000,155
Investments measured at fair value	227,727	1,000,155	-	1,227,882
Investment measured using NAV as a practical expedient	-	-	-	68,914
Total investments at fair value	\$ 227,727	\$ 1,000,155	\$ -	\$ 1,296,796

Investment Valued Using NAV as a Practical Expedient

As of December 31, 2019, the fair value of the MIP II Fund, valued using NAV as a practical expedient, totaled \$68,914. The fund provided for periodic redemptions ranging from daily to annually. There were no unfunded commitments. Were the Plan to initiate a full redemption of the MIP II Fund, the investment advisor reserved the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner.

NOTE 5: INVESTMENT AT CONTRACT VALUE

During 2019, certain participants invested in a fully benefit-responsive guaranteed investment contract. The contributions were maintained in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants directed the withdrawal or transfer of all or a portion of their investments at contract value. The investment was liquidated during 2020 and the agreement was terminated.

NOTE 6: RELATED PARTY TRANSACTIONS

The Plan invests in certain funds managed by the Trustee. These transactions qualify as party in interest transactions that are exempt from the prohibited transactions rules under ERISA.

The Plan made direct payments to the Trustee of \$772, direct payments to an investment advisor of \$449, and direct payments to other service providers of \$35, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 7: INCOME TAX STATUS

The Plan obtained a determination letter dated September 26, 2013, in which the IRS stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset), if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities.

NOTE 8: SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through October 5, 2021, the date these financial statements were available for issuance, and has determined that no events have occurred that would require adjustment to or disclosure in these financial statements.
