DPT LABORATORIES, LTD. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2020 AND 2019 AND FOR THE YEAR ENDED DECEMBER 31, 2020

1. DESCRIPTION OF THE PLAN

The following description of the DPT Laboratories, LTD. 401(k) Plan ("the Plan") provides only general information. For a complete description of the Plan, please refer to the Plan document.

General — In June 2016, Mylan Inc. ("Mylan" or the "Company") acquired the net assets of DPT Laboratories, LTD ("DPT Labs"), as a component of Mylan's acquisition of the non-sterile, topicals-focused business of Renaissance Acquisition Holdings, LLC ("Renaissance"). In connection with the acquisition of DPT Labs, Mylan became the Plan Administrator. DPT Labs is the Plan Sponsor.

On July 29, 2019, Mylan Inc. ("Mylan"), Pfizer Inc. ("Pfizer"), Upjohn Inc. (the "Upjohn Business"), a wholly-owned subsidiary of Pfizer, and certain other affiliated entities entered into a Business Combination Agreement pursuant to which Mylan would combine with the Upjohn Business in a Reverse Morris Trust transaction (the "Combination"). The Combination was completed on November 16, 2020 and the combined company was renamed Viatris, Inc. ("Viatris"). As a result of such merger, DPT Labs became a wholly owned subsidiary of Viatris, Inc.

The Plan is a defined contribution plan that covers substantially all employees of DPT Labs and affiliated companies participating in the Plan who have completed 30 days of service and are age 18 or older. Certain employees of the Company are members of a union that provides retirement benefits. These employees are not eligible to participate in the Plan. Eligible participants are automatically enrolled in the Plan once they have completed 30 days of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions — The Company may, at its discretion, make a primary matching contribution of the participant's contribution, limited to 5% of the participant's annual compensation, as defined by the Plan and contributions will be invested in the JP Morgan target fund that most closely corresponds to the employee's retirement age. For 2020, the Company matched 50% of the participant's contribution up to 5% of the participant's annual compensation. Participants eligible to receive matching contributions are those who are employed on December 31 for the respective year, was on a leave of absence on the last day of the plan year, or died or became disabled while an employee or terminated employment after attaining early or normal retirement age. Secondary profit sharing amounts may be contributed at the option of the Company's Board of Directors. No secondary profit sharing amounts were made for 2020. Company contributions are subject to certain limitations.

Participants may elect to contribute up to the annual maximum amount allowed by the Internal Revenue Code ("IRC"). The Plan contains an automatic deferral feature in which the participant will be automatically entered into the Plan, once eligible, at a contribution rate of 5% of compensation, as defined by the Plan. The Plan offers various investment options for participants. Participants can make an election not to participate, or choose a different percentage deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make additional contributions in accordance with the IRC guidelines. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective April 1, 2020, the Plan permits roth contributions and in-plan roth rollovers. Additionally rollover contributions from pre-tax distributions from annuity contracts under IRC 403(b), roth distributions and in-plan roth rollovers from qualified plans are permitted.

Trustee and Recordkeeper — The Plan's assets are held by Bank of America N.A. (the "Trustee"). The recordkeeper of the Plan is Merrill Lynch, Pierce, Fenner, and Smith Incorporated (the "Recordkeeper").

Participant Accounts — Participants direct the investment of their contributions into various fund options offered by the Plan. Participants can change their investment options on a daily basis. If a participant is automatically enrolled, the participant's contributions are invested in the applicable life cycle fund based on the participant's age until the participant changes the investment election. Company contributions are allocated to the participant's investment options in the same manner as that of the participant's elective contributions.

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company matching contributions have a graded vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 1 year	— %
1 year	25 %
2 years	50 %
3 years	75 %
4 years	100 %

Notes Receivable From Participants — Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan administrator. Principal and interest are paid through payroll deductions. The maximum term of a loan is 30 years for primary residence loans and five years for other general purpose loans.

During 2020, under the Coronavirus Aid, Relief and Economic Security Act (CARES Act), the Plan elected to increase the maximum loan amount to the lesser of $100,000 or 100% of the vested account balance for loans taken between March 27, 2020 and September 23, 2020. Also, participants who had loans due from March 27, 2020 through December 31, 2020 could delay their repayments and extend the term for up to one year.

Payment of Benefits — On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or periodic payments as defined by the Plan. Any balance under $5,000 is automatically paid out as soon as administratively possible. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are also available subject to certain limitations.

During 2020, the Plan elected to adopt the hardship provision associated with the CARES Act. Under this provision, the additional 10% tax for early withdrawals is waived for hardship distributions related to participants diagnosed with COVID-19, participants with a spouse or dependent diagnosed with COVID-19, and participants who have experienced adverse financial consequences as a result of COVID-19. Participants who meet one of these requirements may withdrawal up to $100,000; may spread the tax on income due to the distribution over three years; and may repay the amount to the Plan over the next three years.

Under the CARES Act, all required minimum distributions were waived for calendar year 2020, including participants who turned 70 1/2 during 2019 and did not take their distribution prior to January 1, 2020.

Forfeitures — Participant forfeitures of nonvested balances will be used to reduce future expenses of the Plan and employer contributions. In the event there are Plan expenses or employer contributions for which the forfeitures can be used, the forfeitures are allocated annually to the participants per the Plan document. During 2020, no employer contributions were reduced from forfeited nonvested accounts. At December 31, 2020 and 2019, the forfeiture balance was not significant.

Administrative Expenses — Administrative expenses may be paid by either the Plan sponsor or the Plan, as provided by the Plan document. Loan administration fees are paid by the participant electing the loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with U.S. GAAP.

Use of Estimates — The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes Receivable From Participants — Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses have been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits — Benefits are recorded when paid.

3. INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE (UNAUDITED)

The Trustee of the Plan's assets has certified, as complete and accurate, the following unaudited information:

	December 31, 2020	December 31, 2019
Statements of net assets available for benefits:		
Investments at fair value:		
Cash and Cash Equivalents	$ 292	$ 662

Common/Collective Trusts	32,460,808	30,936,115
Notes receivable from participants	2,300,866	2,585,532

	For the Year Ended December 31, 2020
Statement of changes in net assets available for benefits:	
Dividend income	$ 1,929,362
Net appreciation in fair value of investments	6,318,371
Interest income on notes receivable from participants	175,090

The Trustee has certified all investment information in Note 4, excluding the classification and level of investments, and the supplemental schedule.

4. INVESTMENTS (FAIR VALUE MEASUREMENTS)

Financial Accounting Standards Board's ("FASB's") Accounting Standards Codification ("ASC"), *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB's ASC, *Fair Value Measurement and Disclosures*, are described below:

Level 1 — Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2 — Inputs to the valuation methodology are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability. None of the Plan's financial assets measured at fair value on a recurring basis are valued using Level 2 inputs.

Level 3 — Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs. None of the Plan's financial assets measured at fair value on a recurring basis are valued using Level 3 inputs.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value are classified in the tables below:

	December 31, 2020	
	Level 1	Total
Cash and Cash Equivalents	$ 292	$ 292
Mutual Funds	37,341,347	37,341,347
Total Assets in the Fair Value Hierarchy	37,341,639	37,341,639
Investments Measured at Net Asset Value [1]		
Common/Collective Trusts	—	32,460,808
Total Assets at Fair Value	$ 37,341,639	$ 69,802,447

	December 31, 2019	
	Level 1	Total
Cash and Cash Equivalents	$ 662	$ 662
Mutual Funds	34,676,589	34,676,589
Total Assets in the Fair Value Hierarchy	34,677,251	34,677,251
Investments Measured at Net Asset Value [1]		
Common/Collective Trusts	—	30,936,115
Total Assets at Fair Value	$ 34,677,251	$ 65,613,366

[1] In accordance with ASU 2015-07, certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified on the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy.

At December 31, 2020 and 2019, there were no liabilities held by the Plan. While the Plan believes its valuation methods used to assess the classification of financial instruments within the hierarchy are appropriate, the use of different methodologies or assumptions could result in a change in a financial instrument's fair value tier from year to year. In such instances, a transfer would be reported at the beginning of the reporting period.

Following is a description of the valuation methodology used for assets measured at fair value.

- *Cash and cash equivalents* — The Company considers to be cash and cash equivalents all highly liquid investments and demand deposits in banks and financial institutions with an initial maturity of 90 days or less.
- *Mutual funds* — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Common/collective trusts* — Valued at the net asset value (NAV) of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The redemption frequency of assets for which fair value is estimated using NAV per share is immediate, and there is no redemption notice period. There are no unfunded commitments at December 31, 2020 and 2019. At December 31, 2020, the Plan invested in the following collective funds: Northern Trust S&P 500 Tier 3, Northern Trust Collective EAFE Index Tier 3, Northern Trust S&P MCAP Tier 3, and the Wells Fargo Stable Value Fund CL E. At December 31, 2019 the Plan invested in the following collective funds: Norther Trust CL EAFE Index Fund II, Northern Trust CL S&P 400 Index II, Northern Trust CL S&P 500 Index II, and Wells Fargo Stable Value Fund CL E.

  The Plan transferred the assets in Northern Trust CL EAFE Index Fund II, Northern Trust CL S&P 400 Index II, Northern Trust CL S&P 500 Index II into Northern Trust S&P 500 Tier 3, Northern Trust Collective EAFE Index Tier 3, and Northern Trust S&P MCAP Tier 3 in 2020. These funds invest in a diversified pool of high quality stocks, bonds, and other short-term investments, together with book value contracts and guaranteed investment contracts, of varying maturity, size and yield.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Merrill Lynch, Pierce, Fenner, and Smith Incorporated. Merrill Lynch, Pierce, Fenner, and Smith Incorporated is the recordkeeper of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. At December 31, 2020 and 2019, the Plan held $292 and $662 respectively, of cash and cash equivalents maintained by BlackRock Liquidity Fund which is managed by Merrill Lynch, Pierce, Fenner, and Smith Incorporated.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan sponsor contributions.

7. TAX STATUS

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan Administrator has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

The Plan adopted a standardized form of a prototype Plan with Merrill Lynch, Peirce, Fenner and Smith Incorporated. The prototype plan received an opinion letter from the IRS dated March 31, 2014 as to the prototype Plan's qualified status.

The Plan has been amended subsequent to receiving the letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions to the IRC.

8. RISKS AND UNCERTAINTIES

The Plan invests in various types of investments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 6, 2021, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements.
